

# NEWS FROM CITY HALL AND COUNCIL MEETING

## Action on Request for More Firemen Deferred—Mayor O'Donnell Back From Ideal Auto Trip

The matter of transferring the sum of \$3500 from an appropriation for the purchase of an automobile truck chassis to the regular fire department appropriation in order to allow Commissioner Putnam to appoint four or five new firemen, was again taken up at this morning's meeting of the municipal council and again action was deferred. Commissioner Putnam has been asked to supply the council with a list of expenses, and stock on hand since the first of the year and also a list of what will be needed and the expenses for the remainder of the year. The Honorable Councilman asked the council to be heard on the matter of a bill for paving blocks which the company alleges, was never paid. Continued to page fifteen

# NARROW ESCAPE NEW RECRUITS APPLY

## An Automobile Turned Turtle on Lawrence Boulevard at Elmsere

Two young men had a miraculous escape from death early this morning when the machine in which they were riding turned turtle on the state boulevard at Elmsere, Draent. Fortunately neither of the men was pinned underneath the car and after it had turned completely over, they crawled out from under it. One of the men sustained a slight injury to his arm when he struck the ground and the other was shaken up but showed no signs of external injuries. The machine was a touring car of the Ford type owned and driven by George Inaway of 230 Fletcher street, this city. He and a companion were driving toward Lawrence. They left this city about 5:30 o'clock and were traveling over the boulevard at a fairly good speed. When near the home of Charles H. Bull in Elmsere, the machine suddenly whirled around once or twice, struck the embankment and then overturned. The top was not up and the machine lay on the road with the four wheels in the air. Mr. Bull was probably the first on the scene of the accident. He was upstairs when he heard the crash and upon looking out saw the machine upside down with one man crawling from under it. He hurried downstairs and when he reached the road, the two men were standing looking at the machine. One of the men had a bruised arm and he was taken into Mr. Bull's house and treated. The other telephoned to a garage for assistance. The windshield, steering gear and other parts of the car were damaged. Applied the Emergency Quick action by Charles H. Bull of Elmsere, who has a place of business in Market street, averted an automobile accident on the Centralville bridge this noon. Mr. Bull was driving across the bridge when a man stepped directly in front of the machine and stood still. The pedestrian turned his back and did not appear to realize that he was standing in the street, despite the fact that the auto was within a few feet of him. Mr. Bull was driving at a moderate speed and by applying the emergency brake brought his car to a stop without striking the man.

# IN POLICE COURT

## Judge Fisher Hears the Details of a Peculiar Larceny Case

A rather unusual larceny case was aired before Judge Fisher in police court this morning. William H. Park being charged with the larceny of \$165 in money from Louis Wisenberg. During the course of the trial it was brought out that Park had used his employer's money to gamble with, had lost about \$150 and then stole back part of the money he had lost from the man who had won it. The court after hearing the testimony in the case found the defendant guilty. Charles A. Donahue appeared for the defendant while the complainant was represented by A. S. Goldman. Park belongs in Portland, Me., but of late has been living in Lawrence and is employed by a Boston tea concern. Continued to page seven

CHALIFOUX'S ON THE SQUARE

Close your eyes to quality and the world is full of cheap things. But with your eyes open, the real good things are few and far between. When we buy our goods, we look sharp for quality and workmanship. If they are right, we see about the price; if not, ten cents on a dollar would not tempt us to buy, for we have a reputation at stake. If you buy merchandise here, it's right; no matter how little you pay for it, it's right.

## Delicacy of Railroad Situation Causes Suspension of Order to Vermont, Kentucky and Ohio Troops to Proceed to Border—Railroads Said to Be Ready to Concede Principle of Eight Hour Day

WASHINGTON, Aug. 15.—Orders for the militia at the Mexican border were received this morning by the recruiting officers stationed at the Lowell armory. They were: Joseph Marcotte, 462 Suffolk street, aged 33 years. He desires to enlist in the 3d Co., Ninth regiment, Inf., N. G. Mass. August Geoffroy, Draent, aged 35 years. He also applied to enlist in M. Co. Charles Fortier, 73 Dalton street, who enlisted in M. Co. Fortier was examined by Dr. R. W. Parker, passed and will go to Fort Banks tomorrow morning. According to an announcement made by Sergt. J. M. Heiser, Corp. J. B. Gill and Private G. W. Draper, the local recruiting officers, they have been given authority by the war department to enlist for Troop A, Mass. N. G., one cook, one horse shoer and one saddler. Musicians are needed in all the bands and those accepted will receive extra pay. Sergt. Heiser and Corp. Gill motored on the latter's motorcycle to Ayer, Shirley, Fitchburg and Leominster yesterday, and made arrangements to examine recruits in those places. In order to assist in the work, the Merrimack Square theatre is running a slide to the effect that recruiting is going on here. The recruiting office at the state armory, Westford street, is open from 8 a. m. until 7:30 p. m., during which time there will be someone ready to answer all questions regarding enlistments for service at the border. All recruits who pass the medical officers' examination are forwarded to Fort Banks immediately, properly equipped and then sent for duty at the border.

# IMMUNE TO PARALYSIS DR. ZINGHER URGES USE OF BLOOD SERUM OBTAINED FROM PARENTS

NEW YORK, Aug. 15.—Family physicians were advised today by Dr. Abraham Zingher of Willard-Parker hospital, to try the use of "normal" blood serum obtained from parents as a method of rendering their children immune to infantile paralysis. Many cases of this disease have been treated in Willard-Parker hospital during the present epidemic. The theory on which Dr. Zingher and his assistants are working is that the blood of the normal adult contains the anti-bodies which neutralize the virus of infantile paralysis. Some physicians believe the presence of these anti-bodies is due to the fact that the parents have had the disease in an unrecognized form. It is stated that if the theory of the anti-bodies is correct, the blood serum treatment may prove as effective in preventing infantile paralysis as vaccination is in preventing typhoid. "The treatment is entirely harmless and the experiment is worth trying," said Dr. Zingher. "It can be administered by any reputable family physician." "The theory is based on the fact that a very large portion of adults apparently are immune to the disease, although a few of them contract it, and on the fact that children in the nursing period seldom are victims. It appears likely the children carry the immunity of the parents." TURN FOR THE WORST NEW YORK, Aug. 15.—The epidemic of infantile paralysis has taken a turn for the worst despite the continuation of unusual cool weather. During the 24 hours ending at 10 a. m. today, 163 new cases of the disease and 29 deaths were reported to the health department. This is an increase in new cases of nearly 100 per cent over yesterday's figures, which showed 95 were stricken with the plague and 21 deaths. Since the epidemic began there have been 6532 cases and 1403 deaths. New Jersey's state-wide quarantine against the plague was put into effect today. Special guards were placed at all terminal points to prevent children under 16 years of age from entering the state. Building operations on many of the large private estates have been suspended. 15 Patients Released For the first time since the inception of the epidemic 15 patients who contracted the disease were today discharged from hospitals as recovered. 94 CASES IN MASSACHUSETTS BOSTON, Aug. 15.—Thirteen cases of infantile paralysis were reported today to the state department of health, making a total of 94 in this state since August 1, as against 117 in July.

# ITALIAN WARSHIP BLOWS UP—300 OF CREW DROWNED

## The Italian Dreadnought Leonardo da Vina Caught Fire and Blew Up in Harbor of Taranto, Italy

PARIS, Aug. 15, 3:15 a. m.—The Italian dreadnought Leonardo da Vinci caught fire and blew up in the harbor of Taranto, Italy, and 300 of her crew were drowned, says a Turin despatch to the Petit Journal. The date of the disaster is given only as a day in August. The fire, says the despatch, was discovered in the dreadnought's kitchen and spread rapidly. The captain immediately ordered the magazines flooded and tried to beach the battleship, but one magazine exploded before this could be done. The vessel turned over on her side and a large number of the crew were thrown into the sea. It is believed that the battleship can be righted and refloated. The Leonardo da Vinci was a sister ship of the Conte di Cavour and of the Giulio Cesare and was launched in October, 1911. Her displacement was 22,000 tons and she was 515 1/2 feet long, 91 1/2 feet beam and carried a total company of 957 men. Her main battery consisted of 13 12-inch guns and her secondary battery to stand off torpedo attack was composed of 15 4.7-in. guns. Her engines were of 24,000 horsepower designed to develop a speed of 22.5 knots. ITALIAN STEAMER SUNK LONDON, Aug. 15.—Lloyds reports the sinking of the 2500-ton Italian steamship Teti in the Mediterranean. Part of the crew was landed at Genoa. BRITISH DESTROYER TORPEDOED BERLIN, via London, Aug. 15.—A German submarine torpedoed the British torpedo boat destroyer Lasso Sunday morning, according to an admiral's statement issued yesterday. It is announced also that between Aug. 2 and 10, five British and French steamers and 16 British and French sailing craft were sent to the bottom by a German submarine. "One of our submarines Sunday morning torpedoed in the British channel the British torpedo boat destroyer Lasso." Another official announcement says: "One of our submarines torpedoed in the channel between the 2d and 10th of August seven British and three French sailing vessels and three British and two French steamers."

# ITALIAN VICTORIES IN AUSTRIAN TERRITORY

## Tolmino in Flames—Fall Near—Austrians Flee—Austrian Fleet Leaves Trieste—Kaiser in East

The Italians are making rapid strides in their drive on Austrian territory, both north and south of Gorizia, today's despatches indicate. In the former direction they have reached the suburb of Tolmino, 18 miles northeast of Gorizia, according to unofficial messages, which report the city on fire and in process of evacuation by the Austrians, its fall being momentarily expected. To the southeast, special despatches assert, the Italian advance guard has reached a point within 13 miles of Trieste. The greater part of the Austrian fleet is reported to have left the harbor of Trieste for an unknown destination. The Austrian naval base of Pola lies on the Adriatic, 55 miles south of Trieste. This would naturally be the refuge of any portion of the Austrian fleet which might be at Trieste when the safety of that city was considered to be menaced. Tolmino, a place of only some 2000 inhabitants before the war, has been of chief importance during the period of hostilities because of the strong bridgehead position established there by the Austrians in their system for the defense of the Isonzo region north of Gorizia. This bridgehead, considered generally next in importance to that of Gorizia has persistently resisted Italian attacks. The town itself, however, which has frequently been under Italian shell fire, has previously been reported abandoned by the Austrians, but these reports never have been confirmed. Kaiser Rushes to East Emperor William is again on the eastern front where the Austro-German armies are struggling desperately to withstand the heavy strokes of the

Russians in Galicia and Volhynia. In the latter region the opposing forces apparently are at a standstill, but in Galicia the onward sweep of General Brusiloff's forces is continuing with rapidity. Austrians Fleeing Back The Zlota Lipa line to which the Austrians fell back, after the forced evacuation of their positions along the Stripa, apparently is not destined to hold for any length of time. Petrograd today reports the Russians retreating to the western banks of the Zlota Lipa river at some points, thus menacing the flank of Gen. von Bohner's lines elsewhere along that stream. Gen. Letchitzky Continues Advance Further to the south Gen. Letchitzky is continuing his advance below Halycz across the Bystritsa-Slotovina line, while to the north, the Russians are moving along the upper Stripa upon the new positions which the Teutons have taken up to the west of their old line. British Regain Positions The Germans did not long hold possession of the trenches they recently recaptured from the British northwest of Pozieres on the Somme front in northern France, according to London. The British war office today reports the clearing of the Germans from nearly all the trenches in that region in which they gained a footing on Sunday. The French in the Verdun region have resumed their hammering tactics and, according to Paris, have captured German trenches in the Vaux-Fleury sector east of the Meuse, to a depth of 100 yards along a 300-yard front. # THE RE-DISTRICTING FIGHT

## Rules of Constitution Not Followed, Says Attwill—Suggests Special Session of Legislature

BOSTON, Aug. 15.—Attorney General Henry C. Attwill advised the governor and executive council today that, in his opinion, it would appear, the rules of apportionment as laid down by the constitution, had not been followed in the report of the apportionment commission for the re-districting of Suffolk county. The attorney general suggested that a special session of the legislature might be necessary to correct the situation and extend the final date for the filing of nomination papers for the September primaries, beyond the date now set, which is Aug. 15. He advised that, however, until the supreme court had passed on the question of the validity of the new apportionment. The matter was brought before the court yesterday when it issued an order restraining Secretary of State Langtry from preparing ballots for the primaries. On Friday the courts will hear arguments on the question of making the restraining writ permanent. The court action was instituted by republicans who alleged that the re-districting was done unfairly to the advantage of the democratic party.

GOLF CHAMPIONSHIP CHICAGO, Aug. 15.—Belated entries received today brought the field for the western open golf championship, which starts on Thursday in Milwaukee, up to 53. Tom McNamara, last year's champion, is not entered.

AT REVERE BEACH About 300 Lowell people left this city this morning on the semi-weekly Bay State excursion for Revere beach. Five special cars were filled by the Lowellites mostly women and children out for a day's outing.

## DYES ON DEUTSCHLAND

NEW YORK FIRM RECEIVES CONSIGNMENT—FIRST SINCE BEGINNING OF WAR

NEW YORK, Aug. 15.—The first consignment of dyes brought from Germany by the submarine freighter Deutschland has been received by a coloring company in this city and constitutes the first shipment of the kind to reach this city from German manufacturers since the beginning of the war.

Other dye-stuff users here received bills of lading for some of the Deutschland's cargo which is estimated to have included about 200 tons of dyes valued in excess of \$1,000,000.

It is reported that high prices are demanded for these dyes, but one of the consignees here said that it was absurd to believe that fabulous profits will be realized on their sale. He declared that the cost of the dyes in Germany is at least twice what it was before the war, that freight and insurance charges are three times as great, and that the dyes brought by the Deutschland were not in the form of paste, composed of ten and twenty per cent dye and the rest paste, but are 100 per cent dye.

The Chemist Says:

100% Pure Turkish Tobacco

10 Cents

I am a chemist.

I've smoked "Helmar" Turkish Cigarettes for many years—and they always taste so good.

The other day I decided to find out why—and analyzed a "Helmar."

Result—100% pure Turkish tobacco—nothing else.

No wonder "Helmar" tastes so good.

The mildest tobacco for cigarettes is Turkish.

The best tobacco for cigarettes is Turkish.

Don't pay ten cents for anybody's cigarette until you have tried "Helmar," a fascinating, elevating, gentleman's smoke.

## GOES TO SENATE

The New Revenue Bill  
Approved by Caucus  
Last Night

WASHINGTON, Aug. 15.—The revised administration revenue bill, which is expected to yield \$205,000,000 annually, was ready today for submission to the senate. It was finally approved by senate democrats in caucus last night

as amended by the finance committee.

The bill probably will be reported to the senate tomorrow and taken up for consideration as soon as the government shipping bill is disposed of.

Features of the revised measure are a surtax on incomes, an inheritance tax, a 10 per cent net profit tax on the manufacture of war munitions, a 5 per cent tax on manufacturers of materials entering into munitions, a corporation license tax, liquor taxes and miscellaneous taxes.

The measure retains the house provision for a non-partisan tariff commission, and provides for a tariff on coal tar dyestuffs.

## NAVAL PROGRAM

House Takes Up Conference Report on the Appropriation Bill

WASHINGTON, Aug. 15.—A lively fight was in prospect when the house took up today for final action the conference report on the naval appropriation bill carrying approximately \$315,800,000.

The principal contests ahead were over the senate building and personnel increases. These provide for construction of 157 ships in a three year program, including four battleships and four battle cruisers in 1917 and an enlisted strength of 74,400. It was regarded as virtually certain, however, that the increases would be agreed to.

Representative Kitchin of North Carolina, the majority leader, was on today's list of speakers in opposition to the adoption of the conference report.

## LOAN TO ENGLAND

Negotiations for New \$250,000,000 Loan Practically Complete

NEW YORK, Aug. 15.—Official announcement of a new \$250,000,000 loan to Great Britain, negotiations for which have been in progress for some time, probably will be made within a few days, it is stated in financial circles here. The loan, according to an unofficial summary of its terms, will be in the form of two year 3 per cent notes, secured by deposit of collateral. Unlike the Anglo-French loan, no conversion privilege will attach to the present loan, which will be a direct obligation of the British government.

It is said, however, to contain other features which will make it particularly attractive to banks, although it will be offered publicly.

The proceeds will presumably take care of Great Britain's financial obligations in this country for a considerable period. The amount of Great Britain's short term obligations here, now outstanding, will take up but a small proportion of the present loan, it is said, leaving the greater part to meet future payments on war materials in this country.

## DOLLAR DAY

WEDNESDAY

Firm in the belief that live newspapers are of more importance to a city than its city government, its chamber of commerce, or civic bodies, and to show in slight measure my appreciation of its endless, untiring efforts to help Lowell, I join the Lowell Board of Trade Dollar-Day whole heartedly and without stint.

Wednesday

To each purchaser leaving his order in my store for a Suit or Overcoat to measure I will make an extra pair of trousers for  
Special For Wednesday Only  
EXTRA PAIR TROUSERS TO ORDER

\$1.00

P. S.—Goods and linings are advancing every day and are now selling at prices undreamed of a little while ago. The country's best judges declare with certainty that they are going a great deal higher in price. This offer is made at a very difficult time to obtain merchandise, but anything sponsored by the Board of Trade is worthy of the best I have. The public may rest assured that only my usual high grade goods will be shown. My new fall goods, thousands of yards, are on my tables—nothing reserved, everything included. Pick out your fall suit Wednesday, get in on the trousers to match for One Dollar extra. You almost get two suits for the price of one, and take your suit when you want it—say September or October.

Signed, MITCHELL

MITCHELL, The Tailor

31 MERRIMACK SQUARE, LOWELL.

Joseph Osta of the Salem road, Billerica, and he took Miss Law to St. John's hospital where she received treatment. According to the story told the police, Miss Law was crossing the street when the automobile swung from Westford into Grand street and struck her.

The board of trade has learned that a canvass is being made of Lowell by people who claim to represent Boston business houses and are endeavoring to dispose of talking machines. Their method, it is said, is to leave a machine and get someone to sign a paper which provides for an assignment of wages. The board wishes to warn people not to do business with these canvassers as they have been known to charge high prices and cause much trouble to people who have done business with them.

## AUSTRALIAN WOOL YEAR

SYDNEY, Australia, Aug. 15.—The American demand was probably the most conspicuous feature of the statistical Australian wool year of 1915-16 during which Antipodean wool trade and prices for certain grades of the product reached figures never before known in Australia.

At the port of Sydney, the largest market for raw wool in the world, although a drought had prevailed over large areas of the state of New South Wales greatly reducing the flocks there was an increase in sales of over 154,000 bales and an increase in realizations of over \$2,250,000.

During the year in the Sydney market alone the United States more than doubled the quantity of wool taken during the previous year. The total shipments jumped from 32,000 bales in 1914-15 to 73,600 bales (estimated) in 1915-16. Japan and Italy were also heavy buyers. Had not the imperial embargo operated against American purchases just at the close of the year it is probable that the figures for that country would have been still larger.

## STABBED IN THE HEART

B. & M. TRACK WORKER MURDERED AFTER ARGUMENT OVER CUP OF COFFEE

SALEM, Aug. 15.—James Germon, a track worker on the Boston & Maine railroad, was stabbed in the heart with a table knife today after an argument over a cup of coffee and died within a half hour. Michael Loppio, also a track worker, was arrested by the police and held on a charge of murder.

# LOWELL CONCERN

Questions Asked as to Process Employed by the Gilet Company

The Gilet Carbonizing and Degreasing company of this city will occupy the Middleton paper mills at South Middleton and the news of the company's contemplated occupancy of the plant seems to be bothering the health departments of Salem and Ipswich.

Saturday's edition of the Salem Evening News contained an article in which the possible pollution of the Ipswich river was discussed at considerable length, and, in part, as follows:

Will the establishing of the Gilet Carbonizing and Degreasing Co.'s plant at the old Middleton paper mills property on the Ipswich river result in a menace to the health of Salem?

Will the company, by using any rights it may have, dump its chemicals and waste into the river and pollute the water, which will in the future be used as part of the supply of the cities of Salem and Beverly?

These and numerous similar questions, are being asked by interested Salemites, who are as yet in the dark as to the business of the Gilet company and its manner of conducting it.

If the river is polluted by the Gilet company's business, serious consequences might follow, the mills being at the point where the Salem and Beverly auxiliary supply is taken, also Peabody's.

The Salem and Beverly water supply board, Hon. Nathan Matthews of Boston, chairman, is looking carefully into the business of the Degreasing company, but as yet has not arrived at definite conclusions on the pollution of the river.

The carbonizing process may be carried on in such manner as not to interfere in any way with the purity of the Ipswich supply, but this fact is yet to be determined.

That the business will not be allowed to pollute the river seems to be a foregone conclusion.

The state board of health and the Massachusetts Waterways commission have supervision over all streams, the former particularly in the case of a river which is used for water supply purposes.

The opinion of the local health board and George F. Ashton of the Salem and Beverly water supply board is that the state health department will take care of the river pollution matter and that the Degreasing company will not be allowed to dump chemicals, or waste matter into the Ipswich.

The auxiliary supply from the river for the cities of Salem and Beverly will have cost about \$125,000 when all bills contracted by the water supply board have been paid.

Salem had the hardest kind of a fight in the legislature to retain her rights in Wenham lake, this battle costing the city a neat penny.

The fact that so soon and that something must be done to increase the water supply for the two cities led to the creation of the board.

The board was empowered to obtain a supply from the Ipswich river, which has been done at half the estimated cost. To have the whole thing knocked in the head, after the supply system

# STARVING THE MOTHS

STATE FORESTER RANE HAS HIT UPON NOVEL WAY OF KILLING GYPSY AND BROWN TAILS

STATE HOUSE, Boston, Aug. 14.—A plan for exterminating the gypsy and brown tail and leopard moths by destroying their natural feeding grounds has recently been put in operation by the state forester's department, with results which have been entirely satisfactory up to the present time.

Linked up with the plan is another, by which the state department assists owners of hardwood "scrub" growth to find a market for it, and already the New York, New Haven & Hartford and the Boston & Maine railroads have been interested, and are purchasing large quantities of hard wood for railroad ties.

Early in the fight against the gypsy and brown tails the forester's department discovered that the brown tail, even when full grown, lacks sufficient strength in his jaws to enable him to feed on the foliage of pine, hemlock and spruce trees, and therefore is forced to get his sustenance from the more easily masticated leaves of the hardwood growth. The gypsy also, in his younger days, experiences the same difficulties with the conifers, although when he reaches maturity he will make a meal on evergreen, if he cannot find anything else.

Now the state department has begun to put this knowledge to practical use. State Forester Rane reasons that since both moths must eat the hardwood foliage when young, they will starve if their regular diet is taken away. Hence, the plan to get rid of the hardwoods.

He has expected that farmers generally would readily agree to cut off their hardwood scrub growth, and set out pines in place of it, since a pine set is worth at least ten times as much as the scrub stum. But they were "from Missouri," in most cases, and refused to sacrifice the wood which they saw standing for that which might never grow, although the exchange would yield them in the end at least ten times as much return. So the forester had to find some way of marketing the hardwood cuts, and this he has done, as stated above, with the co-operation of the railroad companies.

The result is that the state department is prepared to find a market for the hardwood growth on the land of any farmer in Massachusetts who will advance the money to pay for cutting it, and the state will furnish experienced men for the cutting. Thus far, with complete satisfaction, and the best thing about it, aside from the fact that a cash market has been found for what has heretofore been considered absolute waste, is that it means the complete extermination of the moth pests, and that within a few years.

HOYT.

# DIVE 30 FEET TO SAVE BOY

TWO BOSTON BOY HEROES RESCUE JACOB SHORT—FELL OFF BRIDGE INTO WATER

BOSTON, Aug. 15.—Two boys, named Jacob and his brother Max, received credit for their bravery in diving off the Dover street bridge about 5 o'clock yesterday afternoon and saving the life of 5-year-old Jacob Short, son of Mr. and Mrs. Benjamin Short of 57 Oswego street, South End.

A short time before the accident Jacob and his twin brother Max received some pennies from their mother and, after spending the same, made their way to the bridge, a few blocks from their home. Jacob wanted to see the water and the ships, and in some unknown manner tumbled into the water.

Max began to cry and headed for home. His cries attracted the attention of the two unknown boys, who, seeing the little fellow in the water, without waiting to remove any of their clothing, climbed to the guard rail and plunged headlong 30 feet into the water below. When they came up they grabbed the youngster and held him while a fireman named Porter and another man got some ropes.

The boys then made Jacob fast, and he was hauled to the bridge. They in turn were hauled up. The fireman and the other man gave the boy first aid.

# THE BRITISH BLACKLIST

GREAT BRITAIN'S REPLY TO PROTEST OF ARGENTINA PUBLISHED

BUENOS AIRES, Aug. 15.—Publication today of the Argentine note regarding the British trade blacklist and of Great Britain's reply shows that Argentina requested that the British decree of Feb. 29 be repealed or modified on the ground that it interfered with domestic commerce.

In his reply Sir Edward Grey expressed the belief that Argentina's prosperity did not depend upon business concerns in countries hostile to the empire. Great Britain had taken precautions, the reply said, to avoid injuring firms actually of Argentine nationality but was bound to watch the transactions of firms acting as agents for firms in Argentine countries.

# SANCTUARY CHOIR

Special Meeting Thursday Evening to Complete Arrangements For Annual Outing

A special meeting of St. Patrick's sanctuary choir will be held Thursday evening, Aug. 17, at 7:30, to complete arrangements for the annual outing on Thursday, Aug. 24, at Camp He Lake. It is a necessary that every member of the choir should attend this meeting. Various committees will be appointed to look after the details of the outing. As in former years, the program of sports will provide amusement for all members and prizes will be awarded to the successful contestants in each event. It is the hope of Rev. Nihilus, the director, to make this year's outing the best ever.

# MARCH OF PROGRESS

The eyesore of all eyes is the new Motor Carriage of the well known firm of James P. O'Donnell & Sons, which they have added to their already high standard of excellence. It is in accord with the progressive policy of the leading firm to not only keep abreast of the times but to anticipate the trend of all that pertains to the care and burial of the dead and in placing this motor vehicle into service James P. O'Donnell & Sons once again show that they are entitled to be classed as leaders in their profession.

# WEALTH SHARED BY LABOR

Wonderful Expansion of Commerce Under President Wilson Adds to Wage-Earners' Incomes

The second chapter of the democratic text book now in the process of being printed deals with the wage problems of America and shows how the laboring man has benefited in many millions of dollars during the Wilson administration.

Extracts from this second chapter were made public today at the headquarters of the democratic national committee in New York. A week ago the first chapter, containing the wonderful story of America's golden age during the administration of Mr. Wilson—the story which causes the pale insignificance of all records of America's past achievements—was published. In both the first and second chapters there are set forth important facts and figures for those who have been raising the calamity howl against the democracy.

The second chapter, released today, is a description of the sterling democratic doctrine that the real prosperity of a nation is to be measured first by the prosperity of its workers.

The United States department of labor has just completed its official report which shows that the average wage increase in the industries is from 5 per cent to 20 per cent during the past four years, and that from 1913 to 1916, during the Wilson administration, wage earners in the United States were paid \$17,600,000,000, against \$14,320,000,000 paid in wages during the four years of Mr. Taft's term—from 1909 to 1912.

In other words, this record shows that during the Wilson administration the wage earners of the country received in wages over \$3,000,000,000 more than they did during the four years preceding under the republican administration.

Here is part of the story of labor's prosperity as culled from the democratic text book.

Taking the official data of the U. S. department of labor upon union wages per hour as the basis of computation, you find that the average union wage during the years 1914 and 1915, under democratic laws and administration, were 10 per cent higher than the average for the six years—1907 to 1912 inclusive—under the Dingley and Payne tariff laws and republican administration.

Taking as a basis a tabulation of press announcements of wage increases for 1916, made by the department of labor, it is conservative to place the 1916 wage level at 10 per cent higher than 1915, or 20 per cent higher than the republican level of 1907-1912.

The census of 1910 (based on 1900 data) gave the number of wage earners employed in manufacturing industries only as 6,615,000, and the wages paid, \$3,427,000,000. It is estimated (on basis of preliminary returns of 1914 census of manufacturing) that in 1915 American manufacturers gave employment to 7,500,000 wage earners at wages amounting to \$4,407,000,000; or an increase of nearly \$1,000,000,000 over 1910.

It is conservatively estimated that in 1916 American manufacturers employ 10 per cent more wage earners at 10 per cent higher average rate of wages per annum than in 1915. This would bring the 1916 volume of wages paid in manufacturing only up to \$5,300,000,000, or upwards of \$1,800,000,000 over the republican census record of 1910.

These figures are for wage earners employed in manufacturing industries only. The census of 1910 gave the total number employed in manufacturing and mechanical industries as 10,665,000.

In transportation 2,637,000, and in mines 564,824, and in agriculture, forestry and animal husbandry (exclusive of 6,000,000 farmers and other employees) as 6,655,000—making a total industrial army of wage earners of over 20,000,000.

Industrial expansion—heavily increased production, intensified labor demand, larger returns and higher wages—which prevails on a nation-wide scale in 1916, affects the wage level of the entire industrial army of 20,000,000 wage earners. It adds billions to the aggregate wage envelope of American labor and is an uplifting force which makes for a higher standard of civilization and progress.

## GERAGHTYS AT NEWPORT

### RECONCILIATION OF FORMER JULIA FRENCH AND HER FAMILY IS NOW COMPLETE

NEWPORT, R. I., Aug. 15.—Mrs. "Jack" Geraghty, who was Miss Julia French, daughter of Mrs. Amos "Jack" French, is back in this city with her husband, living for the summer at 103 Mill street.

The beautiful young woman who startled the fashionable world not so many years ago when she eloped with "Jack" Geraghty, is being received everywhere and the last vestige of doubt as to the reconciliation between Mrs. "Jack" and her family is dispelled.

Mr. and Mrs. Geraghty are seen constantly at fashionable gatherings here. At a recent show given by the Rhode Island Kennel club the Geraghtys exhibited several dogs and won a number of blue ribbons. Mr. and Mrs. Geraghty will remain here for the rest of the season and then return to their home in Woburn, Mass.

## THE PAWTUCKET BRIDGE

### IMPROVEMENT ASSOCIATION ISSUES CALL FOR INDIGNATION MEETING, WEDNESDAY

The following call for an indignation meeting has been issued by the Pawtucketville Improvement association, and is self explanatory. To the Public:

The residents of Pawtucketville and vicinity are to hold an indignation meeting Wednesday evening, Aug. 16, 1916, at 7:45 o'clock in Pawtucket school hall, to protest against the action of the municipal council in adopting a plan for Pawtucket bridge that was designed wholly by Engineer Mills of the Locks and Canals Co., which plan subordinates the convenience of the public to the convenience of interests of this private corporation.

We object to Mayor O'Donnell and the other members of the municipal council entering into any agreement with this private corporation that is detrimental to the welfare of the general public, as they appear to have done in this instance.

The improvement of School street hill and the bridge is in danger of being lost, by substituting a camel's hump bridge.

We are all interested in this improvement. Come to the meeting at Pawtucket school hall, Wednesday evening, Aug. 16, 1916, at 7:45 o'clock. PAWTUCKETVILLE IMP. ASSO. Lowell, Mass., Aug. 14, 1916.

# DOLLAR DAY

## A QUARTER CENTURY AGO

The impressive ordination ceremony of the Catholic church seldom has been witnessed in Lowell in recent years, though ordinations have taken place at the Oblate scholasticate in Tewksbury within a few years. Quarter of a century ago, tomorrow, Rev. B. E. McAvine, O.M.I., was ordained at the Immaculate Conception church in Belvidere by the late Bishop O'Brien, and that the event was of most unusual solemnity is evidenced by the following advance notice which appeared in the old Sun:

"The ordination of Rev. Bro. McAvine, at the Immaculate Conception church, tomorrow, will be the first ceremony of this kind in this city since Rev. James Fitzgerald was ordained at St. Patrick's church by Archbishop Williams. Rev. Michael O'Brien, of Peoria, Ill., was also ordained at St. Patrick's church, by Archbishop Williams.

The huge edifice of the Immaculate Conception church was filled to overflowing Sunday morning, (August 16) and hundreds stood in the aisles. The enormous congregation was attracted by the unusual ceremony of the ordination of a young man to the priesthood and the conferring of minor orders on a number of candidates. It was also the first episcopal function performed by Rt. Rev. John J. Brady, D.D., auxiliary bishop of Boston. The spacious sanctuary was filled with priests, ecclesiastical students, brothers and altar boys, when at 10:15 the services began. The altars were handsomely adorned with flowers. Bishop Brady attended by Rev. James McGrath, O.M.I., and Rev. Fr. Tortel, O.M.I., began the low mass and after ascending the altar steps the conferring of orders was begun. The young men who received the minor orders were Messrs. Edward J. O'Callaghan, John P. Reynolds, William W. J. Howe. The ceremony included many highly symbolic incidents which were most impressive.

"Later in the mass Rev. B. E. McAvine, O.M.I., the candidate for the priesthood was presented. The ceremony in his case was far more elaborate and impressive than in those of the others. After the mass the long procession filed out of the sanctuary and Fr. McAvine, escorted by Fr. Joyce, passed outside the rail and gave his first blessing to two relatives who occupied seats in the first pew."

### Opera House Opened

The Lowell Opera House had an early opening quarter of a century ago, when under the management of John F. Cosgrove it threw open its doors, completely renovated and looking spick and span on August 22 with "Brock's Bad Boy" as the opening attraction. This was followed by the Byrne Bros. under the direction of Primrose & West in "8 Belles," Henry D. Dixey, in "The Sellicker," Henry Rice, in "A Jolly Surprise" and Backstagers minstrels. We had some real shows in Lowell quarter of a century ago, and many an old timer would welcome the return of those days when the biggest of the theatrical stars came to Lowell occasionally.

urbs, after making unexpected visits to them. In those days Simon was fishing for big game, and always landed it, which is probably why it comes so natural for him to be an officer of the Fish and Game association.

### The League Went Up

The old Sun wrote the obituary of the New England league, quarter of a century ago, on Aug. 15, as follows: "The Portland Baseball club was awarded the pennant of the New England league which adjourned, sine die, on Friday last."

Inanition was the cause of death.

### Arthur Salmon at Atherton

Says The Sun of quarter of a century ago:

"The manufacture of knit goods has been commenced by the Atherton Machine company, and it is reported that between 50 and 60 dozens of shirts are being turned out daily, under the management of Arthur P. Salmon."

After a long shutdown and a rather unfortunate career, in which a variety of industries have started in it and closed up again, the Atherton Machine plant, now the Newton Mfg. Co., is at last enjoying a period of unprecedented prosperity, and the crowds of men and women who daily pass to and fro to its gates are a big and welcome surprise to the old timers who had never seen more than a few hundred employed there at one time. Mr. Salmon, too, is in a different line of business and has all the orders he can attend to, though he manages to find time to round up the Lowell ball players of 10 years ago, for an occasional outing, and incidentally to keep tabs on the welfare of the Lowell soldiers boys at the front. Mr. Salmon is one of the best posted men in Lowell on military matters, and the personnel of

**Digestive Troubles** cause headache, biliousness, constipation, impure blood and other unpleasant symptoms. If these troubles are neglected they weaken the body and open the way for serious illness. Many chronic diseases may be traced back to indigestion that could have been immediately relieved by

Beecham's Pills. This well-known home remedy has proven itself dependable, safe and speedy during sixty years' use. The fame of having a larger sale than any other medicine in the world proves the dependable, remedial value of

**BEECHAM'S PILLS**

Lowell's militia. Quarter of a century ago Mr. Salmon was also a member of the Lowell water board. With its changing industries Atherton has had its name changed several times, and while old timers always refer to the section wherein the plant is located as Atherton, its original name, it is also known as "Warrenville" and "Newtonville."

### To Get to Lakeview

The Sun quarter of a century ago said:

"A number of Lowell and Lawrence people are interesting themselves in obtaining easy access to Lakeview for Lawrence people by means of the river, and the electric cars."

Lakeview had become so famous quarter of a century ago, being at that time the only park of its kind for miles around, that they were coming to it from other cities, and it was at first proposed that a small steamer run up the river to Lowell from Lawrence, and connect with the electric. But before any such scheme was put into effect the tracks were laid between Lowell and Lawrence, while the railroad opened Glen Forest park, which, while a big success for several years, has not had the successful run that Lakeview has enjoyed.

### Dr. O'Connor at Baltimore

Says The Sun of quarter of a century ago:

"Dr. James B. O'Connor of this city has been appointed to a position at the Baltimore City hospital, which he has accepted and will start upon his duties about Sept. 20."

Afterward he returned to this city and began private practice, and hence is now in the Quarter Century class.

## SCORES BIRTH CONTROL

GOLDSTEIN DECLARES CATHOLIC CHURCH BELIEVED TO SAVE NATION

David Goldstein, lecturer for the Knights of Columbus and former socialist, delivered a lecture before an audience which filled the capacity of the Majestic theatre, Boston. He roundly scored the advocates of birth control and said that "the Catholic church is the great bulwark which will save the nation from the irreligious doctrines of the birth control advocates."

Mr. Goldstein minced no words in his denunciation of the birth control propaganda, which he termed as mainly a socialist movement and a step toward free love. Van K. Allison, Mr. Goldstein frequently alluded to as "the hero," and in praising District Attorney Feltner and Judge Murray, he declared they had meted out a well deserved sentence.

"It is not birth control that is wanted, it is self-control," the speaker said, "and the great ideal of the Catholic church is 'look out for the quality of the children and the quantity will look out for itself.'"

"The birth control propaganda is not a 19th century movement as has been said by Bernard Shaw," the speaker declared, "but it is referred to in the bible and a chapter of Genesis tells of God's destruction of man because he advocated it."

Throughout the remainder of his address Goldstein spoke of the advocates as "Quakers." The arguments of the birth control advocates were attacked by Goldstein from economic as well as religious grounds, and he stated that the much quoted Malthusian theory of increase of population in proportion to sustenance was erroneous and misleading. "Their argument of 'quality instead of quantity' is as false," he said, "as

their proposed means of limiting the family is vile. History cannot be cited in proof of this contention, nor does our every-day observation show a trend in that direction, but just to the contrary. Only a glance at the remarkable men of the world is sufficient to put one's thoughts on the right side of the issue."

A list of famous men and the number of children in the families to which they belonged was then cited by the speaker, his reference to Cardinal O'Connell, who was one of a family of 11, as "the greatest ecclesiastical man in the country and Boston's first citizen" bringing forth much applause. His statement that Benjamin Franklin was one of 17 children elicited laughter.

The list, as quoted, follows: George Washington was one of 10 children; Jefferson one of eight; Napoleon one of 13; Lord Nelson one of 11; Horace Greeley one of seven; Wendell Phillips one of nine; Benjamin Franklin one of 17; Sir Walter Scott one of 11; Thomas Carlyle one of 13; Rembrandt one of six; Henry Ward Beecher, one of nine; Gen. Sherman one of 11; Washington Irving one of 11; James Fenimore Cooper one of 12; Alfred Tennyson one of 12; Cardinal O'Connell one of 11.

This list could be almost indefinitely extended," he said, "many of the notable men were not alone one of a large family but sons of poor parents as well. Ah, but these mothers cherished their children as gifts from God. They did not give their hearts to cats and dogs."

"The task in hand," Goldstein said,

"is not so much the bringing back to right reason the advocates of birth control, as to keep the abomination of desolation from spreading its poisonous fangs over all this fair land."

**MR. HOWARTH SURPRISED**  
Michael Howarth of 105 Crosby street, was given a genuine surprise Saturday evening, when 30 or more of his friends called upon him and presented him a handsome watch chain and charm. The presentation speech was by Mr. McDonald and although taken completely by surprise, Mr. Howarth made a very neat speech of acceptance. The party spent a jolly evening. There were vocal solos and readings by various ones, John Paul of Pawtucketville being the star of the evening. Mr. Kershaw presided at the piano. Refreshments were served and everybody had a good time. The party included visitors from Bedford and Boston.

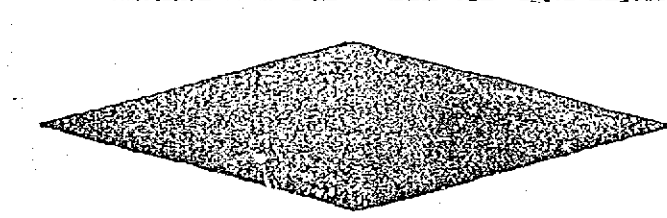

## REMOVES HAIRY GROWTHS WITHOUT PAIN OR BOTHER

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.

People who have itched and scratched for years usually get sleep and comfort soon after Cadum Ointment is applied to skin troubles, such as eczema, pimples, itch, sores, cuts, burns, rash, blotches, scaly skin, chafing, scabs, ringworm, eruptions, etc.

Here you will find an exceedingly large and choice stock to select from.

# WAS CRUSHED TO DEATH

Motorman Killed and Passenger Injured When Car Jumped the Track at B. & M. Crossing

SOUTH BERWICK, Me., Aug. 15.—Fred Roux of Rochester, N. H., motorman, was crushed to death, and David E. Dube, of 127 Brown street, Dorchester, Mass., a passenger, received a broken ankle when an open car on the Atlantic Shore railway left the tracks at Great Works crossing of the Boston & Maine railroad at about 11:30 last night, and after running for 95 feet on the ground was driven into a bank with such force that it had not been removed this morning.

John Shoppleigh of Eliot, conductor, who was running the car while the motorman stood beside him, escaped injury.

The car was bound for the barn when the accident occurred and, according to Dube, who was the only passenger, it was going at a high rate of speed. At the Boston & Maine crossing there is a derailing switch placed for the purpose of compelling

tray cars to stop before reaching the crossing which is a dangerous one, it being the custom for the conductor to close the switch before a car crosses the railroad track, but this car ran into the switch and leaving the rails plunged into the embankment, carrying off a telegraph pole that was in the way.

Whether Motorman Roux was thrown and run over or was caught between the car and pole has not yet been determined, but his mangled body was found a short distance from the pole by some Boston & Maine employees who were in a caboose on a side track. Medical Examiner Edwin B. Jacques of South Berwick was called upon after the accident and this morning the public utilities commission was notified. It is probable that a hearing will be held late today to determine the responsibility for the wreck. Roux leaves a wife and one child.

## Prince's \$1 DOLLAR WINDOW SALE

We were the originators of the Dollar Window Sales in Lowell and offer several special values for a Dollar. A few are listed below:

Large Framed Etchings 14x36, oak frames, value \$1.75.	\$1.00

187-195 MIDDLESEX STREET

### IN POLICE COURT

Continued

cern. He met Wisenberg six or seven weeks ago and according to his testimony they visited a house in Chelmsford street where they played cards and later Wisenberg invited Park to his house in Lee street where they played stud poker on several occasions.

Wisenberg admitted that he had played cards with Park but that the stakes were never higher than a quarter and in all he did not win more than \$10 or \$15. Park, on the other hand, said that on one occasion he lost \$27, \$26 on another and in one week lost \$40, \$17, \$15, \$12 and \$7 at different sittings, his total losses to Wisenberg being \$144.

Park told the court that he had been using his employer's money and that the limit of the game was 50 cents instead of a quarter. He told of one occasion when he had gone "broke" and upon telling Wisenberg that he might be able to get some money in Lawrence the pair went down as far as Stanley's. Park's friend was not there and Wisenberg after waiting for an hour or more got tired, and started for Lowell. It was agreed that Park was to sleep with Wisenberg that night.

Park came to Lowell on the last car from Lawrence and said he met a friend, who is now in Philadelphia, and told him of his loss. The friend advised him to steal the money out of Wisenberg's pocket but he refused to do this, whereupon the friend said he would do it.

Park entered Wisenberg's room about 12:30 in the morning and at 4 o'clock the friend entered the room and stole a roll containing \$105 from Wisenberg's trousers pockets. The friend kept \$25 and turned the remainder over to Park and then both disappeared.

When Wisenberg awoke about 5 o'clock he found Park and the roll of money gone and immediately reported the matter to the police and yesterday morning it was learned that Park was in Lawrence and Patrolman Kenney and Wisenberg went to the down river city and the local officer with the assistance of a Lawrence inspector placed Park under arrest.

Lawyer Donahue argued that the money which Wisenberg had in his possession was the money that Park had lost and therefore Park had a right to take it. Judge Fisher in summing up the evidence said: "I believe that the defendant lost the money to the complainant which he testifies to and that when he knew Wisenberg had considerable money there was a strong temptation to steal it. As regards the defendant's testimony about the money being stolen by his friend, that is only a myth. I believe the defendant took the money. Owing to the circumstances connected with the case, however, I am going to find defendant guilty and place the case on file."

### Violated Automobile Law

A young man who hails from the west was arrested in Middlesex street shortly before 1 o'clock this morning by Patrolman Cornelius Sullivan and was sent to the police station where he was booked for drunkenness and violating the automobile laws by not having the lights on his machine burning. In police court this morning the

defendant entered a plea of guilty and a fine of \$5 was imposed.

### Nelson Rowe Reappears

Nelson Rowe, who was before the court yesterday and ordered to pay a fine of \$25 after being convicted of drunkenness and two complaints of assault and battery, was in police court again this morning, charged with drunkenness. Yesterday when he was placed on probation he said he would never drink another drop of liquor in his life and would report twice a day to the court if necessary. It seems that yesterday afternoon he started to celebrate his release by drinking. Last night when he entered the house where he had been lodging to get his clothes he raised such a disturbance that the police were summoned and when Patrolmen C. F. Sullivan and Cullen arrived Rowe put up a stiff battle and in the midst of the struggle Cullen was kicked in the chin. Rowe was finally subdued. In court this morning he admitted he had been drinking and had no defense to offer. He was sentenced to one month in jail.

### Was Fined \$5

Joseph Holovin entered a plea of guilty to a complaint charging him with operating a motorcycle on Merrimack street without a license and a fine of \$5 was imposed.

### Settled Out of Court

John Bablau was charged with assault with a knife but counsel informed the court that civil settlement had been made and therefore the case was placed on file.

### Assaulted a Storekeeper

William Maguire pleaded guilty to drunkenness and assault and battery on Bernard Zager. Zager keeps a small store and last night when a young man went in to purchase a package of cigars he claimed he had paid Zager but the latter denied having received any money. Maguire, who was nearby, at this point struck Zager. He was found guilty and ordered to pay a fine of \$4, \$5 for assault and \$2 for drunkenness.

### Cases Continued

Leo J. Sherlock was brought into court on a capias he having failed to appear yesterday to answer to complaints charging him with the unlawful use of registered milk bottles and the illegal use of vessels in the sale of milk. Thomas H. Sherlock was charged with the larceny of 23 milk bottles, the property of Mark L. Shaw, Jr. Owing to the fact that counsel for the defendant is out of town, the cases were continued until the second Tuesday in September.

### Defendant Discharged

Abraham Ali was charged with assault and battery on Adie Barak at the Beaver Brook mills in Collingville, last Saturday, but after the testimony had been heard the court found the defendant not guilty and ordered him discharged.

### Was Let Off Easy

A man who made his eighth appearance for drunkenness since last November and who had a suspended sentence of five months hanging over his head, was arrested yesterday but he made so strong an appeal to the court this morning that Judge Fisher gave him a suspended sentence to the state farm.

### Found Not Guilty

Joseph Millette was charged with the larceny of plumbing supplies from Ernest J. Swanson, but the court after hearing the testimony in the case found the defendant not guilty and ordered him discharged.

### READY TO CONCEDE

Continued

application to the interstate commerce commission or some body formed for the purpose.

Secretary Tumulty issued the following statement:

"The president spent an hour and a half this morning with the representatives of the railway management. After the conference he said that it was impossible as yet to report on the results; all that he could say was that a very candid and honest discussion was in progress about practicable bases of settlement."

Whether this plan can be worked out will not be known until President Wilson presents it to the brotherhood leaders.

The railroads are understood to be ready to concede the principle of the hour day providing concessions be made by the employees so too heavy a burden will not be placed upon the railroads.

The men take the stand that they principally want the eight hour day on condition that it shall be enforced whenever possible. The railroads are said to believe it impossible to accept the eight hour day unless a workable system of application can be built up. Members of the managers' committee said they had no plans for the future and did not know whether they would be called to the White House again.

The managers took the position that the eight hour day and the collateral issues are inseparable and that it would not be practicable to accept the eight hour day and submit the other question to arbitration. All of the

issues are interwoven, they contend, and must be decided together.

None of the brotherhood officials would commit himself on what the attitude of the employees would be toward such a proposal, but they did not appear optimistic over the likelihood of it proving acceptable. If such a proposition were tendered in concrete form to them, it was pointed out, they could only refer it to the general board, composed of 600 committee chairmen, now in New York.

### Would Tie Up New York

While a nation-wide railroad strike would affect every city in the country, it would stop trains that are now bringing to New York city daily food supplies that average as follows:

Dairy Products—7200 tubs of butter, 3500 boxes of cheese, 13,300 cases (4,755,000) of eggs, 2,350,000 quarts of milk.

Meats—3000 crates of poultry, 3,000,000 pounds of fresh beef, pork and mutton.

Fruits—4000 barrels of apples, 60,000 crates of grapes, lemons, oranges, peaches, pears, pineapples and plums. Vegetables—13,000 barrels of potatoes, 6000 crates of onions, 300 carloads of cabbages, peas, lettuce, carrots, etc., 5,000,000 cans of peas, tomatoes, etc.

Grain and Cereals—45,000 sacks of barley, 70,000 bushels of corn, 3000 sacks of oatmeal, 3000 barrels and 21,000 sacks of flour, 6500 bushels of malt, 253,000 bushels of wheat.

Miscellaneous—14,000 sacks of sugar, 1650 barrels of wine, 60,000 tons of coal, 1,500,000 gallons of kerosene, gasoline and benzine, 1000 tubs of lard, 3000 barrels of molasses.

There is about a week's food supply in the city.

A tie-up would stop 330,000 miles of roads, employing 500,000 persons directly affected, of whom 350,000 are in the train service.

It would make idle 64,000 locomotives, 53,000 passenger cars and 2300 freight cars.

It would keep at home 3,000,000 passengers a day, and would halt the transportation of 6,000,000 tons of freight a day.

It would stop earnings on more than \$20,000,000,000 of railway capital and would cut off, each day, \$10,000,000 in passenger and freight receipts.

It would stop the export of American products at the rate of \$10,000,000 a day.

### HIT BY AUTOMOBILE

James Winn, residing at 4 Hazel square, off Coburn street, was struck by an automobile near the corner of Hall and Allen streets shortly after 11 o'clock this morning, and sustained numerous bruises and abrasions and possibly internal injuries.

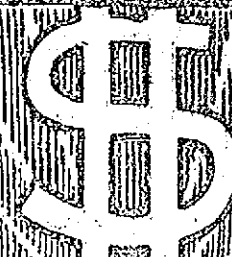

The man was found lying in the street and some people claim that while attempting to cross the street he was struck and knocked down by a machine, the operator of which did not stop to inquire the extent of his injuries.

The ambulance was summoned and the injured man was taken to the Lowell hospital where he received treatment.

### REAR AXLE SNAPPED

An electric delivery vehicle belonging to Friend Bros. bakers, and operated by J. B. Noble, one of the company's salesmen, went out of commission in the vicinity of Towers' corner this morning, when the rear axle snapped. The machine was later towed to a garage.

If you want help at home or in your business, try The Sun "Want" column.

### ORDERS SUSPENDED

Continued

however, that the railway situation is the real cause.

The suspension of the orders to the troops, which would have moved some 25,000 men to the border, had not been taken as an indication that the president's negotiations with the railroad brotherhoods and the railroad managers have taken an unfavorable turn, but is a measure of caution. It was considered highly undesirable that all the remaining guardsmen should be moved to the border while there was a possibility of a railroad strike in which they might be called upon to preserve order throughout some of the states. There is even the possibility that some of the troops in the event of a strike might be called upon to guard or operate mail trains and trains supplying the troops already on the border.

The suspension of the orders prevents the immediate movement of troops from Kentucky, Ohio and Vermont and the movement of all other mobilized units which were to have gone forward as soon as they were equipped.

A telegram from Maj. Gen. Funston, made public by the war department, disclosed that the general recommended the suspension of the orders.

upon to guard or operate mail trains and trains supplying the troops already on the border.

The suspension of the orders prevents the immediate movement of troops from Kentucky, Ohio and Vermont and the movement of all other mobilized units which were to have gone forward as soon as they were equipped.

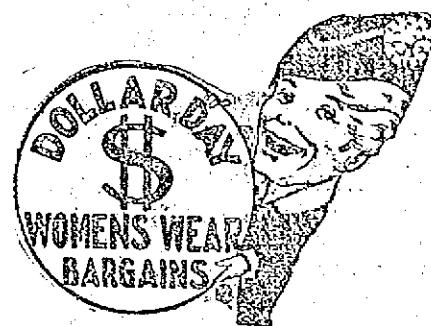

A telegram from Maj. Gen. Funston, made public by the war department, disclosed that the general recommended the suspension of the orders.

### LABOR BUREAU MANAGER

Special to The Sun.

WASHINGTON, Aug. 15.—Senator Hollis of New Hampshire, named as manager of the labor bureau at the Chicago National Democratic headquarters, leaves today to assume his duties with Senator Walsh of Montana, who has general charge in Chicago.

RICHARDS.

— THE STORE FOR THRIFTY PEOPLE —

The Most Attractive Bargains of the Year Will Be Found Here Tomorrow, Dollar Day

FOR the second time in our store history we come to you with offerings from all over the store at \$1.00. Last December the merchants of Lowell inaugurated their first Dollar Day Movement and in co-operation we presented such a list of wonderful values for a dollar as had never been seen before in this section and which resulted in this big store being crowded with appreciative shoppers from early morning until closing time. We look for a larger business day tomorrow if values count, for, taken as a whole the following specials for one day only include more savings, bigger and better bargains than ever.

## Dollar Day Specials From Our Wash Goods Department

Most amazing lot of rare values ever offered in this department for a ONE DAY SALE. Read carefully items below as you will be sure to find something to fill your want at about ONE-HALF ORIGINAL VALUE.

Palmer St., Centre Aisle

THE STORE FOR THRIFTY PEOPLE

## Lowell Folks Should Come Early to This Store for the Dollar Day Bargains Tomorrow

FROM all over New England comes the inquiry "When's your next Dollar Day?" and as this great bargain movement has been widely advertised within a radius of twenty miles, we expect hundreds of customers from among our suburban friends. But you must realize that quantities in a sale covering thirty-five departments and more, are necessarily limited, and come in the morning hours if possible.

## THE THREATENED STRIKE

Never perhaps has there been a time in the history of this nation when a tie-up of the railroads would be more disastrous than at present. The chief sufferers would be, not the railroads, but the general public—the people at large. The price of food and other necessities of life is now as high as the people can afford to meet, indeed, far too high for most people; and beyond a doubt should a great railroad strike from east to west and north to south, paralyze the business and commerce of the country, thousands of people would starve, while the financial loss would be incalculable.

The public must be ultimately protected against any such calamity. Government ownership of railroads is not desirable in this country; but should such a disaster come, the government would be compelled to do one of two things—either pass a law for government ownership or assume temporary control of the systems and run them in the interest of the public.

It may be necessary to pass a federal law making all strikes and lockouts on interstate railroads illegal and providing that all labor disputes on such roads shall be adjudicated by a tribunal established for the purpose. We are not now considering the merits of the present case on one side or the other, but merely the rights and interests of the public and the duty of the government to provide for the greatest good of the greatest number and especially to protect the people against a calamity that would be almost as ruinous as war.

There is talk of the great need of preparedness, but while the whole business and transportation systems of the nation can be tied up by a lockout or a general strike, where is the preparedness? Of what use are troops if they cannot be moved from place to place? How could an army be equipped or fed without adequate railroad transportation? Thus it appears that there is an important problem to settle at home before the nation can feel secure in pursuing its ordinary course in business or commerce, much less in meeting a foreign foe. Some method must be devised for settling such conflicts fairly and justly to all concerned without resorting to a strike or a lockout. This of course should apply only to public service corporations, a cessation of whose activities would work irreparable loss and injury to the public. Compulsory arbitration would seem to offer the most practical solution and if properly applied, it might safeguard the interests of all the people against such visitations. In attempting to provide this remedy the question of constitutionality would undoubtedly be brought up, but even such an obstacle should be removed if necessary to prevent national disaster.

The rights of labor can be maintained much better by referring such disputes to judicial tribunals than by disastrous strikes that would injure the defenseless public a thousand times more than the railroads at which the strike was directed. President Wilson has been appealed to as a mediator but he has no power in the premises unless the parties in conflict yield to his appeals for submitting the entire question at issue to arbitration. It is sincerely to be hoped that he will find some means of reaching an amicable solution of the difficulty. His success as a diplomat in dealing with more momentous questions, offers hope to the nation that in this case also, he will score a diplomatic victory.

## THE CLEANUP CAMPAIGN

Mayor O'Donnell did a wise thing in ordering that the police officers shall look after the cleanliness of streets and alleys upon their respective beats; but in order to have the work done right, it is necessary to instruct the officers as to the extent of their authority and the nature of their duties in this respect. Some may know what they should do in such matters, but others do not; and it will require considerable drilling to have the latter go about the work so as to attain the desired results with the least possible annoyance to the parties approached.

It may even be necessary for the board of health to issue more specific regulations in regard to such matters as allowing alleys, yards and sidewalks to be littered with filth and rubbish.

If the residents can be made to feel that they are responsible for the removal of any filth or unsightliness in front of their premises, same as they would be for shovelling the snow from their sidewalks, then the very best results may be expected. There will be some difficulty, however, in fixing responsibility for the conditions surrounding large tenement blocks where some tenants may have due regard for cleanliness and sanitary conditions, while others may act as if matters of this kind did not concern them. Much of the filth that fills the gutters on certain streets would not be there, but for the numerous peddlers who leave their horses standing on the streets while they enter houses to dispose of their commodities. Anyhow, the public looks for good results from this new departure which is largely educational. If the police succeed merely in impressing upon the residents of our most unsightly streets that conditions must be improved, that streets, alleys and sidewalks must be kept free from papers, rubbish and garbage, much good will be accomplished.

## THE SPEED MANIA

The state highway commission is making a laudable effort to check the speed madness by which so many people are killed and injured in the course of the year.

This mania seems to exceed all bounds on Sundays, when it would seem that all regard for safety is forgotten with the result that every Monday morning the press has a new list of fatalities and serious injuries in automobile accidents.

In spite of the efforts of the state highway commission to eliminate the speed mania, the driver who takes chances and the one who operates a car while intoxicated, yet the number of serious accidents is steadily increasing and there is no telling how or when this state of affairs can be remedied so that those who drive at moderate speed can feel some security on the public highways.

There is great need for chauffeurs who are sober, sane and trustworthy, men who will at all times feel a proper sense of responsibility not only for the safety of those upon their respective cars, but also for those upon

been at the scene of the murder at the time it occurred. Notwithstanding such possibilities, it sometimes happens that a prisoner is convicted on his own admission without any strong circumstantial evidence in corroboration.

There will be miscarriages of justice in spite of the utmost care and vigilance on the part of the courts; but the jury that finds a man guilty on his own confession, when that is supported by other testimony, cannot be charged with any error of judgment. Their finding is based on the evidence submitted.

The district attorney who has to deal with the Stielow case, should at least recommend the commutation of the prisoner's sentence as it is better that many guilty men escape than that one who is innocent be made the victim of judicial murder.

## WHISKERS

Col. Roosevelt must be partial to men with whiskers. Before he returned to the republican camp he said there was no difference between President Wilson and Candidate Hughes that a barber could not remove. That was a grave injustice to

## Gray Hair Restored to its Natural Color

Remove every trace of prematurely gray, streaked and faded hair, easily, quickly, safely, and turn it an even dark, beautiful shade with

**Gray Hair Health**

and keep it full of life, lustrous, healthy, soft, wavy and fascinating. Removes all traces of dandruff, itching scalp and stops falling hair. No dye—harmless to the system. No odor. Large 60c and 30c bottles at your druggists. Send for valuable booklet "Beautiful Hair." Public Hair, Newark, N. J.

FALLS & BURLINGHAM

the president; but assuming that it was true, it shows that the strenuous one made a great sacrifice in giving up his professed political principles in order to support a man with whiskers in preference to a man short of the hirsute adornment.

Should the republican party win in the coming election, an eventuality of which there is but the merest possibility, the next administration would be strong on whiskers with Hughes in the White House, Fairbanks in the senate and Mann in the speaker's chair. Some politicians try to make up for their lack of logic by wearing such facial furze; but in case of the republican candidates in this campaign, no such ruse will disguise or conceal their inability to bring forward a real live issue.

## LARGE EXPENDITURES

Republicans are beginning to send out a wall over the fact that the appropriations by this congress have broken the highest record by about half a million dollars. Well, what of it? Has any money been appropriated for a wrong or unnecessary purpose? Has there ever been a congress that put through a greater number of important measures?

Preparedness comes high, but we must have it, yet the republican candidates while criticizing the large expenditure, are calling for still more when they assert that the preparedness measures of the administration, are "inadequate."

The democratic party can defend

## A HACKING COUGH WEAKENS THE SYSTEM

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery. In use over 30 years, and benefiting all who use it, the soothing pine balsam with tar heals the irritated air passages—soothes the raw spots, loosens the mucus and prevents racking the body with coughing. Dr. King's New Discovery induces natural sleep and aids nature to cure you.

## HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to A. W. Dows & Co., or any good druggist, and get a box of Oil of Koren capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.

It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

Its record upon the matter of appropriations as upon all others; and the republicans cannot sustain the charge of "pork barrel" distribution in the sense in which the term applied to their unscrupulous methods when in power.

The power of Wall street has been broken, special privilege has been overthrown without the usual panic; but now the republican party wants a restoration of both. For some time past, congress has been independent of the trusts and combines that controlled it under republican sway. Popular government has been restored and by the re-election of the democratic party to power in November, it will be maintained at least for four years longer.

If this country should ever get involved in war, General Pershing should be drawn upon as a great strategist, if we are to judge from the success of his political tactics.

Great bodies move slowly and so of course do great jobs such as our city government has now on hand.

## SEEN AND HEARD

The woman who can see the humorous side of life has a grand gift.

**Needed a Rest**  
Farmer Giles' son is a smart lad and attends a very good school. After the lad's return to work from the holidays, a neighbor said to Giles: "Don't you find the house rather dull and lonely since your son went back to school again?" "Yes, it is rather lonesome," agreed the farmer candidly, "but it's sort of restful, too. You see, that there lad has been so busy during the holidays educating his mother and me that we feel we need a turn at a holiday, same as he did."—New York Times.

**Kept Them All**  
Uncle Josh, who lives in a Vermont town, keeps summer boarders. Among the boarders that recently beautified his front porch was a particularly pretty girl.  
"Have you any powder?"  
"On yes, indeed, Miss," was the hasty assurance of the proprietor.  
"I am so glad," ecstatically chirped the fair boarder. "You may please give me 10 cents' worth."  
"All right, Miss," responded the imperturbable proprietor. "Face, sun or insect?"—Tombsbee Clarion.

**Then She Was Very Angry**  
At a certain church in Vermont it is the invariable custom of the clergyman to kiss the bride after the ceremony. A young woman who was about to be married in this church did not relish the prospect and instructed her prospective husband to tell the clergyman that she did not wish him to kiss her. The bridegroom obeyed the instructions given.  
"Well, Harry," said the young woman, when he appeared. "Did you tell the minister that I did not wish him to kiss me?"  
"Yes."  
"And what did he say?"  
"He said that, in that case, he would charge only half the usual fee."

**Her Hired Help**  
In Washington, the servants as a rule, go to their own homes at night. The cook in the family of a clergyman not only does this, but of late has frequently arrived at the rectory too late to cook breakfast. Hence her mistress told her that, for each breakfast missed there would be a reduction in her weekly wages. Maria passively assented to this. The next day the mistress heard this conversation between the maid next door and the delinquent cook.  
"Pears to me like you git to work mightier late."  
"I git to work when I gits ready."  
"How does yo' manage about de breakfast?"  
"C I pays de missus to cook de breakfast."—New York Times.

**Worse Than Flint and Steel**  
A stupid peasant woman once bought a box of friction matches. The next day she returned to the store where she had made her purchase and complained that the matches would not light when rubbed on the box.

The shopkeeper lighted one of the matches by rubbing it quickly on his trouser's leg. "They seem to work all right," he said.

"But I can't use matches like that," snapped the woman. "De you think I have time to make a three hours' journey to light the matches on your trousers every time I want a fire?"—Berliner Illustrirte Zeitung.

**Luck**  
When I think of the yards that are barren and pink or a white blossom there, And I look at the roses that my I think what a fortunate fellow I am.

When I think of the cares that so many folks know Of the days that are dreary, the nights filled with we, And carefree I wander from worry and sham.

I think what a fortunate being I am. Oh, never a blossom of beauty I see. That has come to perfection and glory for me. But I pause for a moment to stand at His shrine. And thank the good Lord for the joy that is mine.

—Detroit Free Press.

**The Clerk That Failed**  
A man whose country place was near a small town recently became conscious of most suspicious glances cast upon him by his friends and ac-

# TOMORROW---WEDNESDAY IS DOLLAR DAY

All through the store you will find special prices made on articles men and boys wear.

You will be surprised to find how far your dollar will go—here—in paying for articles of real merit—

You will be astonished to learn what splendid values we give for \$1.00.

50 pairs of Men's Trousers—most of them are large sizes. Regularly \$1.50, \$2 and \$2.50, for \$1.00

Automobile Dusters—sold for \$1.25, for.....\$1.00

5 Balbriggan Shirts and Drawers—regularly 25c \$1.25, for.....\$1.00

3 Athletic Nainsook Shirts and Drawers, regularly 36c \$1.08, for.....\$1.00

Men's Worsted Athletic Jerseys, regularly \$1.50, for.....\$1.00

## BILL LOONEY'S LETTER

NEWS OF THE DAY FROM SIXTH REGIMENT CAMP AT NARTHA'S VINEYARD

The Sun is in receipt of another letter from Sergt. William H. Looney, manager of the Sixth Regiment band, now with the regiment at Edgartown, Martha's Vineyard. There's a thimble enclosed, a picture of Billy Griffith and a shark. Sergt. Looney says the shark died of a broken heart, but does not give the details. The letter:

Sunday morning, mass was said on the grounds and it was one of the prettiest sights I ever saw. The priest was Fr. Carr, from the University of Washington, D. C. Fr. Carr is visiting in Fall River. Mayor Dolan's son and Private Dickerman of D Co., acted as altar boys, and Principal Muselman, Lebrun played cornet solos. The boys turned out in big numbers.

In the afternoon we had a fine program of athletic events under the supervision of Capt. Jeyes. I acted as starter. The boys of L Co., carried off most of the honors. There was a special race between Lieut. Seaman on horseback and Privates Dugan and Roberge running. They beat the horse by fifty yards.

We had a dandy auto ride to Oak Bluffs Saturday night, after our concert, and Tuesday morning we are going to Gayhead to see the cliff with its different color of clay. They have dandy trips here. We have received part of our pay and the privates received more than the non-commissioned officers. The privates are giving us the laugh, but wait until we get our federal pay and then we will give them the laugh.

Enclosed find a picture of Billy Griffith and the shark. He says it died of a broken heart. We played at a field day in Edgartown Saturday afternoon and it was a great treat for the natives. It was some like from the camp grounds. Jim Usher went down to the shore last night and waited for the quahogs to come in. He was going to snare them, but they didn't come in. Bill Griffith and Corporal Hannigan are expert swimmers. We are all going to bathing now and will write you a good letter later. Axel Yagerhorn plays the bugle call of the Swiss army. It sounds like a phonograph with a cracked record. He says the bugle call of the Swiss navy is great, but he can't play it.

Yours in camp, Sergt. Bill.

## PETER GILLIS DEAD

FORMER SALEM, N. H., RESIDENT WAS WITH THE CANADIAN FORCES IN FRANCE

C. E. Morris of Chelsea, a former street car conductor on the Canobie Lake park line, has been informed officially that his brother-in-law, Peter Gillis, a former resident of Salem, N. H., died in the trenches in July as a result of the Somme river drive.

Another member of the family who was hit in the head by a piece of a broken shell in an insane hospital in England, while 11 others of the family have died as Gillis did, fighting for England in the trenches. Gillis was only 32 years of age when he was killed.

This remarkable family came from

## Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleans thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt, and dandruff.

## TAKE DUFFY'S ON YOUR VACATION

Change of water and diet need not be feared if you are prepared. You will feel more comfortable on your vacation, and it is really an element of safety to have ready at hand for emergencies, a bottle of

## Duffy's Pure Malt Whiskey

Taken in medicinal doses of a tablespoonful in water before meals and on retiring, it benefits digestion of food and assists in its assimilation, so that the body is given strength and vigor to resist the uncertainties of summer diet, impure water, and the dangers of sunstroke or heat prostration.

## "Get Duffy's and Keep Well"

At most drug-gists, grocers and dealers, \$1.00. If they can't supply you, write us. Useful household booklet free. The Duffy Malt Whiskey Co., Rochester, N. Y.

Little Gloucester, N. S., but most of them have lived in the suburbs of Boston for years until a year and a half ago when they began going into the trenches, one after the other to fight for England.

Morris lived in Chelsea, and Peter Gillis once lived there with him. Gillis was once employed as a freight clerk by the B. & M. and worked in Boston and in the freight house in Haverhill. When Gillis worked in Haverhill, Morris was running a car from Haverhill to Canobie Lake and lived in Salem, N. H. Gillis boarded with Morris at that place.

A year and a half ago a whole company of Canadian soldiers from Little Gloucester, N. S., was wiped out in the trenches and Peter Gillis went back home and raised a company of 75 volunteers from his remaining townsmen and went to the front with them to take the places of the men who had been killed.

## PLANNING RECEPTION

MANY DELEGATES OF FORESTERS OF AMERICA PLAN RECEPTION TO CHIEF RANGER

Thirty-five delegates representing the eight courts of Lowell, five courts of Lawrence and four courts of Haverhill of the Foresters of America met at the Franco-American hall in Lawrence, Sunday, to arrange for a reception to be tendered Supreme Chief Ranger C. P. Rendon of Stockton, Cal., who will visit this city Monday, Sept. 11.

Grand Recording Secretary P. J. Daly of Lawrence, was elected chairman and Brother Louis Rendon of Haverhill, secretary. Sub committees of one from each city were appointed on entertainment, finance and press.

The delegates will meet again in the same hall Sunday, Aug. 27 at 2.30 p.m.

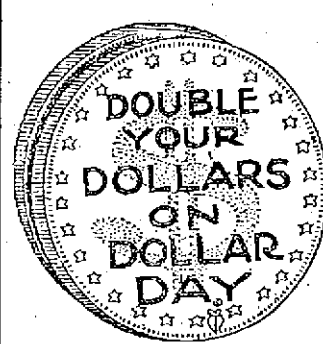

## ATTACKS PRES. GOMPERS

SENATOR SHERMAN CHARACTERIZES HEAD OF A. F. OF L. AS "A PUBLIC NUISANCE"

WASHINGTON, Aug. 15.—President Samuel Gompers of the American Federation of Labor was characterized as a "public nuisance" by Senator Sherman of Illinois in a digression yesterday from a senate speech on the shipping bill.

"There is no more tyrannical, outrageous injustice than that of leaders who live on the sweat of other people's brows," said Senator Sherman. "Mr. Gompers is a public nuisance." Referring to the Indianapolis and

Los Angeles dynamite trials, Senator Sherman declared the federation president had "prostituted the cause of labor for the defense of these criminals."

"Mr. Gompers never apologized to anybody," he continued, "but it was the most fortunate thing that ever happened to Mr. Gompers that he himself escaped indictment on these same charges."

"I've been owing this to Mr. Gompers for some time and I'm handing it to him now, and I'm responsible politically and personally."

## DOLLAR DAY SALES

LOCAL MERCHANTS TO BREAK UP THE MIDSUMMER MONOTONY TOMORROW—GREAT BARGAINS

The local merchants have wisely decided to stimulate the midsummer business by a dollar sale. In doing so, of course, they will follow the usual policy of offering real bargains. At a time when goods of all kinds sell at such high prices, a substantial reduction on small wares, even for a day, will be appreciated. A glance at our advertising columns will show prospective purchasers that the merchants in this sale mean business. It is a business event that should attract purchasers from every quarter of the city and from all the surrounding towns.

Food table, Mrs. Merrick, Mrs. Douglas, Mrs. James Kelley, Miss Hattie O'Brien, Mrs. James Sullivan, Mrs. Hugh F. Dalley, Emma Ward, candy table, Mary Delaney, Margie Kavanaugh, Mary F. Healy, Mrs. Hannah Harrington, air rifle game, James Kelley, ticket collectors at gate, James and Thomas May and James Sullivan; collectors at hall, M.

## To Put On Flesh And Increase Weight

Most people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight. One owner, while on the other hand many of the plump, chunky folks eat very lightly and gain continually all the time. It's all been said that this is the nature of the individual. It isn't Nature's way at all. Most thin people stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health, and strength. Staying won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay there in the intestines until they pass from the body as waste. What such people need is something that will prepare their fatty food elements so that their blood can absorb them and deposit them all about the body. They absorb just enough of the food they eat to maintain life and a semblance of health, and strength. Staying won't help them. A dozen meals a day won't make them gain a single "stay there" pound. B. Ledwith, Hugh F. Dalley; sale of checks in charge of Miss Katherine Ward and Miss Gladys Dalley; guess cake, Mrs. Lena Monahan, Francis Gower was secretary of the general committee, and Hugh F. Dalley, treasurer.

## A PATHETIC PICTURE

SOLDIER BOY GAZING OUT OVER SAND WASTES AT THE BORDER THINKS OF HOME GRUB

A poem received by the Lawrence Sun-American and published in that paper is from one of the militiamen at the front and it presents a very vivid picture of home-sickness.

The title of the poem is "I Wonder How the Table Looks at Home?"

Imagine if you can a brave tanned khaki clad figure, hunched over his campfire, gazing out over the sand strewn plains, wondering, longing, and thinking "how the table looks at home."

Visualize if you can a more pathetic sight than the stalwart lad who left Lawrence a few weeks ago, to go into the mighty desert to fight lizards and rattlers and things, now a broken down hungry frame just barely clutching the vultures and coyotes, and plaintively figuring on "how the table looks at home."

Would it not indeed bring tears to the eyes of Dr. Cook should he witness his heart-breaking spectacle. But be that as it may, in view of the fact that army officers have repeatedly stated that the bill of fare is excellent, and that soldiers have been forbidden to write home regarding their rations, the reader can now peruse the poem, and draw his or her own mental sketch of their favorite "hooker" hunched over the fire, wondering "how the table looks at home?"

I wonder how the table looks at home? I wonder if they miss me while I roam I wonder how it feels, just to have three Good square meals While I am out here starving all alone I can see the fried potatoes thick and thin I can see the steaks and chicken coming in I can hear my mother say Boys what will you have today? I wonder how the table looks at home?

Written by a member of Eighth Massachusetts regiment.

## SOCIAL AND FRATERNAL

The regular meeting of Lowell Lodge, I.O.O.F., was held last night in Odd Fellows hall. Considerable business was transacted during the course of the meeting and it was voted to hold a concert and dance in November. Under the goal of the order there were songs by Brothers Goodson, Turabill and Powers, and readings by Brothers MacCullum and Norris. During the social hour refreshments were served. The dance committee will meet Aug. 23 at Odd Fellows hall at 8 o'clock.

Div. S. A.O.H.

The regular meeting of Division S. A.O.H., was held last night in Hibernian hall. There was a large attendance and Past President D. F. Kelly occupied the chair. Considerable business was transacted and encouraging reports were made by various committees. Mr. Kelly gave a very interesting report of the convention committee and announced that Mayor James M. Curley of Boston had been secured as one of the speakers at the banquet to be given the delegates.

## "UNQUALIFIED FAILURE"

ROCKEFELLER INDUSTRIAL PLAN SCORED BY COLORADO F. OF L. IN ANNUAL REPORT

COLORADO SPRINGS, Colo., Aug. 15.—A wide range of labor topics is dealt with in the annual report of John McLenahan, president of the Colorado State Federation of Labor, submitted to the convention of the federation here today.

The so-called "Rockefeller industrial plan," adopted by the Colorado Fuel & Iron Co., is declared to be an "unqualified failure."

The industrial commission and workmen's compensation laws of Colorado are severely criticized in some respects and praised in others. Conditions in the coal mining fields are reviewed and a glowing report is given of the growth of unionism in the state.

Generally, the report says, better feeling appears to prevail between employer and employee in the state and in the coal fields improvements noted are credited to the results of the strike of 1913-14.

Reviewing the so-called Rockefeller industrial plan, President McLenahan says: "This plan has been advertised as a cure-all for labor's ills; but it has in reality failed to cure anything. They sought to give their non-union workmen something which would make them imagine they were organized. The plan is an unqualified failure from every standpoint."

CRUDE OIL COMES DOWN

PITTSBURGH, Pa., Aug. 15.—Further reduction in the price of the principal grades of crude oil was announced today at the opening of the market, all grades being cut 5 cents a barrel except England, which remained at 70c. The new prices are: Pennsylvania crude, \$2.30; Cabell, \$1.85; Corning, Mercer Black and Newcastle, \$1.80; Somerset, \$1.65. This is the fourth cut within a month.

CRUDE OIL COMES DOWN

Second Lieutenant Anselm Marchal of the French army, who recently flew over Berlin, throwing out proclamations as he passed, is thirty-years old. The accompanying picture has just been received from him. After dropping the proclamations on Berlin Mirechal continued his flight to Russian Poland. Engine trouble forced him to land within the German lines. He had nearly completed the repairs to his machine when German soldiers appeared on the scene and made him a prisoner. He remained in the hands of the Germans. The proclamations dropped by Marchal in the German capital are described by the French authorities as containing an "impartial statement of the causes of the war, and the principal reasons why the entente allies are bound to win." Marchal received his air pilot's license in 1910. He was employed by German firms before the war and had made frequent aerial trips between Berlin and Cologne. He was well acquainted with the country over which he flew on his national trip.

## MAYOR MAY BE REMOVED FOR SCHOOL PHYSICIAN MR. JOHN HAMMERSLEY

## CHIEF EXECUTIVE OF PONCE FORCED TEACHERS TO CONTRIBUTE TO CAMPAIGN

SAN JUAN, Porto Rico, Aug. 9 (Correspondence of the Associated Press).—Mayor Rafael Rivera Escribano, the second largest city of the island, may be removed in view of his conviction on a charge of conspiracy to violate the civil service laws of the island in forcing political contributions from teachers in the public schools. He was sentenced to six months in jail and fined \$500 and costs. He has appealed.

At the trial, which has just been concluded, it was proved that the mayor had admitted the debt of \$25,000 of the untold party of Ponce, was almost completely paid off through the system of levying assessments on the school teachers and other municipal employees.

Rivera's conviction is the most recent of a dozen or more of politicians and officials in various sections of the island who were found guilty of forcing political contributions from the island teachers. Several more remain to be tried.

**MAINE WARDEN HELD UP**  
BRUNSWICK, Me., Aug. 15.—Chief of Police Stetson was notified last night that a man and a woman who were traveling by automobile had held up Isaac Henry Snow, a well known high warden and robbed him of \$50, which Mr. Snow later recovered.

Mr. Snow was standing on the corner of Harpswell and Bath streets, waiting for an electric car when an automobile stopped in front of him and the man and woman got out and began asking questions regarding the road.

The man suddenly stepped behind Mr. Snow and placed both his arms behind his back, while the woman went through his pockets and removed his wallet containing the money. Mr. Snow struggled with the man and after wrenching himself clear struck him a blow in the face which felled him to the ground. Before he could get to his feet Mr. Snow ran after the woman who had reached the automobile and succeeded in restoring his money. Mr. Snow did not stop to secure the number of the automobile and a good description of the couple, being satisfied to escape with his money.

**RESCUED FROM DROWNING**  
HULL, Aug. 15.—Henry Doyle, aged about 45, a fish and lobster dealer whose place of business is 114 Atlantic avenue, Boston, had a very narrow escape from drowning off the western side of Peddocks Island at 2:15 yesterday afternoon. He was rescued by Joseph Corey, aged 14, son of Peter Corey, who lives in the Portuguese fishermen's colony on the island.

**NEW CAR STRIKE THREATENED**  
NEW YORK, Aug. 15.—Renewal of the strike on the surface car lines of the New York Railways company, which employs 4000 conductors and motormen and operates 1201 cars, was threatened last night unless the company relates more than 10 employees who were discharged, union leaders assert, because of their activities in the recent tie-up.

## SPECIAL EXAMINATION FOR POSITION IN LOWELL-VACANCIES IN BUREAU OF STATISTICS

Special to The Sun.  
STATE HOUSE, Boston, August 15.—Announcement was made by the civil service commission today of a special examination to be held August 31 for the position of school physician in the service of the city of Lowell. From the eligible list established by this examination an appointment will be made to fill a vacancy now existing, and others as they may occur.

The examination will be open only to men and women who are registered physicians. It will include the following subjects: A sworn statement of training and experience; practice of medicine and hygiene. Successful applicants will also be subjected to a physical examination.

Only citizens of the United States who have been residents of Massachusetts for the past year, and of Lowell for the six months last past, will be permitted to take the examination. Application blanks may be obtained at the office of the commission in Boston, or from James H. Carmichael, the commission's representative in Lowell.

**Bureau of Statistics**  
Examinations are to be conducted by the Massachusetts civil service commission September 15, for positions as agent of the state bureau of statistics, at a salary of \$1,200 per year. The positions involve the collection and classification of data relative to labor organizations and manufacturing industries.

In its announcement of the examination, the commission says: "To be eligible for this position a man should have had practical experience in the collection and correlation of statistical data, and he should also be capable of preparing the results of his investigations in the form of written reports."

"The examination will consist of a test in statistics, including the practical handling of statistics as outlined above; also arithmetic, handwriting, accuracy, spelling, and a sworn statement of training and experience."

There are two lines of investigation. For one of these special auditors is sought in securing and handling data pertaining to labor problems; for the other, special aptitude in securing and handling data pertaining to manufacturing industries. In each case the examination will be framed to test such aptitude. Each applicant may elect to take whichever of the two examinations he desires."

**WOMEN'S PARTY WITHDRAWS**  
National Women's Party Severs Relations with National American Woman Suffrage Association

COLORADO SPRINGS, Colo., Aug. 15.—Announcement was made here today by Miss Anne Martin, chairman of the national women's party, which held a three day conference here last week that the Nevada women's civic league of which she is president, has severed its relations with the National American Woman Suffrage association. One reason given for the withdrawal was the desire to work exclusively for the Susan B. Anthony amendment.

Suffrage leaders declared that the state-by-state method pursued by the National association was regarded as futile as more than twenty state constitutions are impossible of amendment.

**BURST WINDOW GETTING JOBS**  
BOSTON, Aug. 15.—Twelve hundred jobs men smashed panes of glass yesterday afternoon in their eagerness to sign up as woodsmen—positions that will keep them in the woods of new England and northern New York until next spring.

The men, all of whom had previously applied for positions, were told to report at 3 o'clock yesterday afternoon at the offices of the United States employment office, 43 Portland street. They descended upon the office in such crowds that the small office foreman found themselves swamped. Men were sent out to the room and pushed through the narrow windows through four panes of glass. The glass crashed to the sidewalk, narrowly missing several pedestrians. Someone notified the police, but beyond the breaking of the window there was no trouble.

## CALL FOR MORE BLOOD

Supply Needed for Treatments in New York Is Short—34 1/2 Ounces Given Yesterday

NEW YORK, Aug. 14.—After 31 1/2 ounces of blood had been taken yesterday from six persons who had recovered from infantile paralysis, to be used in the preparation of the human serum which is said to have afforded relief to sufferers from the disease, the health authorities last night issued a call for more volunteers, stating that the supply of the serum is inadequate.

One of the sufferers to whom the human serum treatment is being administered is Dr. Leroy B. Vall, whose condition is said to have shown decided improvement.

William Ashman Major, president of the independent ironworkers' union, died from the disease yesterday at a hospital at Elizabeth, N. J. He had been in about a week and was 35 years old.

## MATRIMONIAL

James P. O'Loughlin and Miss Elizabeth Margaret O'Hare were married late yesterday afternoon, the ceremony being performed at St. Peter's rectory at 5 o'clock by Rev. Dr. J. J. Reicher, pastor. The bride wore white tulle, silk and carried bridal roses. She was attended by Miss Ann O'Loughlin, sister of the bridegroom, while the best man was Frank O'Loughlin, a brother of the bridegroom. After the ceremony the bride party repaired to the home of the bride's parents, Mr. and Mrs. Thomas O'Hare, 33 Prospect street, where a reception was held. Later in the evening the couple left on a honeymoon trip to New York and Atlantic City and after Sept. 1 they will be at home to their friends at 33 Prospect street.

## ONLY ONE EMPLOYEE OF THE LOCAL POSTOFFICE AFFECTED BY POSTMASTER GEN.'S ORDER

One employee of the Lowell postoffice is affected by the order of Postmaster General Clegg, stating that men employed in the postoffices throughout the United States who are at the Mexican border with the Massachusetts National guard must be dropped from the roll of the postoffice department. The local man is John Hammersley, of 124 Concord street, who has been a carrier for several years. Mr. Hammersley gave up his work and joined Co. M, Ninth infantry, when the trouble with Mexico was expected.

Postmaster John F. Meehan of the local office, received the order yesterday and will undoubtedly notify Mr. Hammersley personally of the contents of the postmaster general's order, though at the time he has not been dropped from the list.

The order, which directs that all national guardsmen in the postoffice department employ shall be dropped from the roll, specifically states, however, that the men affected shall be reinstated upon receiving honorable discharges from the army.

**DANGEROUS AILMENT**  
LAWRENCE, Aug. 15.—Two children are dead and a number of others are dangerously ill with a dysentery disease, which is prevalent in South Lawrence. Medical men say that the disease is usually caused by a germ in milk, water or food.

The disease is very infectious and undetected in its early stage is, it is said, very dangerous.

**TENNIS TOURNAMENT**  
NEWPORT, R. I., Aug. 15.—Play in the second round of the Casino lawn tennis tournament was started today, with all of the favorite still in the running. The match between C. W. Middle of Newport and N. W. Niles of Boston, was selected for the grand stand courts.

**UNITED MINE WORKERS**  
INDIANAPOLIS, Ind., Aug. 15.—Nominations of candidates for officers of the United Mine Workers of America are being received at the international headquarters in this city. The nominations will close Aug. 25.

A number of local nations, it is understood, have nominated John H. Walker, president of the Illinois Federation of Labor, former president of the Illinois miners, to oppose International President John P. White, who also is a candidate for re-election.

**MISSING GIRL FOUND**  
Alice Tobin, the 13-year-old daughter of Mrs. Grace Tobin, of 15 Liberty street, who disappeared from home Saturday night with her sister's clothes packed in a grip, was found late yesterday at Revere beach. She had been at the home of a relative, she said. Two years ago the girl left home and at that time she was also found at Revere beach.

**DEATHS**  
PLUMMER—Wesley Plummer died yesterday at his home in North Tewksbury, aged 75 years. He leaves his wife, Annette I. Plummer, a sister, Mrs. Willard Sherman in Maine, and a brother in Nevada. Deceased had been a member of the First Congregational church of Lowell.

CHANDLER—Mrs. Edith G. Chandler died yesterday in this city, aged 44 years. She leaves her husband, Bert W. Chandler, five sons, Paul J. Raymond A. Chandler, Arthur J. Chandler, and Theodore C. Chandler, a daughter, Mrs. Tyler Walton of this city; her father, Albert E. Chase of Chelmsford; a sister, Mrs. William Carl of Chelmsford; and one brother, H. C. Chase of Lowell. Deceased was a member of the Edith Prescott Wolcott auxiliary, Spanish War Veterans. The body was taken to the rooms of Undertakers Young & Blake.

DONOVAN—The body of Cornelius Donovan, son of Mary and the late Cornelius Donovan, died yesterday at his home in North Lowell, aged 30 years. He was a member of the St. Patrick's cemetery, in charge of Undertakers J. F. O'Donnell & Sons.

PINARD—The funeral services of Levi T. Pinard were held at the home of William Ingham, 72 Concord street, at 10 o'clock. The services were conducted by Rev. N. W. Matthews, pastor of the Gorham Street P. M. church. The bearers were Messrs. J. F. Barrett, Edward Plummer, Arthur Hubert, James Longery and L. J. Berry. There was a delegation from the I. A. of M. 319, who acted as an escort to the Northern depot. The body was taken to Franklin, N. H., where services were held at the burial place. The funeral was under the direction of Undertakers Young & Blake.

**FUNERALS**  
HAYDEN—Miss Sarah A. Hayden, a well known resident of Graniteville for many years, died at her home, Aug. 11, after a long illness. Her age was 62 years. Her remains were taken to the home of her sister, Mrs. Hattie B. Reed, with whom she lived, and Fred E. Reed, a nephew, who resides in Lowell. The funeral took place Sunday afternoon at 2 o'clock. The services were held at the home and were conducted by Rev. Alonzo S. Fite, pastor of the M. E. church. Misses Mattie and Mary Hayden sang with the choir. The burial was in the family lot at Groton, where Rev. A. S. Fite officiated at the cemetery service. Undertakers David L. Greer & Son of Westford had charge of the funeral arrangements.

**FUNERAL NOTICE**  
GILMAN—The funeral of Police Sergeant William Gilman will take place tomorrow morning at 9 o'clock from the home, 161 White street. Solemn high mass of requiem at St. Jean Baptiste church at 10 o'clock. Friends invited. Burial in St. Joseph's cemetery. Funeral arrangements in charge of Undertakers Joseph Albert & Son.

**MASS NOTICE**  
There will be a month's mind mass of requiem for the repose of the soul of John M. Cooney Wednesday morning at 8 o'clock at the Immaculate Conception church.

**MASS NOTICE**  
There will be a month's mind mass for the repose of the soul of our son, Fred E. Monahan, at 8 o'clock Wednesday, Aug. 16, at St. Michael's church.

**MASS NOTICE**  
Cornelius and Margaret Monahan.

## CITY HALL NEWS Continued

The meeting was called to order shortly after 10 o'clock by Mayor O'Donnell with all members present. John J. O'Connor was given a hearing on his petition for permission to remove a building in Riverside street. There were no remonstrances and the petition was granted. Max Cohen was given a hearing on his petition for permission to remove a building in Riverside street. The petition was referred. Other hearings were given on the following petitions: L. W. Alling, garage at 617 Westford street; Mrs. C. McEwan, garage in the rear of 82 Cunningham street. The petitions were referred.

The Lowell Electric light corporation petitioned for permission to erect three poles in Farmland road between Lakeview avenue and Dalton street and for one pole location in Temple street between Hillside and Sheldon streets. Both petitions were referred. Edna E. Ramsay was appointed weigher of coal.

The following petitions were read and the date of hearings set as Sept. 5 at 10 a. m.: Minnie DeRoehn, garage in Webster street; Alfred H. Barlow, garage in Eleventh street and Church Street Automobile corporation, garage corner of George and William streets.

**Golf Club's Petition**  
The petition of James J. Morton for a concrete walk in Chelmsford street was read and referred, as was that of Otto Hockmeyer for edgework in: Hyolroyal avenue. An order for the acceptance of Staples street from Westford street to the Mt. Pleasant Golf club on a petition of the club was presented and accepted. Commissioner Morse informed his colleagues that he recently conferred with Supt. Lees of the Bay State Street Railway company in relation to the paving of Westford street, for which he intends to use the top layer of Westford street for the grading of the newly accepted street. Mr. Lees said he is not quite ready to lay his tracks in Westford street on account of the scarcity of fuel.

The Lowell Motor Mart was granted a gasoline license at the corner of Tilden and Elm streets. Commissioner Donnelly was authorized to expend \$500 for school repairs. Commissioner Morse read a communication from the Hildreth Granite company calling attention to a bill for paving blocks in 1912, which was never paid for. The company asked for an opportunity to be heard by the municipal council and the city clerk authorized to inform the officials of the company that the council will hear their argument. Mr. Morse said the bill might have been paid long ago if the city solicitor and the Hildreth Co. had reached some agreement.

A communication was received from the Englewood Telephone Co. in reference to a petition for the relocation of poles in Woburn and Andover streets stating that if any action had been taken by the council on this matter, the company was not aware of it. It was stated that favorable action had been taken on the petitions.

**Council Takes Recess**  
At 10:20 o'clock a 15-minute recess was taken and when the council reconvened at 11:15 a petition from the Lowell Electric Light Corp. for the erection of two poles in Georgia avenue between Davenport and Pine streets was read and the date of a hearing set as Sept. 5. The health department was authorized to purchase equipment for purchasing agent's office two tons of straw and 15 tons of hay.

Commissioner Putnam criticized the Lowell Electric Light Corp. for the laying of a water pipe in back Central street without having had a location from the city engineer, saying the company had no right to do as it did. Commissioner Putnam said the company had received permission from him in order to facilitate matters, for he said after the street is repaved the company will not tear up the road, and furthermore, he said the laying of the pipe will not interfere with city mains.

Mr. Putnam said the company's pipe is very close to the city's main and if the water department attempts to make connection of the two pipes it will have to dig at least three feet deeper.

Mr. Morse: "You don't anticipate making any connections do you?"  
Mr. Putnam: "Well, probably in a few years, for as soon as the street is repaved I believe large buildings will be erected."

Mayor O'Donnell asked Commissioner Morse to place a danger sign at the corner of Moody and Pawtucket streets and the commissioner agreed.

**Transfer for Firemen**  
The matter of transferring the sum of \$3500 from a special automobile chassis appropriation to the regular fire department was taken up by Commissioner Putnam to appoint four or five new firemen was again brought to the attention of the council by Mr. Putnam, who, after a brief explanation, moved that the transfer be made. Mr. Duncan was of the opinion that Mr. Putnam should supply the council with a list of stocks and supplies on hand. The amount expended for the first of the year and the amount to be spent during the next four months.

Mr. Morse: "You mean how much money he has spent, how much stock he has on hand and how much will be needed for the remainder of the year?"  
Mr. Putnam: "I will be about \$2000 short for stocks for the remainder of the year if the expenses aggregate that of the six months."

Mr. Morse: "My bills are always heavier during the first six months of the year, and the same condition should prevail in your department."

Mr. Duncan: "Four additional firemen will cost about \$1500 for the remainder of the year and if money is available in the department I would like to have it done. The way for it would be to avoid transferring \$3500 previously voted for a specific purpose."

Mr. Morse: "When I voted for the \$3500 appropriation I was under the impression that the chassis would be purchased right away. I favor the appointment of firemen, but cannot vote for a transfer, for if we do, next year we will have to vote for another truck."

Mr. Putnam: "Men are needed as much as apparatus and you know it, Mr. Morse."

At this point Commissioner Duncan moved that further action be delayed until Mr. Putnam has supplied the council with the data asked for.

An informal talk followed during which Mayor O'Donnell informed the other members of the council that Commissioner Duncan had suggested that after the Dummer street extension is put through the name of Dummer street be changed to that of Broadway from Merrimack street to the present Broadway. He said another suggestion that the Bay State extend its tracks through the present Dummer street and that a garage at Pawtucket street to North Chelmsford street.

Commissioner Duncan then presented an order authorizing the transfer of \$250 from the general department to a special appropriation for the construction of a polling booth to replace that of the School street school and

DOCTOR'S BAG, with instruments, lost near Cambridge street. Finder call up 2421. Reward.

**W. A. LEW**  
Steam dyeing and cleaning of ladies and gents' wearing apparel. 20 years in the business.  
49 JOHN STREET

Mayor O'Donnell has returned from an automobile trip to the Hudson river and Narragansett Pier. His Honor, who was accompanied by his wife, returned with a beautiful tan and he reports the trip a most ideal one. He said when he crossed the New York and Connecticut line on his return trip he was stopped by a health officer, who inspected the auto to see if any children were being taken over the state line. During his trip the mayor paid particular attention to the highways and he informed Commissioner Morse that in many places they are doing away with macadam, wooden blocks and cement being the substitutes.

**Playgrounds**  
The superintendent of parks is in receipt of a cheque with the following explanatory letter from Mrs. Gladys Mellon Wheeler, a former local playground supervisor:

"Enclosed find a cheque for \$2. I wish this to be given to the supervisor of the Aiken street playground, to be spent as she sees fit."  
Gladys Mellon Wheeler,  
210 So. Third ave., Mt. Vernon, N. Y.

The cheque was delivered today to Miss Mabel Haggerty, who is in charge of the Aiken street playground.

The owners of the Casino in Thorndike street have placed their large hall at the disposal of the playground supervisors for folk dancing, the hall being available every afternoon during the playground season.

**TO EXHUME BRIDE'S BODY**  
BOSTON, Aug. 15.—The body of Mrs. Emma Bestwick O'Donnell, buried at Mt. Hope cemetery, will be exhumed for the purpose of having an autopsy performed upon her by Medical Examiner Augustus Dist. Atty. Pollister yesterday decided to permit the removal of the body from the grave for the purpose stated upon the return of Dr. Magrath, who is in the west. Relatives of the woman asked the district attorney to authorize the disinterment. It might be made to determine the cause of death.

Mrs. O'Donnell was the aged wife of Dr. Louis P. O'Donnell of Melrose, and died on a train at Utica, N. Y., on her honeymoon trip to California, the day after her marriage.

**HACK FROM CHICAGO**  
Mrs. James Egan of 800 Gorham st. has returned from Chicago with her daughter Helen and from where they stayed two months with relatives. They had a most enjoyable time during their stay. They were tendered a reception by the "E.M.C." club last evening when Mrs. Egan was presented an elegant cut glass water set. The evening was joyously spent with music and games followed by refreshments. About 50 friends were present.

**HAS SON IN LOWELL**  
MANCHESTER, N. H., Aug. 15.—Dennis Griffin, a veteran of the Civil war, died Monday morning at his home, 65 Cedar street, at the age of 55 years. He had been a resident of Manchester more than 80 years and enlisted here in Co. First New Hampshire heavy artillery.

For many years, until advancing age necessitated his retirement from active work, he was foreman of a street gang of the People's Gas Light company.

He is survived by his wife, Elizabeth; two sons, Michael Griffin of this city, and John Griffin of Lowell, Mass.; a son-in-law, Capt. Timothy Sullivan of this city; and a daughter, Miss Nellie Griffin.

**INDUSTRIAL AND STORE NEWS**  
The members of the Slasher Tenders' union held an interesting meeting last evening and discussed the matter of securing a readjustment of wages and conditions in all mills of the city. At the close of the discussion it was voted to hold a special meeting Saturday afternoon at 3 o'clock for further discussion. Other business was transacted and delegates were elected to the Trades & Labor council.

**Organizer Returned**  
Organizer Thomas P. McMahon of the United Textile Workers of America returned to Lowell last night after taking part in the settlement of the Assabet mill strike at Maynard. He reported that the 2400 employees who were out on strike returned to work this morning after an agreement on the part of the mill officials to recognize the union and modify working conditions.

**New Banner**  
The members of Local 950, Woolen Spinners, have purchased a handsome banner, which will be used for the first time in the Labor day parade.

**Financial Statement**  
The following is a statement of the American Pneumatic Service Co., with which the Lamson Consolidated Service Co. of this city is connected:

1915  
Male tube companies \$152,761 \$175,630  
The Lamson Co. 65,851 15,529  
Other income 4,920 5,597  
Totals \$223,532 \$196,756  
Deductions \$255,176 \$202,629  
General and engineering expense \$3,104 \$15,149  
Interest and sinking fund 45,745 48,133  
Totals \$113,959 \$68,832  
Net earnings \$117,326 \$135,556

**EAGLES CONVENTION**  
SAVANNAH, Ga., Aug. 15.—With the aid of a delegation from all parts of the United States in attendance, the 15th annual convention of the Grand Aerie of the Fraternal Order of Eagles today was prepared to get down to its work. The grand aerie is to receive reports on the manner in which changes made in the constitution of the order last year have worked out.

## CHINESE ATTACK JAPS

JAPANESE REINFORCEMENTS ARE RUSHED TO EASTERN MONGOLIA. SAYS REPORT

WASHINGTON, Aug. 15.—The attack by Chinese troops on the Japanese garrison at Chingchiatun in eastern Mongolia, as reported from Tokyo, disturbs official circles here today as the possible forerunner of difficulties between the two powers. No details are known, but the fact that Japanese reinforcements are being rushed there has led to the belief that Japan may intend a more vigorous handling of disputes as to her jurisdiction in China.

## DEATHS

KERWIN—Miss Mary A. Kerwin, aged 44 years, died this morning at the home of her parents, Mrs. Henry Pendergast, 50 Chestnut street. Besides her niece she leaves two nephews, Joseph and William Kerwin.

PHYNE—John J. Phyne, Jr., died this morning at the home of his parents, John J. and Agnes G. (O'Neill) Phyne, 79 B street, aged 2 months and 15 days.

DUCHARME—Mrs. Alfred Ducharme (nee Josephine Eno), formerly of this city, died today at her home in Pelham, N. H., aged 42 years. She leaves to mourn her loss besides her husband, three sons, Francis, Henri and Edouard; eight daughters, Bernadette, Rosanne, Blanche, Lucienne, Beatrice, Alice and Noella; her father, William Eno, and four brothers, Pierre, Joseph, Fred and Arthur Eno, Esq. Deceased counted a host of friends in this city and Pelham, who will be grieved to learn of her death, which occurred after a brief illness.

## WHEAT MARKET

Another Sensational Advance on Crop Damage Reports

CHICAGO, Aug. 15.—The wheat market made another sensational advance on crop damage reports today. December options forty minutes before the close had advanced an extreme eight cents from \$1.38 to \$1.46 per bushel. September, less active, rose from \$1.35 where it sold early, to \$1.42.

The advance began with the statement of a well known expert that the latest reports showed that the recent government report, which sent prices up 11 cents a few days ago, had exaggerated crop damage. On top of this came a statement by the Manitoba (Canada) minister of agriculture to the effect that the damage was worse than had been previously estimated.

Bernard Snow, an expert, whose name has been mentioned in connection with a possible federal investigation of the rise in prices said: "Today's market is a full answer to any questions which may have arisen in the minds of federal officials as to whether there has been anything artificial in the actions of the grain market."

Later December sold at 1.46 7/8 and closed at 1.45 5/8. September closed at 1.42. The net advance compared with yesterday's close was 45-8c for September and 41-2c for December.

## DISCUSS INVESTIGATION

CHICAGO, Aug. 15.—Whether a federal investigation is to be made into the recent rise in the price of wheat and the subsequent threatened advance in the price of bakery goods, will be decided at a conference later today between Edward N. Hurley, chairman of the federal trade commission and Charles F. Cline, United States district attorney.

Mr. Cline today said that the heads of several large baking concerns had discussed the situation with him and made threats of an immediate advance in prices.

## FUNERAL NOTICES

KERWIN—The funeral of the late Miss Mary A. Kerwin will take place Thursday morning at 8 o'clock from the home of her niece, Mrs. Henry Pendergast, 50 Chestnut street. A mass of requiem will be sung at the immaculate Conception church at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James P. O'Donnell & Sons.

WHEELER—Died August 15th, in this city, Mrs. Helen J. D. Wheeler, aged 81 years, at her home, 722 Merrimack street. Mrs. Wheeler was the widow of the late Albert H. Wheeler. Funeral services will be held at 122 Merrimack street, Friday afternoon at 2 o'clock. Friends are invited without further notice, burial private. Please omit flowers. The funeral arrangements are in charge of Undertaker George W. Henley.

PLUMMER—Died in North Tewksbury, Aug. 14, Wesley E. Plummer, aged 75 years, 6 months. Funeral services will be held from his home in North Tewksbury Wednesday afternoon at 2:30 o'clock. Friends invited to attend. Burial private. The funeral arrangements are in charge of Undertakers Young & Blake.

CHANDLER—Died in this city, Aug. 14, Mrs. Edith G. Chandler, aged 44 years, 5 months. Funeral services will be held from the rooms of Undertakers Young & Blake Wednesday afternoon at 2 o'clock. Friends invited to attend. Burial private. The funeral arrangements are in charge of Undertakers Young & Blake.

National at Cincinnati: Chicago-Cincinnati game postponed, rain. Game will be played tomorrow, an open date.

## COTTON REPORT

6,395,972 Bales Were Used During the Year Which Ended July 31

WASHINGTON, Aug. 15.—Cotton used in the United States during the cotton year which ended July 31, aggregated 6,395,972 bales compared with 5,977,362 last year, the census bureau today announced. Linters used in this period and not included in the foregoing statistics amounted to \$31,385 bales, compared with 198,905 last year. Cotton used during July was 493,933 bales compared with 496 in July last year.

Cotton on hand July 31, in consuming establishments was 1,632,456 bales, compared with 1,401,155 a year ago and in public storage and at companies 112,290 bales compared with 93,851 a year ago.

Linters exported in July were 52,750 bales compared with 11,560 a year ago and for the year 233,808 bales compared with 221,815 the previous year.

Miss Curran, the motion picture actress, never had any stage experience.

## SLEEPYTIME TALES

WHAT TIP CAUGHT WITH HIS PAW

Once upon a time Tip followed Baby John down on the beach and while the baby was playing Tip ran to some rocks near by. Tip was very good and would not run away but he liked to play in the sand or scramble over the rocks and seaweed.

This morning the tide had just gone out and the rocks were damp and cool and Tip was having a fine time, when all at once he saw something crawling along the rocks close beside him. It seemed all legs but in spite of that it didn't go very fast or very straight and Tip stopped to watch and see what it was going to do. At last it crawled into a puddle of water that the tide had left in some rocks and there it stayed as quiet as could be.

Tip went to the edge of the puddle and looked in. There it was clinging to the rocks and Tip put one paw in and touched it. In a second something grappled Tip's paw so hard he couldn't get it away and, oh, how it hurt. Tip began to chatter as fast as he could not get it away, and he pulled with all of his might but still the creature hung on to his paw as hard as ever.

Then Tip began to move away and

presses 1,000,914 bales compared with 1,784,919 a year ago. Cotton spindles active during July numbered 32,267,902 compared with 31,207,965 in July last year.

Imports in July aggregated 7635 bales compared with 35,667 a year ago, and for the year 437,372 bales compared with 352,256 the previous year. Exports during July aggregated 492,831 bales including linters, compared with 244,477 a year ago and for the year 6,204,188 bales compared with 5,514,563 the previous year.

Linters used during July aggregated 61,409 bales compared with 45,850 a year ago. Linters on hand July 31, in consuming establishments amounted to 99,967 compared with 138,905 a year ago and in public storage and at companies 112,290 bales compared with 93,851 a year ago.

Linters exported in July were 52,750 bales compared with 11,560 a year ago and for the year 233,808 bales compared with 221,815 the previous year.

## GERMAN TRENCHES ALONG BANKS OF MEUSE CAPTURED

BY FRENCH

PARIS, Aug. 15, 12:30 p. m.—French troops captured German trenches on a front about 300 yards long and 100 yards deep north of the chapel of Sainte Fine at the intersection of the Fleury and Vaux roads on the right bank of the Meuse, in the Verdun sector, last night, says the war office statement today.

The announcement follows: "On the Somme front our artillery displayed great activity in various sections north of the river and in the districts south of Bellop and Estrees and north of Lihons.

"South of Bellop a German reconnoitering party was dispersed by our rifle fire.

"North of the Aisne an enemy detachment, after a lively bombardment, penetrated a small salient of our lines northwest of Beaulieu.

"It was driven out by an immediate counter attack.

"On the right bank of the Meuse (Verdun front) a series of minor actions were carried out brilliantly by our troops north of the chapel of Sainte Fine, enabling us to carry some portions of German trenches on a front of 300 yards and a depth of about 100 yards. The enemy attempted to recapture them by a counter attack, which was broken up by our curtain of fire.

"The bombardment continued with considerable violence in the sectors of Fleury and Vaux-le-Chapelle."

## AUSTRIAN AIRMEN ARE CONTINUING BOMBARDMENT OF ITALIAN POSITIONS

BERLIN, Aug. 15. (By wireless to Sayville).—Austrian airmen are keeping up their active bombardment of Italian positions at the mouth of the Isonzo and in neighboring territory, says an admiralty statement from Vienna today.

## THE RAPID RUSSIAN ADVANCE IN GALICIA CONTINUES

PETROGRAD, Aug. 15, via London, 3:10 p. m.—The rapid Russian advance in Galicia continues. Russian troops are crossing to the western banks of the Zlota Lipa and the Bystritsa-Sulotvina and are advancing along the upper Stripa, the war office announced today.

The announcement follows: "On the evening of Aug. 14, a German albatross appeared over the town of Nesvizh. Staff Capt. Kruten, who had been down in an aeroplane at Nesvizh on Saturday, ascended with his machine, which is armed with a machine gun. He engaged the hostile aeroplane and drove it to earth in the vicinity of Nesvizh. The pilot, who was wounded, and the observer, were captured."

"Our advance westward in the region of the upper Stripa is continuing. On the Rivers Zlota Lipa and Bystritsa-Sulotvina our troops are crossing successfully to the western banks."

## BRITISH RE-TAKE TRENCHES CAPTURED BY GERMANS ON SOMME FRONT

LONDON, Aug. 15, 3:40 p. m.—Nearly all of the remaining trenches north-west of Pozieres, on the Somme front in which the Germans gained a footing on Sunday have been retaken, the war office announced today.

The announcement follows: "As a result of local fighting north-west of Pozieres during the last two days we have retaken nearly the whole of the remainder of the trenches in which the enemy gained a footing early Sunday. Last night we also forced entry into the enemy's trenches near Mouquet farm, returning to our lines with 11 prisoners."

"On our right flank two attempts by small hostile detachments to raid our trenches were repulsed with loss to the enemy."

"Northwest of Hulluch the enemy exploded a small mine. We occupied the crater. Last night a feinted raid on the enemy's trenches south of Armentieres caused much commotion in the enemy's lines of which our artillery took full advantage."

## KAISER LEFT BERLIN FOR THE EASTERN BATTLE FRONT

BERLIN, Aug. 15, via London.—"The emperor has again left for the eastern front," says an official statement issued here today. "After having visited, toward the end of his stay of several days on the western front, the army of the crown prince, and, accompanied by the commander-in-chief, various units behind the battle front."

## TEUTONIC TROOPS UNDER BOTHMER OFFER DETERMINED RESISTANCE

BERLIN, Aug. 15, via London, 5:02 p. m.—Austro-German troops under Gen. Count von Bothmer are offering determined resistance to the Russian advance along the upper Stripa in northern Galicia. They have completely repulsed strong attacks in the Zborov-Konichy sector, according to

## THE OFFICIAL STATEMENT OF THE WAR OFFICE TODAY

BERLIN ADMITS SUCCESS FOR BRITISH ALONG SOMME FRONT

BERLIN, Aug. 15, via London, 5:06 p. m.—After attacks of the greatest violence on the Somme front, continuing until late last night, the British obtained a footing in first line German trenches on the Thiepval-Pozieres front, the war office announced today.

"Yesterday afternoon the British repeated their attacks from the Ovillers-Bazentin-le-Petit line, and continued them with the greatest violence, far into the night. They again obtained a foothold in the same section of our first line trenches on the Thiepval-Pozieres front from which they were repulsed yesterday morning. Otherwise all their numerous assaults, which followed each other at short intervals, broke down completely with very sanguinary losses in front of our positions.

"The French twice repeated their

fruitless efforts between Maurepas and Henin.

"Between the Ancre brook and the Somme and beyond this sector the artillery battles have not yet ended.

"On the remainder of the front there were no incidents of importance, apart from rather lively fighting southeast of Armentieres, at certain points in Artois and on the right bank of the Meuse (Verdun front).

"Front of Field Marshal von Hindenburg. All Russian attacks against the Lub and Graberka sectors, south of Brody, failed.

"Front of Archduke Charles Francis: The army of Gen. von Bothmer completely repulsed strong attacks, some of which were repeated frequently, in the Zborov-Konichy sector on the high road leading from Brezany and Putovry to Kozowa and to the west of Monasterzyska, with very heavy losses to the Russians.

"Balkan front: South of Lake Dolina enemy forces consisting of about a battalion attacked Bulgarian advanced posts. The attack was repulsed."

NEWS FROM CITY HALL  
AND COUNCIL MEETING

Action on Request for More Firemen Deferred—Mayor O'Donnell Back From Ideal Auto Trip

The matter of transferring the sum of \$3500 from an appropriation for the purchase of an automobile truck chassis to the regular fire department appropriation in order to allow Commissioner Putnam to appoint four or five new firemen, was again taken up at this morning's meeting of the municipal council and again action was deferred. Commissioner Putnam has been asked to supply the council with a list of expenses, and stock on hand since the first of the year and also a list of what will be needed and the expenses for the remainder of the year. The Hildreth Granite Co. asked the council to be heard on the matter of a bill for paving blocks which the company alleges, was never paid.

NARROW ESCAPE DARING HOLDUP

An Automobile Turned Turtle on Lawrence Boulevard at Elmsmere

Two young men had a miraculous escape from death early this morning when the machine in which they were riding turned turtle on the state boulevard at Elmsmere, Draught. Fortunately neither of the men was pinned underneath the car and after it had turned completely over, they crawled out from under it. One of the men sustained a slight injury to his arm when he struck the ground and the other was shaken up but showed no signs of external injuries.

The machine was a touring car of the Ford type owned and driven by George Hanaway of 230 Fletcher street, this city. He and a companion were driving toward Lawrence. They left this city about 5:30 o'clock and were traveling over the boulevard at a fairly good speed. When near the house of Charles H. Bull in Elmsmere, the machine suddenly whirled around once or twice, struck the embankment and then overturned. The top was not up and the machine lay on the road with the four wheels in the air.

Mr. Bull was probably the first on the scene of the accident. He was upstairs when he heard the crash and upon looking out saw the machine upside down with one man crawling from under it. He hurried downstairs and when he reached the road, the two men were standing looking at the machine.

One of the men had a bruised arm and he was taken into Mr. Bull's house and treated. The other telephoned to a garage for assistance. The windshield, steering gear and other parts of the car were damaged.

Applied the Emergency

Quick action by Charles H. Bull of Elmsmere, who has a place of business in Market street, averted an automobile accident on the Centralville bridge this noon. Mr. Bull was driving across the bridge when a man stepped directly in front of the machine and stood still. The pedestrian turned his back and did not appear to realize that he was standing in the street, despite the fact that the auto was within a few feet of him. Mr. Bull was driving at a moderate speed and by applying the emergency brake brought his car to a stop without striking the man.

IN POLICE COURT

Judge Fisher Hears the Details of a Peculiar Larceny Case

A rather unusual larceny case was aired before Judge Fisher in police court this morning. William H. Park being charged with the larceny of \$100 in money from Louis Wisenberg. During the course of the trial it was brought out that Park had used his employer's money to gamble with, had lost about \$150 and then stole back part of the money he had lost from the man who had won it. The court after hearing the testimony in the case found the defendant guilty but placed the case on file. Charles A. Donahue appeared for the defendant with the complainant was represented by A. S. Goldman.

Park belongs in Portland, Me., but of late has been living in Lawrence and is employed by a Boston tea concern.

CHALIFOUX'S ON THE SQUARE  
Close your eyes to quality and the world is full of cheap things. But with your eyes open, the real good things are few and far between. When we buy our goods, we look sharp for quality and workmanship. If they are right, we see about the price; if not, ten cents on a dollar would not tempt us to buy, for we have a reputation at stake. If you buy merchandise here, it's right; no matter how little you pay for it, it's right.

RAILROAD SITUATION GRAVE

Employees, it is Said, Will Not Accept Proposal of Railroads—"Let Us Pray," Says Head of Conductors—Feeling of Optimism Vanishes

WASHINGTON, Aug. 15.—As the heads of the railroad brotherhoods assembled at the White House at 3 o'clock this afternoon for their second conference with President Wilson there were expressions of doubt among officials close to the situation over whether the men would accept the proposal of the railroads made to the president earlier in the day by the managers' committee. In effect the railroads proposed, it was understood, to grant the basic eight hour day and leave the question of its application to be decided by some commission.

The heads of the brotherhoods said before going to the president's conference that they themselves could not pass upon such a proposition, but would have to refer it back to the general committee of union heads in New York.

As the men entered the president's room, however, the union leaders gave outward evidence of pessimism. "Let us pray" was the cryptic response of A. B. Garretson, head of the conductors when asked what he thought of the outcome.

"I hope to the Lord this conference will be favorable," said Lee of the conductors.

It was apparent that the feeling of optimism which prevailed when yesterday's conference closed had mysteriously been dissipated today and that all recognized the situation as more grave.

The account of the morning session, and other strike news will be found below.

THREATENED STRIKE HALTS MOVEMENT OF U.S. TROOPS

Delicacy of Railroad Situation Causes Suspension of Order to Vermont, Kentucky and Ohio Troops to Proceed to Border—Railroads Said to Be Ready to Concede Principle of Eight Hour Day

WASHINGTON, Aug. 15.—Orders for the remaining mobilized units of the National Guard to proceed to the border have been suspended by the war department. No official explanation has been made but it is known that the delicacy of the railroad strike situation has been the moving consideration.

Some of the Kentucky, Ohio and Vermont troops were about ready to go to the border.

It is clear that the suspension is not a revocation of the orders and that if the railroad strike situation clears up the troops will be moved to the border.

The official explanation of the change at the war department is that difficulties of transportation and equipment suddenly developed have made a delay necessary. It is known.

SUNK WITHOUT WARNING

Four British and Three Neutral Ships Attacked Since Declaration Made to U. S. Government

LONDON, Aug. 15.—Baron Sydenham inquired today in the house of lords whether the government considered that commanders of German submarines made to the American government in May in regard to sinking vessels without warning, and whether Austrian submarines were bound by the same conditions. The Marquis of Crewe replied that the more public attention was called to the "monstrous proceedings" of submarines, pending the time when it would be possible to make a definite declaration on behalf of the entente allies as to the policy they proposed to pursue regarding them, the better it would be from every point of view.

The government's information was that since the undertakings have been given to the American government four British and three neutral ships had been sunk without warning by submarines, all most certainly German. At least 46 lives were lost.

The marquis said it was impossible to avoid the definite conclusion that in the seven cases there had been clear violation of the undertaking given by the German government. Those cases might be regarded as proved. In addition, there were a number of others in which ships had been sunk and lives lost in circumstances which made it seem highly probable that there had been a breach of the undertaking.

Immune to Paralysis  
DR. ZINGHER URGES USE OF BLOOD SERUM OBTAINED FROM PATIENTS

NEW YORK, Aug. 15.—Family physicians were advised today by Dr. Abraham Zingher of Willard-Parker hospital, to try the use of "normal" blood serum obtained from patients as a method of rendering their children immune to infantile paralysis. Many cases of this disease have been treated in Willard-Parker hospital during the present epidemic.

ITALIAN VICTORIES IN AUSTRIAN TERRITORY

Tolmino in Flames—Fall Near—Austrians Flee—Austrian Fleet Leaves Trieste—Kaiser in East

The Italians are making rapid strides in their drive on Austrian territory, both north and south of Gorizia, today's despatches indicate. In the former direction, they have reached the suburb of Tolmino, 18 miles northeast of Gorizia, according to unofficial messages, which report the city on fire and in process of evacuation by the Austrians, its fall being momentarily expected.

To the southeast, special despatches assert, the Italian advance guard has reached a point within 15 miles of Trieste.

The greater part of the Austrian fleet is reported to have left the harbor of Trieste for an unknown destination. The Austrian naval base of Pola lies on the Adriatic, 55 miles south of Trieste.

This would naturally be the refuge of any portion of the Austrian fleet which might be at Trieste when the safety of that city was considered to be menaced.

Tolmino, a place of only some 2000 inhabitants before the war, has been of chief importance during the period of hostilities because of the strong bridgehead position established there by the Austrians in their system for the defense of the Isonzo region north of Gorizia. This bridgehead, considered generally next in importance to that of Gorizia has persistently resisted Italian attacks. The town itself, however, which has frequently been under Italian shell fire, has previously been reported abandoned by the Austrians, but these reports never have been confirmed.

Kaiser Rushes to East  
Emperor William is again on the eastern front where the Austro-German armies are struggling desperately to withstand the heavy strokes of the Russians in Galicia and Volhynia. In the latter region the opposing forces are at a standstill, but it is apparently the case that the Austrians, the onward sweep of General Brusilov's forces is continuing with rapidity.

Austrians Falling Back  
The Zlota Lipa line to which the Austrians fell back, after the forced evacuation of their positions along the Strpa, apparently is not destined to hold for any length of time. Petrograd today reports the Russians crossing to the western banks of the Zlota Lipa river at some points, thus menacing the flank of Gen. von Bothmer's lines elsewhere along that stream.

Gen. Lechitzky Continues Advance  
Further to the south Gen. Lechitzky is continuing his advance below Hilez across the Bystritsa-Slotovina line, while to the north, the Russians are moving along the upper Strpa upon the new positions which the Teutons have taken up to the west of their old line.

British Regain Positions  
The Germans did not long hold position.

READY TO CONCEDE THE PRINCIPLE OF 8 HOUR DAY  
WASHINGTON, Aug. 15.—After the committee of railroad managers had another conference with President Wilson early today, it became known that a proposal was under consideration by which the railroads would accept the principle of an eight hour day and leave the working out of its details to be decided by some commission.

WILSON AGAINST TOUR

PRESIDENT, HOWEVER, WILL ACCEPT INVITATIONS TO SPEAK AT DIFFERENT PLACES

WASHINGTON, Aug. 15.—After a conference today with President Wilson and the members of the executive campaign committee, Vance C. McCormick, chairman of the national committee, announced that the president would make no speaking tour but probably would accept invitations to speak at different places.

TELEPHONE ALARM  
A telephone alarm at 10:05 this morning was for a chimney fire at 99 Gorman street in a building owned by Joseph Sousa. There was no damage.

U. S. DESTROYER LAUNCHED

BATH, Me., Aug. 15.—The United States torpedo boat destroyer Davis was launched from the yards of the Bath Iron works at 2:05 this afternoon, the christening of the vessel being performed by Miss Elizabeth Davis of Washington, grand daughter of the late Rear Admiral C. H. Davis, for whom the destroyer is named. Between 5000 and 6000 people saw the launching. The Davis' length is 315 feet, 3 inches over all, and her normal displacement is 1075 tons. She will carry a crew of 103 men and her standardization calls for a speed of 30 knots an hour. The Davis will burn oil exclusively for fuel.

NEW SCHOONER LAUNCHED  
PHIPPSBURG, Me., Aug. 15.—The three-masted schooner James M. W. Hall, built for Rogers & Webb of Boston, was launched at noon today, from the yards of F. S. Bowker & Son. The vessel was christened with champagne by Miss Helen W. Hall, of Boston, daughter of the man for whom she was named. The Hall is 157 feet long, 34.6 feet width, 14.3 feet depth, and has gross tonnage of 512. Her carrying capacity is about 900 tons.

## YES ON DEUTSCHLAND

NEW YORK FIRM RECEIVES CONSIGNMENT—FIRST SINCE BEGINNING OF WAR

NEW YORK, Aug. 15.—The first consignment of dyes brought from Germany by the submarine freighter *Deutschland* has been received by a New York firm. In this city, it constitutes the first shipment of the kind to reach this city from German manufacturers since the beginning of the war.

Other dye-stuff users here received it with interest, for some of the *Deutschland's* cargo, which is estimated to have included about 200 tons of dyes valued in excess of \$1,000,000.

It is reported that high prices are demanded for these dyes, but one of the consignees here said that it was hard to believe that fabulous profits would be realized on their sale. He declared that the cost of the dyes in Germany is at least twice what it was before the war, that freight and insurance charges are three times as great, and that the dyes brought by the *Deutschland* were not in the form of paste, composed of ten and twenty per cent. dye and the rest paste, but 100 per cent. dye.

## GOES TO SENATE

The New Revenue Bill  
Approved by Caucus  
Last Night

WASHINGTON, Aug. 15.—The revised administration revenue bill, which is expected to yield \$205,000,000 annually, was ready today for submission to the senate. It was finally approved by senate democrats in caucus last night

as amended by the finance committee. The bill probably will be reported to the senate tomorrow and taken up for consideration as soon as the government shipping bill is disposed of.

Features of the revised measure are a surtax on incomes, an inheritance tax, a 10 per cent net profit tax on the manufacture of war munitions, a 5 per cent tax on manufacturers of materials entering into munitions, a corporation license tax, liquor taxes and miscellaneous taxes.

The measure retains the house provision for a non-partisan tariff commission, and provides for a tariff on coal tar dyestuffs.

## NAVAL PROGRAM

House Takes Up Conference Report on the Appropriation Bill

WASHINGTON, Aug. 15.—A lively fight was in prospect when the house took up today for final action the conference report on the naval appropriation bill carrying approximately \$315,800,000.

The principal contests ahead were over the senate building and personnel increases. These provide for construction of 157 ships in a three-year program, including four battleships and four battle cruisers in 1917 and an enlisted strength of 74,400. It was regarded as virtually certain, however, that the increases would be agreed to.

Representative Kitchin of North Carolina, the majority leader, was on today's list of speakers in opposition to the adoption of the conference report.

## LOAN TO ENGLAND

Negotiations for New \$250,000,000 Loan Practically Complete

NEW YORK, Aug. 15.—Official announcement of a new \$250,000,000 loan to Great Britain, negotiations for which have been in progress for some time, probably will be made within a few days. It is stated in financial circles here. The loan, according to an unofficial summary of its terms, will be in the form of two year 5 per cent notes, secured by deposit of collateral. Unlike the Anglo-French loan, no conversion privilege will attach to the present loan, which will be a direct obligation of the British government.

It is said, however, to contain other features which will make it particularly attractive to banks, although it will be offered publicly.

The proceeds will presumably take care of Great Britain's financial obligations in this country for a considerable period. The amount of Great Britain's short term obligations here, now outstanding, will take up but a small proportion of the present loan. It is said, leaving the greater part to meet future payments on war materials in this country.

## DOLLAR DAY

WEDNESDAY

Firm in the belief that live newspapers are of more importance to a city than its city government, its chamber of commerce, or civic bodies, and to show in slight measure my appreciation of its endless, untiring efforts to help Lowell, I join the Lowell Board of Trade Dollar-Day whole heartedly and without stint.

Wednesday

To each purchaser leaving his order in my store for a Suit or Overcoat to measure I will make an extra pair of trousers for Special For Wednesday Only  
EXTRA PAIR TROUSERS TO ORDER

P. S.—Goods and linings are advancing every day and are now selling at prices undreamed of a little while ago. The country's best judges declare with certainty that they are going a great deal higher in price. This offer is made at a very difficult time to obtain merchandise, but anything sponsored by the Board of Trade is worthy of the best I have. The public may rest assured that only my usual high grade goods will be shown. My new fall goods, thousands of yards, are on my tables—nothing reserved, everything included. Pick our your fall suit Wednesday, get in on the trousers to match for One Dollar extra. You almost get two suits for the price of one, and take your suit when you want it—say September or October.

Signed, MITCHELL

MITCHELL, The Tailor

31 MERRIMACK SQUARE, LOWELL.

Joseph Osta of the Salem road, Billerica, and he took Miss Lawo to St. John's hospital where she received treatment. According to the story told the police, Miss Lawo was crossing the street when the automobile swung from Westford into Grand street and struck her.

The board of trade has learned that a canvass is being made of Lowell by people who claim to represent Boston business houses and are endeavoring to dispose of talking machines. Their method, it is said, is to leave a machine and get someone to sign a paper which proves to be an assignment of wages. The board wishes to warn people not to do business with these canvassers as they have been known to charge high prices and cause much trouble to people who have done business with them.

## AUSTRALIAN WOOL YEAR

SYDNEY, Australia, Aug. 15.—The American demand was probably the most conspicuous feature of the statistical Australian wool year of 1915-16 during which Antipodean wool trade and prices for certain grades of the product reached figures never before known in Australia.

At the port of Sydney, the largest market for raw wool in the world, although a drought had prevailed over large areas of the state of New South Wales greatly reducing the stocks there was an increase in sales of over 154,000 bales and an increase in realizations of over \$26,250,000.

During the year in the Sydney market alone the United States more than doubled the quantity of wool taken during the previous year. The total shipments jumped from 22,000 bales in 1914-15 to 273,600 bales (estimated) in 1915-16. Japan and Italy were also heavy buyers. Had not the imperial embargo operated against American purchases just at the close of the year it is probable that the figures for that country would have been still larger.

## STABBED IN THE HEART

B. & M. TRACK WORKER MURDERED AFTER ARGUMENT OVER CUP OF COFFEE

SALEM, Aug. 15.—James Gormono, a track worker on the Boston & Maine railroad, was stabbed in the heart with a table knife today after an argument over a cup of coffee and died within a half hour. Michael Loppio, also a track worker, was arrested by the police and held on a charge of murder.

# LOWELL CONCERN

Questions Asked as to Process Employed by the Gilet Company

The Gilet Carbonizing and Degreasing company of this city will occupy the Middleton paper mills at South Middleton and the news of the company's contemplated occupancy of the plant seems to be bothering the health departments of Salem and Ipswich.

Saturday's edition of The Salem Evening News contained an article in which the possible pollution of the Ipswich river was discussed at considerable length, and, in part, as follows:

Will the establishing of the Gilet Carbonizing and Degreasing Co.'s plant at the old Middleton paper mills property on the Ipswich river result in a menace to the health of Salem?

Will the company, by using any rights it may have, dump its chemicals and waste into the river and pollute the water, which will in the future be used as part of the supply of the cities of Salem and Beverly?

These and numerous similar questions, are being asked by interested Salemites, who are as yet in the dark as to the business of the Gilet company and its manner of conducting it.

If the river is polluted by the Gilet company's business, serious consequences might follow, the mills being above the point where the Salem and Beverly auxiliary supply is taken, also Peabody's.

The Salem and Beverly water supply board, Hon. Nathan Matthews of Boston, chairman, is looking carefully into the business of the Degreasing company, but as yet has not arrived at definite conclusions on the pollution of the river. The carbonizing process may be carried on in such manner as not to interfere in any way with the purity of the Ipswich supply, but this fact is yet to be determined.

That the business will not be allowed to pollute the river seems to be a foregone conclusion. The state board of health and the Massachusetts Waterways commission have supervision over all streams, the former particularly in the case of a river which is used for water supply purposes. The opinion of the local health board and George F. Ashton of the Salem and Beverly water supply board is that the state health department will take care of the river pollution matter and that the Degreasing company will not be allowed to dump chemicals or waste matter into the Ipswich.

The auxiliary supply from the river for the cities of Salem and Beverly will have cost about \$125,000 when all bills contracted by the water supply board have been paid. Salem had the hardest time of a fight in the legislature to retain her rights in Wenham lake, this battle costing the city a net loss of \$100,000.

The fact that she won and that something must be done to increase the water supply for the two cities led to the creation of the board. The board was empowered to obtain a supply from the Ipswich river, which has been done at half the estimated cost. To have the whole thing knocked in the head, after the supply system

## FAMOUS HOTEL BURNED

EDGEHURST HOTEL AT LAKE QUIN-SIGAMOND BURNED FLAT—LOSS ESTIMATED AT \$15,000

WORCESTER, Aug. 15.—Fire which started in the kitchen late yesterday destroyed the Edgehurst hotel, the largest resort at Lake Quinsigamond and a famous gathering place of politicians and sporting men for many years. The loss is estimated at between \$10,000 and \$15,000. The building was owned by the Worcester Land Development company and was partly insured. Early this summer it was leased by George E. Williams for five years.

The hotel was located at Edgehurst park and for many years has been the scene of political gatherings and outings. Sam Langford and other pugilists had training quarters there a few years ago, and for many years sporting men from all over New England had held outings at the hotel, which was located on the Shrewsbury shore of the lake.

It was a 2 1/2 story structure with 20 rooms. When the fire was discovered there were about 15 guests in the hotel, besides a number of persons who were passing the day there. Many of the guests lost all their belongings, while the 15 employees lost everything except the clothes they were wearing.

Assisted by cottagers and campers near the hotel the employees removed all the silverware and practically all the furniture on the ground floor. The fire was discovered by employees working on the upper floor. They saw smoke issuing from the section near the kitchen and spread the alarm. The blaze was fought with pony extinguishers, and cottagers and campers formed a bucket brigade. The flames spread so rapidly that all attention was soon directed to saving the property in the part of the building not on fire. The Shrewsbury fire department was called and apparatus from Worcester was summoned. Water was pumped from the lake, but the fire had reached such proportions that all efforts to get the blaze under control were futile.

The exploding of a large tank containing kerosene caused excitement, as several of the men engaged in fighting the fire were nearly caught in the streams of burning oil. It was feared that a tank holding 300 gallons of gasoline would explode and this kept hundreds of curious persons at a safe distance from the building. The fact

that the tank was buried deep in the ground prevented an explosion. The fire spread to the water tower, but that structure was saved, as were a number of buildings and cottages in the park.

It was at Edgehurst that Worcester county democrats and republicans have been accustomed to open their annual political campaigns. Several big outings were booked for the place for the remainder of the month. Managers George E. Williams and George Malley said last night they will provide clamshakes for big parties already booked in a tent.

The hotel destroyed yesterday was only 10 years old, as it replaced one burned to the ground on Dec. 31, 1905.

## BASEBALL NOT A MISSILE

JUDGE CUTLER OF CHELSEA COURT RULES ON REVERE THROWING CASES

BOSTON, Aug. 15.—"A baseball is not a missile," according to a ruling made by Judge Samuel R. Cutler, in the Chelsea court yesterday, and in consequence Miss Blanche A. Levy, 21 years old, and her sister, Miss Sylvia C. Levy, 22 years old, both of Worcester, were found not guilty of throwing missiles at Revere beach on Sunday, as charged by the Metropolitan park police.

Sixteen persons including the two young women were haled into the Chelsea court by the Metropolitan park police, who charged they were throwing stones and balls, several of them striking visitors at the beach, and in some cases inflicting cuts and bruises which required medical attendance at the emergency room at the station. Complaints were made to the police and as a result a round up was made on Sunday.

INQUIRIES IN DOING CASE WASHINGTON, Aug. 15.—Inquiries have been addressed to the British government through the American embassy at London, as to the case of Frank B. Doring, who had been imprisoned at Liverpool by the British, and recently committed suicide in Boston.

Doring was arrested in Liverpool on the suspicion of being a spy, and though released shortly afterward, his suicide upon his return to Boston was said to have been caused by a fear that he was being persecuted by English agents. Congressman Olney brought the case to the attention of the state department.

If you want help at home or in your business, try The Sun "Want" column.

## STARVING THE MOTHS

STATE FORESTER RANE HAS HIT UPON NOVEL WAY OF KILLING GYPSY AND BROWN TAILS

STATE HOUSE, Boston, Aug. 14.—A plan for exterminating the gypsy and brown tail and leopard moths, by destroying their natural feeding grounds has recently been put in operation by the state forester's department, with results which have been entirely satisfactory up to the present time.

Likely up with the plan is another, by which the state department assists owners of hardwood "scrub" growth to find a market for it, and already the New York, New Haven & Hartford and the Boston & Maine railroads have been interested, and are purchasing large quantities of hard wood for railroad ties.

Early in the fight against the gypsy and brown tails the forester's department discovered that the brown tail, when full grown, lacks sufficient strength in his jaws to enable him to feed on the foliage of pine, hemlock and spruce trees, and he therefore is forced to get his sustenance from the more easily masticated leaves of the hardwood growth. The gypsy also, in his younger days, experiences the same difficulties with the conifers, although when he reaches maturity he is able to make a meal of evergreen, if he can find nothing else.

Now the state department has begun to put this knowledge to practical use. State Forester Rane reasons that since both moths must eat the hardwood foliage when young, they will starve if their regular diet is taken away, and he has the plan to get rid of the hardwoods.

He had expected that farmers generally would readily agree to cut off their hardwood scrub growth, and set out pines in place of it, since a pine set is worth at least ten times as much as the scrub stuff. But they were "from Missouri," in most cases, and refused to sacrifice the wood which the saw standing for that which might never grow, although the exchange would yield them in the end at least ten times as much return. So the forester had to find some way of marketing the hardwood cuts, and this he has done, as stated above, with the co-operation of the railroad companies.

The result is that the state department is prepared to find a market for the hardwood growth on the land of any farmer in Massachusetts who will advance the money to pay for cutting it, and the state will furnish experienced men for the cutting. Thus far, Mr. Rane says, the plan has worked with complete satisfaction, and the best thing about it, aside from the fact that a cash market has been found for what has heretofore been considered absolute waste, is that it means the complete extermination of the moth pests, and that within a few years.

## DIVE 30 FEET TO SAVE BOY

TWO BOSTON BOY HEROES RESCUE JACOB SHORT—FELL OFF BRIDGE INTO WATER

BOSTON, Aug. 15.—Two boys, names unknown, are entitled to great credit for their bravery in diving off the corner street bridge about 5 o'clock yesterday afternoon and saving the life of a 6-year-old Jacob Short, son of Mr. and Mrs. Benjamin Short of 57 Oswego street, South End.

A short time before the accident Jacob and his twin brother Max received some pennies from their mother, and after spending the same aside their way to the bridge, a few blocks from their home. Jacob wanted to see the water and the ships, and in some unknown manner tumbled into the water.

Max began to cry and headed for home. His cries attracted the attention of the two unknown boys, who, seeing the little fellow in the water, without waiting to remove any of their clothing, climbed to the guard rail and plunged headlong 30 feet into the water below. When they came up they grabbed the youngster and held him while a fireman named Porter and another man got some ropes.

The boys then made Jacob fast, and he was hauled to the bridge. They in turn were hauled up. The fireman and the other man gave the boy first aid.

## THE BRITISH BLACKLIST

GREAT BRITAIN'S REPLY TO PROTEST OF ARGENTINA PUBLISHED

BUENOS AIRES, Aug. 15.—Publication today of the Argentine note regarding the British trade blacklist and of Great Britain's reply shows that Argentina requested that the British decree of Feb. 29 be repealed or modified on the ground that it interfered with domestic commerce.

In his reply Sir Edward Grey expressed the belief that Argentina's prosperity did not depend upon business concerns in countries hostile to the entente. Great Britain had taken precautions, the reply said, to avoid injuring firms actually of Argentine nationality but was bound to watch the transactions of firms acting as agents for firms in Teutonic countries.

## SANCTUARY CHoir

Special Meeting Thursday Evening to Complete Arrangements For Annual Outing

A special meeting of St. Patrick's sanctuary choir will be held Thursday evening, Aug. 17, at 7.30, to complete arrangements for the annual outing on Thursday, Aug. 24, at Cambridge lake. It is necessary that every member of the choir should attend this meeting. Various committees will be appointed to look after the details of the outing. As in former years, the program of sports will provide amusements for all members and prizes will be awarded to the successful contestants in each event. It is the aim of Rev. Niles, the director, to make this year's outing the best ever.

## MARCH OF PROGRESS

The exposure of all eyes is the new Motor Casket Wagon of the well known firm of James F. O'Donnell & Sons which they have added to their already high class equipment. It is in accord with the progressive policy of this leading firm to not only keep abreast of the times but to anticipate the trend of all that pertains to the care and burial of the dead and in placing this motor vehicle into service James F. O'Donnell & Sons once again show that they are entitled to be classed as leaders in their profession.

## FOUND WIFE DEAD IN BED

MRS. HOLTON OF CAMBRIDGE NEGLECTED TO TREAT SERIOUS BURNS SUSTAINED A WEEK AGO

BOSTON, Aug. 15.—As a result of neglecting to treat properly serious burns she sustained about the body a week ago, while lighting the Kitchen fire, Mrs. Bernard Holton, 56 years old, died suddenly yesterday at her home, 1 Carlton street, Cambridge.

When Bernard Holton, her husband, returned last evening from his work he found the door locked. He gained admission by means of the fire escape and found his wife dead in bed.

Medical Examiner Swan viewed the body last evening and reported that death was due to failure to secure proper medical attention at the time of the fire.

## BIG TENNIS TOURNAMENT

LAKE FOREST, Ill., Aug. 15.—The challenge round of the western tennis championship tournament and the national doubles preliminaries comprised the drawing card for tennis enthusiasts at Onwentsia club today. Heath Byford, winner yesterday of the western singles finals, and George M. Church of Tenafly, N. J., are expected to wage a vigorous contest for the challenge round honors. Church is the holder of the title.

The national doubles preliminaries, the purpose of which is to select a pair to meet Johnston and Grinn at New York, Aug. 23 for the national tennis championship, will begin this afternoon and the challenge round of

## REPUBLICAN TOWN COMMITTEE

At a meeting of representatives republican town committees held the town hall at Tewksbury last night it was voted to designate certain years in which the various towns put up candidates and the alternate years as follows: Tewksbury, 1917; Billerica, 1918-20; Burlington, 1919; Wilmington, 1922-23; Dracut, 1924; North Reading, 1925.

A district committee has been organized and this committee will prize all of the town committee Chairman, Henry M. Hanson and Secretary, Thomas Clark of the Billerica committee being chairman and secretary of the district committee.

# WEALTH SHARED BY LABOR

Wonderful Expansion of Commerce Under President Wilson Adds to Wage-Earners' Incomes

The second chapter of the democratic text book now in the process of being printed deals with the wage problems of America and shows how the laboring man has benefited in many millions of dollars during the Wilson administration.

Extracts from this second chapter were made public today at the headquarters of the democratic national committee in New York. A week ago the first chapter, containing the wonderful story of America's golden era during the administration of Mr. Wilson—the story which causes to pale into insignificance all records of America's past achievements—was published. In both the first and second chapters there are set forth important facts and figures for those who have been raising the calamity howl against the democracy.

The second chapter, released today, is a description of the real prosperity of a nation to be measured first by the prosperity of its workers.

The United States department of labor has just completed its official report which shows that the average wage increase in the industries is from 5 per cent to 20 per cent during the past four years, and that from 1913 to 1915 during the Wilson administration, wage earners in the United States were paid \$17,600,000,000, against \$14,320,000,000 paid in wages during the four years of Mr. Taft's term—from 1909 to 1912.

In other words, this record shows that during the Wilson administration the wage earners of the country received in wages over \$5,000,000,000 more than they did during the four years preceding under the republican administration.

Here is part of the story of labor's prosperity as culled from the democratic text book.

Taking the official data of the U. S. department of labor upon union wages per hour as the basis of comparison, you find that the average union wage during the years 1914 and 1915, under democratic laws and administration, were 10 per cent higher than the average for the six years—1907 to 1912 inclusive—under the Dingley and Payne tariff laws and republican administration.

Taking as a basis a tabulation of press announcements of wage increases for 1915, made by the department of labor, it is conservative to place the 1915 wage level at 10 per cent higher than 1914; or 20 per cent higher than the republican level of 1907-1912.

The census of 1910 (based on 1909 data) gave the number of wage earners employed in manufacturing industries only as 6,615,000, and the wages paid, \$3,427,000,000. It is estimated (on basis of preliminary returns of 1914 census manufacturers) that in 1915 American manufacturers gave employment to 7,500,000 wage earners at wages amounting to \$4,467,000,000, or an increase of nearly \$1,000,000,000 over 1910.

It is conservatively estimated that in 1915 American manufacturers employ 10 per cent more wage earners at 10 per cent higher average rate of wages per annum than in 1915. This would bring the 1916 volume of wages paid in manufacturing only up to \$5,300,000,000, or upwards of \$1,800,000,000 over the republican census record of 1910.

These figures are for wage earners employed in manufacturing industries only. The census of 1910 gave the total number employed in manufacturing and mechanical industries as 10,653,000.

In transportation, 2,897,000, and in mining 924,421, and in agriculture, forestry and animal husbandry (exclusive of 6,000,000 farmers and other employees) as 6,559,000—making a total industrial army of wage earners of over 20,000,000.

Industrial expansion—heavily increased production, intensified labor demand, larger returns and higher wages—prevails on a nation-wide scale in 1916, affects the wage level of the entire industrial army of 20,000,000 wage earners. It adds billions to the aggregate wage envelope of American labor and is an uplifting force which makes for a higher standard of civilization and progress.

## GERAGHTYS AT NEWPORT

### RECONCILIATION OF FORMER JULIA FRENCH AND HER FAMILY IS NOW COMPLETE

NEWPORT, R. I., Aug. 15.—Mrs. "Jack" Geraghty, who was Miss Julia French, daughter of Mrs. Anne French, is back in this city with her husband, living for the summer at 103 Mill street.

The beautiful young woman who started the fashionable world not so many years ago when she eloped with "Jack" Geraghty, is being received everywhere and the last vestige of doubt as to the reconciliation between Mrs. "Jack" and her family is dispelled.

Mr. and Mrs. Geraghty are seen constantly at fashionable gatherings here. At a recent show given by the Rhode Island Kennel club the Geraghtys exhibited several dogs and won a number of blue ribbons. Mr. and Mrs. Geraghty will remain here for the rest of the season and then return to their home in Woburn, Mass.

## THE PAWTUCKET BRIDGE

### IMPROVEMENT ASSOCIATION ISSUES CALL FOR INDIGNATION MEETING WEDNESDAY

The following call for an indignation meeting has been issued by the Pawtucketville Improvement association, and is self explanatory.

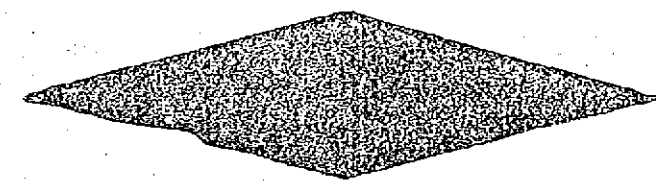

To the Public!

The residents of Pawtucketville and vicinity are to hold an indignation meeting Wednesday evening, Aug. 15, 1916, at 7:45 o'clock in Pawtucket school hall, to protest against the action of the municipal council in adopting a plan for Pawtucket bridge that was designed wholly by Engineer Mills of the Locks and Canals Co., which plan subordinates the convenience of the public in general, to the selfish interests of this private corporation.

We object to Mayor O'Donnell and the other members of the municipal council entering into any agreement with this private corporation that is detrimental to the welfare of the general public, as they appear to have done in this instance.

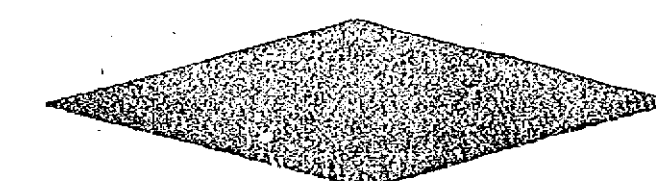

The improvement of School street hill and the bridge is in danger of being lost, by substituting a camel's hump bridge.

We are all interested in this improvement. Come to the meeting at Pawtucket school hall, Wednesday evening, Aug. 16, 1916, at 7:45 o'clock. PAWTUCKETVILLE IMP. ASSO. Lowell, Mass., Aug. 14, 1916.

People who have itched and scratched for years usually get sleep and comfort soon after Cadum Ointment is applied to skin troubles, such as eczema, pimples, itch, sores, cuts, burns, rash, blotches, scaly skin, chafing, scabs, ringworm, eruptions, etc.

## A QUARTER CENTURY AGO

The impressive ordination ceremony of the Catholic church seldom has been witnessed in Lowell in recent years, though ordinations have taken place at the Catholic church within a few years.

Quarter of a century ago, tomorrow, Rev. B. E. McAviney, O.M.I., was ordained at the Immaculate Conception church in Belvidere by the late Bishop Brady and the event was of most unusual solemnity is evidenced by the following advance notice which appeared in the old Sun:

"The ordination of Rev. B. E. McAviney, at the Immaculate Conception church, tomorrow, will be the first ceremony of this kind in this city since Rev. James Fitzgerald was ordained at St. Patrick's church by Archbishop Williams. Rev. Michael O'Brien, of Peoria, Ill., was also ordained at St. Patrick's church, by Archbishop Williams."

The old Sun described the ordination ceremony as follows:

"The huge edifice of the Immaculate Conception church was filled to overflowing Sunday morning, (August 16) and hundreds stood in the aisles. The enormous congregation was attracted by the unusual ceremony of the ordination of a young man to the priesthood and the conferring of minor orders on a number of candidates. It was also the first episcopal function performed by Rt. Rev. John J. Brady, D.D., auxiliary bishop of Boston. The spacious sanctuary was filled with priests, ecclesiastical students, brothers and altar boys, when at 10:15 the services began. The altars were handsomely adorned with flowers. Bishop Brady attended by Rev. James McGrath, O.M.I., and Rev. Fr. Tortel, O.M.I., began the low mass and after ascending the altar steps the conferring of orders was begun. The young men who received the minor orders were Messrs. Edward J. O'Callaghan, John P. Reynolds, William W. J. Howe. The ceremony included many highly symbolic incidents which were most impressive."

"Later in the mass Rev. B. E. McAviney, O.M.I., the candidate for the priesthood was presented. The ceremonial in his case was far more impressive and impressive than in those of the others. After the mass the long procession filed out of the sanctuary and Fr. McAviney, escorted by Fr. Joyce, passed outside the rail and gave his first blessing to two relatives who occupied seats in the first pew."

### Opera House Opened

The Lowell Opera House had an early opening quarter of a century ago, when under the management of John F. Cosgrave it threw open its doors, completely renovated and looking spick and span on August 22 with "Peck's Bad Boy" as the opening attraction. This was followed by the Byrne Bros. under the direction of the Primrose & West in "The Belle of Dixie," in "The Solicitor," Fanny Rice, in "A Jolly Surprise" and Dock-stader's minstrels. We had some real shows in Lowell quarter of a century ago, and many an old timer would welcome the return of those days when the biggest of the theatrical stars came to Lowell occasionally.

Simon B. Scores Again  
Says The Sun of quarter of a century ago:

"On Sunday last, Simon B. Harris made a raid on the Lonsome house in Draught and found a wagonload of spirituous liquors which he brought to the police station in Lowell."

Quarter of a century ago Simon B. made lonesome houses out of a number of exceedingly lively resorts in the suburbs, after making unexpected visits to them. In those days Simon was fishing for big game, and always landed it, which is probably why it comes so natural for him to be an officer of the Fish and Game association.

**Digestive Troubles**  
cause headache, biliousness, constipation, impure blood and other unpleasant symptoms. If these troubles are neglected they weaken the body and open the way for serious illness. Many chronic diseases may be traced back to indigestion that could have been immediately relieved by

Lowell's militia. Quarter of a century ago Mr. Salmon was also a member of the Lowell water board. With its changing industries Atherton has had its name changed several times, and while old timers always refer to the section wherein the plant is located as Atherton, its original name. It is also known as "Warrenville" and "Newtonville."

### To Get to Lakeview

The Sun quarter of a century ago said: "A number of Lowell and Lawrence people are interesting themselves in obtaining easy access to Lakeview for Lawrence people by means of the river, and the electric cars."

Lakeview has become so famous quarter of a century ago, being at that time the only park of its kind for miles around, that they were coming to it from other cities, and it was at first proposed that a small steamer run up the river to Lowell from Lawrence, and connect with the electric. But before any such scheme was put into effect the tracks were laid between Lowell and Lawrence, while the railroad opened Glen Forest park, which, while a big success for several years, has not had the successful run that Lakeview has enjoyed.

### Dr. O'Connor at Baltimore

Says The Sun of quarter of a century ago:

"Dr. James B. O'Connor of this city has been appointed to a position at the Baltimore City Hospital, which he has accepted and will start upon his duties about Sept. 20."

Afterward he returned to this city and began private practice, and hence is now in the Quarter Century class.

### THE OLD TIMER.

## SCORES BIRTH CONTROL

GOLDSTEIN DECLARES CATHOLIC CHURCH BULWARK TO SAVE NATION

David Goldstein, lecturer for the Knights of Columbus and former socialist, delivered a lecture before an audience which taxed the capacity of the Majestic theatre, Boston, last night. He scored the advocates of birth control and said that "the Catholic church is the great bulwark which will save the nation from the irreligious degeneracy of the birth control advocates."

Mr. Goldstein minced no words in his denunciation of the birth control propaganda, which he termed as mainly a socialist movement and a step toward free love. Van K. Allison, Mr. Goldstein frequently alluded to as "the hero," and in praising District Attorney Pelletier and Judge Murray, he declared they had meted out a well deserved sentence.

"It is not birth control that is wanted, it is self-control," the speaker said, "and the great ideal of the Catholic church is to look out for the quality of the children and the quantity will look out for itself."

"The birth control propaganda is not a 19th century movement, as has been said by Bernard Shaw," the speaker declared, "but it is referred to in the Bible and a chapter of Genesis tells of God's destruction of man because he advocated it."

Throughout the remainder of his address Goldstein spoke of the advocates as "Quakers."

The arguments of the birth control advocates were attacked by Goldstein from economic as well as religious grounds, and he stated that the much quoted Malthusian theory of increase of population in proportion to sustenance was erroneous and misleading.

"Their argument of 'quality instead of quantity' is as false," he said, "as

their proposed means of limiting the family is vile. History cannot be cited in proof of this contention, nor does our every-day observation show a trend in that direction; but just to the contrary. Only a glance at the remarkable men of the world is sufficient to put one's thoughts on the right side of the issue."

A list of famous men and the number of children in the families to which they belonged was then cited by the speaker, his reference to Cardinal O'Connell, who was one of a family of 11, as "the greatest ecclesiastical man in the country and Boston's first citizen" bringing forth much applause. His statement that Benjamin Franklin was one of 17 children elicited laughter.

The list, as quoted, follows: George Washington was one of 10 children; Jefferson one of eight; Napoleon one of 13; Lord Nelson one of 11; Horace Greely one of seven; Wendell Phillips one of nine; Benjamin Franklin one of 17; Sir Walter Scott one of 11; Thomas Carlyle one of 10; Rembrandt one of six; Henry Ward Beecher, one of nine; Gen. Sherman one of 11; Washington Irving one of 11; James Fenimore Cooper one of 12; Alfred Tennyson one of 12; Cardinal O'Connell one of 11.

"This list could be almost indefinitely extended," he said. "Many of the notable men were not alone one of a large family but sons of poor parents as well. Ah, but these mothers cherished their children as gifts from God. They did not give their hearts to cats and dogs."

"The task in hand," Goldstein said,

"is not so much the bringing back to right reason the advocates of birth control, as to keep the abomination of desolation from spreading its poisonous fangs over all this fair land."

### MR. HOWARTH SURPRISED

Michael Howarth of 105 Crosby street, was given a genuine surprise Saturday evening, when 30 or more of his friends called upon him and presented him a handsome watch chain and charm. The presentation speech was by Mr. MacDonald and although taken completely by surprise, Mr. Howarth made a very neat speech of acceptance. The party spent a jolly evening. There were vocal solos and readings by various ones, John Paul of Pawtucketville being the star of the evening. Mr. Kershaw presided at the piano. Refreshments were served and everybody had a good time. The party included visitors from Bedford and Boston.

## REMOVES HAIRY GROWTHS WITHOUT PAIN OR BOTHER

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.

Here you will find an exceedingly large and choice stock to select from.

# WAS CRUSHED TO DEATH

Motorman Killed and Passenger Injured When Car Jumped the Track at B. & M. Crossing

SOUTH BERWICK, Me., Aug. 15.—Fred Roux of Rochester, N. H., motorman, was crushed to death, and David B. Dube, of 127 Brown street, Dorchester, Mass., a passenger, received a broken ankle when an open car on the Atlantic Shore railway left the tracks at Great Works crossing of the Boston & Maine railroad at about 11:30 last night, and after running for 96 feet on the ground was driven into a bank with such force that it had not been removed this morning.

John Shapleigh of Elliot, conductor, who was running the car while the motorman stood beside him, escaped injury.

The car was bound for the barn when the accident occurred and, according to Dube, who was the only passenger, it was going at a high rate of speed. At the Boston & Maine crossing there is a derailing switch placed for the purpose of compelling

trolley cars to stop before reaching the crossing which is a dangerous one. It being the custom for the conductor to close the switch before a car crosses the railroad track, but this car ran into the switch and leaving the rails plunged into the embankment, cutting off a telegraph pole that was in the way.

Whether Motorman Roux was thrown and run over or was caught between the car and pole has not yet been determined, but his mangled body was found a short distance from the pole by some Boston & Maine employees who were in a caboose on a side track. Medical Examiner Edwin B. Jacques of South Berwick was called soon after the accident and this morning the public utilities commission was notified. It is probable that a hearing will be held late today to determine the responsibility for the wreck. Roux leaves a wife and one child.

### IN POLICE COURT

Continued

cern. He met Wisenberg six or seven weeks ago and according to his testimony they visited a house in Chelmsford street where they played cards and later Wisenberg invited Park to his house in Lee street, where they played stud poker on several occasions.

Wisenberg admitted that he had played cards with Park but said the stakes were never higher than a quarter and in all he did not win more than \$10 or \$15. Park, on the other hand, said that on one occasion he lost \$27, \$26 on another and in one week lost \$40, \$17, \$15, \$12 and \$7 at different sittings, his total losses to Wisenberg being \$144.

Park told the court that he had been using his employer's money and that the limit of the game was 50 cents instead of a quarter. He told of one occasion when he had gone "broke" and upon telling Wisenberg that he might be able to get some money in Lawrence the pair went down as far as Stanley's. Park's friend was not there and Wisenberg, after waiting for an hour or more got tired and started for Lowell. It was agreed that Park was to sleep with Wisenberg that night.

Park came to Lowell on the last car from Lawrence and said he met a friend, who is now in Philadelphia, and told him of his loss. The friend advised him to steal the money out of Wisenberg's pocket but he refused to do this, whereupon the friend said he would do it.

Park entered Wisenberg's room about 12:30 in the morning and at 4 o'clock the friend entered the room and stole a roll containing \$103 from Wisenberg's trousers pocket. The friend kept \$25 and turned the remainder over to Park and then both disappeared.

When Wisenberg awoke about 5 o'clock he found Park and the roll of money gone and immediately reported the matter to the police and yesterday morning it was learned that Park was in Lawrence and Patrolman Kenney and Wisenberg went to the down river city and the local officer with the assistance of a Lawrence inspector placed Park under arrest.

Lawyer Donahue argued that the money which Wisenberg had in his possession was the money that Park had lost and therefore Park had a right to take it. Judge Fisher in summing up the evidence said: "I believe that the defendant lost the money to the complainant which he testifies to and that when he knew Wisenberg had considerable money there was a strong temptation to steal it. As regards the defendant's testimony about the money being stolen by his friend, that is only a myth. I believe the defendant took the money. Owing to the circumstances connected with the case, however, I am going to find defendant guilty and place the case on file."

**Violated Automobile Law**  
A young man who hails from the west was arrested in Middlesex street shortly before 1 o'clock this morning by Patrolman Cornelius Sullivan and was sent to the police station where he was booked for drunkenness and violating the automobile laws by not having the lights on his machine burning. In police court this morning the

defendant entered a plea of guilty and a fine of \$5 was imposed.

Nelson Rowe Reappears

Nelson Rowe, who was before the court yesterday and ordered to pay a fine of \$25 after being convicted of drunkenness and two complaints of assault and battery, was in police court again this morning, charged with drunkenness. Yesterday when he was placed on probation he said he would never drink another drop of liquor in his life and would report twice a day to the court if necessary. It seems that yesterday afternoon he started to celebrate his release by drinking. Last night when he entered the house where he had been lodging to get his clothes he raised such a disturbance that the police were summoned and when Patrolman C. F. Sullivan and Cullen arrived Rowe put up a stiff battle and in the mixup Patrolman Cullen was kicked in the chin. Rowe was finally subdued. In court this morning he admitted he had been drinking and had no defense to offer. He was sentenced to one month in jail.

Was Fined \$5

Joseph Holevlin entered a plea of guilty to a complaint charging him with operating a motorcycle on Merrimack street without a license and a fine of \$5 was imposed.

Settled Out of Court

John Babian was charged with assault with a knife but counsel informed the court that the civil settlement had been made and therefore the case was placed on file.

Assaulted a Storekeeper

William Maguire pleaded guilty to drunkenness and assault and battery on Bernard Zager. Zager keeps a small store and last night when a young man went in to purchase a package of cigars he claimed he had paid Zager but the latter denied having received any money. Maguire, who was nearby, at point struck Zager. He was found guilty and ordered to pay a fine of \$7, \$5 for assault and \$2 for drunkenness.

Cases Continued

Leo J. Sherlock was brought into court on a capias, he having failed to appear yesterday to answer to complaints charging him with the unlawful use of registered milk bottles and the illegal use of vessels in the sale of milk. Thomas H. Sherlock was charged with the larceny of 23 milk bottles, the property of Mark L. Shaw, Jr. Owing to the fact that counsel for the defendants is out of town, the cases were continued until the second Tuesday in September.

Defendant Discharged

Abraham Ali was charged with assault and battery on Adie Barak at the Beaver Brook mills in Collinsville, last Saturday, but after the testimony had been heard the court found the defendant not guilty and ordered him discharged.

Was Let Off Easy

A man who made his eighth appearance for drunkenness since last November and who had a suspended sentence of five months hanging over his head, was arrested yesterday but he made so strong an appeal to the court this morning that Judge Fisher gave him a suspended sentence to the state farm.

Found Not Guilty

Joseph Millette was charged with the larceny of plumbing supplies from Ernest J. Swanson but the court after hearing the testimony in the case found the defendant not guilty and ordered him discharged.

### READY TO CONCEDE

Continued

application to the interstate commerce commission or some body formed for the purpose.

Secretary Tammily issued the following statement:

"The president spent an hour and a half this morning with the representatives of the railway management. After the conference he said that it was impossible as yet to report on the results; all that he could say was that a very candid and honest discussion was in progress about practicable bases of settlement."

Whether this plan can be worked out will not be known until President Wilson presents it to the brotherhood leaders.

The railroads are understood to be ready to concede the principle of the hour day providing concessions be made by the employees so too heavy a burden will not be placed upon the railroads.

The men take the stand that they principally want the eight hour day on condition that it shall be enforced whenever possible. The railroads are said to believe it impossible to accept the eight hour day unless a workable system of application can be built up. Members of the managers' committee said they had no plans for the future and did not know whether they would be called to the White House again.

The managers took the position that the eight hour day and the collateral issues are inseparable and that it would not be practicable to accept the eight hour day and submit the other question to arbitration. All of the

issues are interwoven, they contend, and must be decided together.

None of the brotherhood officials would commit himself on what the attitude of the employees would be toward such a proposal, but they did not appear optimistic over the likelihood of it proving acceptable. If such a proposition were tendered in concrete form to them, it was pointed out, they could only refer it to the general board, composed of 600 committee chairmen, now in New York.

Would Tie Up New York

While a nation-wide railroad strike would affect every city in the country, it would stop trains that are now bringing to New York city daily food supplies that average as follows:

Dairy Products—7200 tubs of butter, 3500 boxes of cheese, 13,300 cases (4-755,000) of eggs, 2,250,000 quarts of milk.

Meats—2000 crates of poultry, 3,000,000 pounds of fresh beef, pork and mutton.

Fruits—1000 barrels of apples, 60,000 crates of grapes, lemons, oranges, peaches, pears, pineapples and plums.

Vegetables—13,000 barrels of potatoes, 6000 crates of onions, 300 carloads of cabbages, peas, lettuce, carrots, etc., 5,000,000 cans of peas, tomatoes, etc.

Grain and Cereals—46,000 sacks of barley, 70,000 bushels of corn, 3000 sacks of oatmeal, 3000 barrels and 21,000 sacks of flour, 6500 bushels of malt, 223,000 bushels of wheat.

Miscellaneous—44,000 sacks of sugar, 1650 barrels of wine, 60,000 tons of coal, 1,500,000 gallons of kerosene, gasoline and benzine, 1000 tubs of lard, 3000 barrels of molasses.

There is about a week's food supply in the city.

A tie-up would stop 230,000 miles of roads, employing 300,000 persons directly affected, of whom 350,000 are in the train service.

It would make idle 64,000 locomotives, 33,000 passenger cars and 2300 freight cars.

It would keep at home 3,000,000 passengers a day, and would halt the transportation of 6,000,000 tons of freight a day.

It would stop earnings on more than \$20,000,000,000 of railway capital and would cut off, each day, \$10,000,000 in passenger and freight receipts.

It would stop the export of American products at the rate of \$10,000,000 a day.

### HIT BY AUTOMOBILE

James Whinn, residing at 4 Hazel square, of Coburn street, was struck by an automobile near the corner of Hall and Allen streets shortly after 11 o'clock this morning, and sustained numerous bruises and abrasions and possibly internal injuries.

The man was found lying in the street and some people claim that while attempting to cross the street he was struck and knocked down by a machine, the operator of which did not stop to inquire the extent of his injuries. The ambulance was summoned and the injured man was taken to the Lowell hospital where he received treatment.

### REAR AXLE SNAPPED

An electric delivery vehicle belonging to Friend Bros. bakers, and operated by J. H. Noble, one of the company's salesmen, went out of commission in the vicinity of Towers' corner this morning, when the rear axle snapped. The machine was later towed to a garage.

### ORDERS SUSPENDED

Continued

however, that the railway situation is the real cause.

The suspension of the orders to the troops, which would have moved some 25,000 men to the border, had not been taken as an indication that the president's negotiations with the railroad brotherhoods and the railroad managers have taken an unfavorable turn, but is a measure of caution. It was considered highly undesirable that all the remaining guardsmen should be moved to the border while there was a possibility of a railroad strike in which they might be called upon to preserve order throughout some of the states. There is even the possibility that some of the troops in the event of a strike might be called upon to guard or operate mail trains and trains supplying the troops already on the border.

A telegram from Maj. Gen. Funston, made public by the war department, disclosed that the general recommended the suspension of the orders.

Ladies' Union Suits—Ladies' Jersey Union Suits, lace trimmed 5 Suits for \$1.00

## EASTERN LEAGUE COMMENT

Bonsack is due to pitch against Hartford today.

Earl Stimpson is hitting the ball right on the nose and his present average of .273 will undoubtedly be improved in another week.

Over 3000 people attended "Booster's Day" in Springfield yesterday and saw the home team defeat New London with Benny Hearn in the box. Fewster is back on second and the star outfielder is intact.

Worcester's players have all recovered from their injuries and yesterday the Boosters defeated New London with Benny Hearn in the box. Fewster is back on second and the star outfielder is intact.

Chester Swett is doing the backstop work for Portland while Gaston is on the hospital list. Tamm, who was loaned to Hartford for a short time, is filling Swett's position on second base. Portland, like Lowell, carries only one regular catcher as Greenhalge is a fixture on second for the remainder of the season.

Hammond continues to lead Bud Weiser in batting and now has him by 10 points. Pat Maloney, the Worcester outfielder, has wedged into second place and is but 10 points behind Hammond. It may be Maloney instead of Weiser that will push Hammond for the honors.

Ojerholm, the Springfield catcher, who leads the league in batting though he has played in but five games, is a youngster picked up in Worcester and he is now doing most of the receiving work for Springfield. Stephens, the regular catcher, is out of the game for a couple of weeks.

Tomorrow is pay day in the Eastern league. With good Saturday crowds and successful "Booster's Days," the players should receive their checks without any delay.

With five more days of baseball in the Eastern league, larger crowds and attending games now than at any time this season and more interest is being shown all along the circuit. The Lowell team has a fine chance to improve during its long journey on the road and an even break or better would bring out a big crowd on its return.

Arthur Lavigne is leading the Lawrence team in batting with an average of .245. He leads Mahoney and Warner by just five points.

Lowell needs a couple of good hitters right away and Manager Kilhullen should be able to get them. There is room for an outfielder who can hit occasionally and a good hitting infielder could also be used. A change or two would make a whole lot of difference in the team's playing.

Outfielder Robinson was not taken on the trip through the "southern" end of the circuit. Robinson had been filling in during the absence of Ralph O'Connell, who reported at Hartford after being laid up a couple of weeks with an injured hand. Helfrich was given a day off.

The Lawrence Tribune says: "The Lowell club has served notice on the Lawrence management that it recalls Arthur Lavigne, the catcher, who was loaned to the locals in the spring. Lowell wants Lavigne to return to the club at once. He is opposed to going to Lowell and if com-

mitted to do so may quit the game. Lavigne came here it was thought with the understanding that he was loaned for the season, but Lowell contends it has the right to recall him at its own say so. Lowell has Kilhullen, Kavanagh and Greenhalge for catchers, but, evidently, the shake-up, long threatened at Lowell is about to take place. Lavigne has been catching the ball for Lawrence."

Owner Hoach has contended right along that he had the right to recall Lavigne whenever he desired. Lavigne never before balked at coming to this city and it doesn't seem likely that he would now. A few weeks ago he was anxious to get out of Lawrence and talked with local fans about coming to Lowell. With Greenhalge on second base and Kane in the outfield, the locals could certainly use Arthur right away.

The official batting averages of the members of the Lowell team are as follows: Kilhullen .294, Parker .273, Greenhalge .273, Stimpson .273, Lohman .267, Helfrich .241, Zieser .222, Kane .221, Vorphy .200, Robinson .197.

**SECURED GIRLS HERE**

**MANCHESTER MAN GIVEN HEAVY FINE FOR CONDUCTING HOUSE OF PROSTITUTION AT BEDFORD**

MANCHESTER, N. H., Aug. 15.—Leonidas Constantopoulos, of 50 West Central street, pleaded nolo to a charge of conducting a house of prostitution at Bedford and was ordered to pay a fine of \$50, cost of \$4.62, and be confined at the house of correction for a period of six months.

The police alleged that on the 8th day of July Constantopoulos, as he is commonly called in Manchester, leased a farmhouse in Bedford from Homer E. Mansau for immoral purposes. Several girls were secured from Lowell and at the time the arrest was made one girl was found who admitted that she had been engaged by the respondent.

The arrest was made last Friday following a visit to the house by Chief Healy and police officers. They found empty beer and whiskey bottles and other paraphernalia which signified the purposes of the place.

Attorney Lessard appeared for Constantopoulos, and made a plea in behalf of the respondent. He said the man had been a resident of Manchester for ten years and had never been arrested before.

Judge Perkins considered the offense a serious one and imposed a heavy fine.

**WOMEN HEAR HUGHES**

APPLAUD WHEN ADDRESSED AS "FELLOW CITIZENS"—FAVORS "GOOD NAT. HOUSEKEEPING"

SPOKANE, Wash., Aug. 15.—Charles E. Hughes yesterday addressed his first audience composed solely of women voters. They heard him in the first of two speeches delivered here.

Mr. Hughes touched upon suffrage and his views concerning it, and reiterated to a large extent attacks on the administration made at Coeur d'Alene, Idaho, today.

"I speak to you women as I do to men," the nominee said. "I did not come here to make a different kind of speech from the kind made to men. I know you are solicitous about the welfare of this country. There is no doubt but that the heart of womanhood is patriotic all through."

Mr. Hughes' salutation of the women as "fellow citizens" was applauded. He told the men he was interested in "good national housekeeping" and the means of effecting it.

"We must have in this country a different notion about the conduct of our business than we have had in the years gone by," he said. "This world is not the world of even 25 years ago. This is a world that has found itself. It has found itself in the depression of a terrible Gethsemane. Horrible as is the spectacle of war, frightful as is the waste, we cannot look upon them without realizing that this new Europe is emerging from this struggle."

"We cannot contemplate the conditions of the 20th century without knowing that there is to be a new spirit in the United States if our property is to have a firm foundation. It must be a spirit which demands efficient, impartial government in the interests of all the people."

"It is easy for some to become enthusiasts when bands are playing and the flags unfurled, when they hear the strains of the National Anthem and the crowds are around them. But we must have a new spirit of enthusiasm in the humdrum work of administration, the spirit of patriotism in the administration of government. That is the hardest lesson for popular government to learn. Every day in the year is a more severe test of patriotism than the Fourth of July."

# LYNCH LOTTO

We carry in stock the most complete line of worsted series, unfinished worsted, scotch chevils, plaids and stripes, fancy mixtures, plain designs, every piece virgin wool. We will make these wools to your measure any size. All made in Lowell. Order in our own daylight workshop. REMEMBER we do not send our orders out of town to be finished.

## WOMEN HEAR HUGHES

APPLAUD WHEN ADDRESSED AS "FELLOW CITIZENS"—FAVORS "GOOD NAT. HOUSEKEEPING"

SPOKANE, Wash., Aug. 15.—Charles E. Hughes yesterday addressed his first audience composed solely of women voters. They heard him in the first of two speeches delivered here.

Mr. Hughes touched upon suffrage and his views concerning it, and reiterated to a large extent attacks on the administration made at Coeur d'Alene, Idaho, today.

"I speak to you women as I do to men," the nominee said. "I did not come here to make a different kind of speech from the kind made to men. I know you are solicitous about the welfare of this country. There is no doubt but that the heart of womanhood is patriotic all through."

Mr. Hughes' salutation of the women as "fellow citizens" was applauded. He told the men he was interested in "good national housekeeping" and the means of effecting it.

"We must have in this country a different notion about the conduct of our business than we have had in the years gone by," he said. "This world is not the world of even 25 years ago. This is a world that has found itself. It has found itself in the depression of a terrible Gethsemane. Horrible as is the spectacle of war, frightful as is the waste, we cannot look upon them without realizing that this new Europe is emerging from this struggle."

"We cannot contemplate the conditions of the 20th century without knowing that there is to be a new spirit in the United States if our property is to have a firm foundation. It must be a spirit which demands efficient, impartial government in the interests of all the people."

"It is easy for some to become enthusiasts when bands are playing and the flags unfurled, when they hear the strains of the National Anthem and the crowds are around them. But we must have a new spirit of enthusiasm in the humdrum work of administration, the spirit of patriotism in the administration of government. That is the hardest lesson for popular government to learn. Every day in the year is a more severe test of patriotism than the Fourth of July."

Mr. Hughes' salutation of the women as "fellow citizens" was applauded. He told the men he was interested in "good national housekeeping" and the means of effecting it.

## E. LEAGUE AVERAGES

Including Thursday's Games

In the question to a father: "What do you know about your boy?" The second is the answer: "I don't know anything from one level to another, until the final answer is death. Time, however, to teach the truth, and perhaps it will be the last time." The third is the desire to learn their boys and their thoughts. Briefly sketched, the story runs like this: A man making millions, is more than a millionaire. He is a miser. He is a stockholder of a company, the largest stock dividend on record. He sends his boy to Harvard, where the young man makes a name for himself. He comes home and asks his father for a name. He works hard. His father tells the son to enjoy himself. "Flirt and make a fool of yourself." The boy then goes back the father sends him to his grand old home. He is to turn over the biggest dividend on record. The boy, not bad by nature, well educated, knowing right from wrong, is a little bit of a visionary. The round of the cabaret of the first-class ball rooms, of the questionable theatre, of the opium joints comes in. He is a bit of a visionary

## THE THREATENED STRIKE

Never perhaps has there been a time in the history of this nation when a tie-up of the railroads would be more disastrous than at present. The chief sufferers would be, not the railroads, but the general public—the people at large. The price of food and other necessities of life is now as high as the people can afford to meet, indeed, far too high for most people; and beyond a doubt should a great railroad strike from east to west and north to south, paralyze the business and commerce of the country, thousands of people would starve, while the financial loss would be incalculable.

The public must be ultimately protected against any such calamity. Government ownership of railroads is not desirable in this country; but should such a disaster come, the government would be compelled to do one of two things—either pass a law for government ownership or assume temporary control of the systems and run them in the interest of the public.

It may be necessary to pass a federal law making all strikes and lockouts on interstate railroads illegal and providing that all labor disputes on such roads shall be adjudicated by a tribunal established for the purpose. We are not now considering the merits of the present case on one side or the other, but merely the rights and interests of the public and the duty of the government to provide for the greatest good of the greatest number and especially to protect the people against a calamity that would be almost as ruinous as war.

There is talk of the great need of preparedness, but while the whole business and transportation systems of the nation can be tied up by a lockout or a general strike, where is the preparedness? Of what use are troops if they cannot be moved from place to place? How could an army be equipped or fed without adequate railroad transportation? Thus it appears that there is an important problem to settle at home before the nation can feel secure in pursuing its ordinary course in business or commerce, much less in meeting a foreign foe. Some method must be devised for settling such conflicts fairly and justly to all concerned without resorting to a strike or a lockout. This of course should apply only to public service corporations, a cessation of whose activities would work irreparable loss and injury to the public. Compulsory arbitration would seem to offer the most practical solution and if properly applied, it might safeguard the interests of all the people against such visitations. In attempting to provide this remedy the question of constitutionality would undoubtedly be brought up, but even such an obstacle should be removed if necessary to prevent national disaster.

The rights of labor can be maintained much better by referring such disputes to judicial tribunals than by disastrous strikes that would injure the defenseless public a thousand times more than the railroads at which the strike was directed. President Wilson has been appealed to as a mediator but he has no power in the premises unless the parties in conflict yield to his appeals for submitting the entire questions at issue to arbitration. It is sincerely to be hoped that he will find some means of reaching an amicable solution of the difficulty. His success as a diplomat in dealing with more momentous questions, offers hope to the nation that in this case also, he will score a diplomatic victory.

## THE CLEANUP CAMPAIGN

Mayor O'Donnell did a wise thing in ordering that the police officers shall look after the cleanliness of streets and alleys upon their respective beats; but in order to have the work done right, it is necessary to instruct the officers as to the extent of their authority and the nature of their duties in this respect. Some may know what they should do in such matters, but others do not; and it will require considerable drilling to have the latter go about the work so as to attain the desired results with the least possible annoyance to the parties approached.

It may even be necessary for the board of health to issue more specific regulations in regard to such matters as allowing alleys, yards and sidewalks to be littered with filth and rubbish.

If the residents can be made to feel that they are responsible for the removal of any filth or unsightliness in front of their premises, same as they would be for shovelling the snow from their sidewalks, then the very best results may be expected. There will be some difficulty, however, in fixing responsibility for the conditions surrounding large tenement blocks where some tenants may have due regard for cleanliness and sanitary conditions, while others may act as if matters of this kind did not concern them. Much of the filth that fills the gutters on certain streets would not be there, but for the numerous peddlers who leave their horses standing on the streets while they enter houses to dispose of their commodities. Anyhow, the public looks for good results from this new departure which is largely educational. If the police succeed more in impressing upon the residents of our most unsightly streets that conditions must be improved, that streets, alleys and sidewalks must be kept free from papers, rubbish and garbage, much good will be accomplished.

## THE SPEED MANIA

The state highway commission is making a laudable effort to check the speed mania by which so many people are killed and injured in the course of the year.

This mania seems to exceed all bounds on Sundays, when it would seem that all regard for safety is forgotten with the result that every Monday morning the press has a new list of fatalities and serious injuries in automobile accidents.

In spite of the efforts of the state highway commission to eliminate the speed mania, the driver who takes chances and the one who operates a car while intoxicated, yet the number of serious accidents is steadily increasing and there is no telling how or when this state of affairs can be remedied so that those who drive at moderate speed can feel some security on the public highways.

There is great need for chauffeurs who are sober, sane and trustworthy, men who will at all times feel a proper sense of responsibility not only for the safety of those upon their respective cars, but also for those upon

been at the scene of the murder at the time it occurred. Notwithstanding such possibilities, it sometimes happens that a prisoner is convicted on his own admission without any strong circumstantial evidence in corroboration.

There will be miscarriages of justice in spite of the utmost care and vigilance on the part of the courts; but the jury that finds a man guilty on his own confession, when that is supported by other testimony, cannot be charged with any error of judgment. Their finding is based on the evidence submitted.

The district attorney who has to deal with the Stielow case, should at least recommend the commutation of the prisoner's sentence as it is better that many guilty men escape than that one who is innocent be made the victim of judicial murder.

## WHISKERS

Col. Roosevelt must be partial to men with whiskers. Before he returned to the republican camp he said there was no difference between President Wilson and Candidate Hughes that a barber could not remove. That was a grave injustice to the man who has been so long in the White House.

## Gray Hair Restored to its Natural Color

Remove every trace of prematurely gray, streaked and faded hair, easily, quickly, safely, and turn it an even dark, beautiful shade with

**Lysol Hair Health**

and keep it full of life, lustrous, healthy, soft, wavy and fascinating. Removes all traces of dandruff, itching scalp and stops falling hair, too. No dye—harmless to use. Sold in large and small bottles at your druggists. Send for valuable booklet "Beautiful Hair." Fullon Hair, Newark, N. J.

FALLO & HURKINS SHAW

the president; but assuming that it was true, it shows that the strenuous one made a great sacrifice in giving up his professed political principles in order to support a man with whiskers in preference to a man shorn of the hirsute adornment.

Should the republican party win in the coming election, an eventuality of which there is but the merest possibility, the next administration would be strong on whiskers with Hughes in the White House, Fairbanks in the senate and Mann in the speaker's chair. Some politicians try to make up for their lack of logic by wearing such facial furze; but in case of the republican candidates in this campaign, no such ruse will disguise or conceal their inability to bring forward a real live issue.

## LARGE EXPENDITURES

Republicans are beginning to send out a wait over the fact that the appropriations by this congress have broken the highest record by about half a million dollars. Well, what of it? Has any money been appropriated for a wrong or unnecessary purpose? Has there ever been a congress that put through a greater number of important measures?

Preparedness comes high, but we must have it, yet the republican candidates while criticizing the large expenditure, are calling for still more when they assert that the preparedness measures of the administration, are "inadequate."

The democratic party can defend

## A HACKING COUGH WEAKENS THE SYSTEM

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery, use it over 40 years, and benefiting all who use it, the soothing pine balsam with tar heals the irritated air passages—soothes the raw spots, loosens the mucus and prevents racking the body with coughing. Dr. King's New Discovery induces natural sleep and aids nature to cure you.

"HE PROFITS MOST WHO SERVES BEST."

THIS IS NOT AN ADVERTISEMENT.

TODAY, AUG. 15,  
IS THE 25th ANNIVERSARY OF OUR  
ENTERING INTO  
YOUR SERVICE

That we have served you well is evidenced by your continued and increased patronage.

Starting in a small store opposite City Hall in the building now making way for Dummer street extension, 25 years ago, after one year there, moving to Merrimack Square, the present site of the D. L. Page Co., after 20 years, moving to our present own building on Hurd street, four years ago.

We set a big standard for ourselves and painted on our sign, "WATCH US GROW." We have kept to our business ideal, which was to "GIVE AS MUCH AS POSSIBLE FOR A DOLLAR."

And we take just pride in our success and we thank you heartily for your patronage. For all these years we have used all our energy and knowledge in securing the best merchandise to be had for the money, that we might serve you better and save you money. We knew our own profit would naturally follow in greater patronage. We knew that nothing would make friends faster for our business than the customer's knowledge that he has received the best material and the soundest workmanship for the price paid. We always wanted the customer to feel that he had been treated generously. It was the instinct to be just as good as our word, and do a little more than we agreed. This instinct has enabled us to keep our self respect while earning a living and providing for the future growth of our business, and at the same time securing your respect, confidence and good will. There is no line of business that brings the merchant into such close contact with the homes of his patrons as that of the furniture dealer; very often our customers have to tell us their most intimate domestic problems, as in the case of young married people about to start housekeeping on a slender capital. We have exercised forbearance and generosity with them that has created a bond of friendship and good feeling for this house that no competition can disturb. We want again to thank all our old customers, hoping we shall serve them for the next 25 years and assure all new ones a hearty welcome and fair treatment.

A. E. O'HEIR & CO.  
HURD STREET.

## HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to A. W. Dows & Co., or any good druggist, and get a box of Oil of Kerehn capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.

It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

Its record upon the matter of appropriations as upon all others; and the republicans cannot sustain the charge of "pork barrel" distribution in the sense in which the term applied to their unscrupulous methods when in power.

The power of Wall street has been broken, special privilege has been overthrown without the usual panic; but now the republican party wants a restoration of both. For some time past, congress has been independent of the trusts and combines that controlled it under republican sway. Popular government has been restored and by the re-election of the democratic party to power in November, it will be maintained at least for four years longer.

If this country should ever get involved in war, General Pearson should be drawn upon as a great strategist. If we are to judge from the success of his political tactics.

Great bodies move slowly and so of course do great jobs such as our city government has now on hand.

## SEEN AND HEARD

The woman who can see the humorous side of life has a grand gift.

### Needed a Rest

Farmer Giles' son is a smart lad and attends a very good school. After the lad's return to work from the holiday, a neighbor said to Giles:

"Don't you find the house rather dull and lonely since your son went back to school again?"

"Yes, it is rather lonesome," agreed the farmer candidly, "but it's sort of restful, too. You see, that there lad has been so busy during the holidays dedicatin' his mother and me that we feel we need a turn at the holiday, same as he did."—New York Times.

### Kept Them All

Uncle Josh, who lives in a Vermont town, keeps a summer boarder. Among the boarders that recently beautified his front porch was a particularly pretty girl.

"Have you any powder?"

"Oh yes, indeed, Miss," was the hasty assurance of the proprietor.

"I am so glad," ecstatically chirped the fair boarder. "You may please give me 10 cents' worth."

"All right, Miss," responded the imperturbable proprietor. "Face, gun or insect?"—Tombigbee Clarion.

### Then She Was Very Angry

At a certain church up in Vermont it is the invariable custom of the clergyman to kiss the bride after the ceremony. A young woman who was about to be married in this church did not relish the prospect and instructed her prospective husband to tell the clergyman that she did not wish him to kiss her. The bridegroom obeyed the instructions given.

"Well, Harry," said the young woman, when he appeared, "did you tell the minister that I did not wish him to kiss me?"

### Her Hired Help

In Washington, the servants, as a rule, go to their own homes at night. The cook in the family of a clergyman not only does this, but of late has frequently arrived at the rectory too late to cook breakfast. Hence her mistress told her that, for each breakfast missed there would be a reduction in her weekly wages. Maria passively assented to this. The next day the mistress heard this conversation between the maid next door and the delinquent cook.

"Pears to me like you git to work mighty late."

"I gits to work when I gits ready."

"How does yo' manage about de breakfast?"

"O I pays de missus to cook de breakfast."—New York Times.

### Worse Than Flint and Steel

A stupid peasant woman once bought a box of friction matches. The next day she returned to the store where she had made her purchase and complained that the matches would not light when rubbed on the box.

The shopkeeper lighted one of the matches by rubbing it quickly on his trousers' leg. "They seem to work all right," he said.

"But I can't use matches like that," snapped the woman. "Do you think I have time to make a three hours' journey to light the matches on your trousers every time I want a fire?"—Berliner Illustrirte Zeitung.

### Luck

When I think of the yards that are barren and bare, With never a hawk or a white blossom there, And I look at the roses that my fences cram I think what a fortunate fellow I am.

When I think of the cares that so many folks know Of the days that are dreary, the nights filled with woe, And carefree I wander from worry and shame,

I think what a fortunate fellow I am. Oh, never a blossom of beauty I see That has come to perfection and glory for me.

But I pause for a moment to stand at its side And thank the good Lord for the joy that is mine.

—Detroit Free Press.

### The Clev That Failed

A man whose country place was near a small town recently became conscious of most suspicious glances cast upon him by his friends and ac-

# TOMORROW---WEDNESDAY IS DOLLAR DAY

All through the store you will find special prices made on articles men and boys wear.

You will be surprised to find how far your dollar will go—here—in paying for articles of real merit—

You will be astonished to learn what splendid values we give for \$1.00.

50 pairs of Men's Trousers—most of them are large sizes. Regularly \$1.50, \$2 and \$2.50, for \$1.00

Automobile Dusters—sold for \$1.25, for \$1.00

5 Balbriggan Shirts and Drawers—regularly 25c \$1.25, for \$1.00

3 Athletic Nainsook Shirts and Drawers, regularly 36c \$1.08, for \$1.00

Men's Worsted Athletic Jerseys, regularly \$1.50, for \$1.00

4 pairs of Fibre Silk Hose, re-enforced heels and toes, regularly 29c \$1.16, for \$1.00

8 pairs Seamless Lisle Finish Hose, tan or black, regularly 15c \$1.20, for \$1.00

12 Men's Linen Collars, lots to be discontinued, regularly 15c \$1.80, for \$1.00

Munsing famous Union Suits, perfect fitting, knitted fabrics or athletic woven suits, best in the world for \$1.00

Men's one piece Bathing Suits, unusual value for \$1.00

Men's Stiff Hats, black Derbies, sold for \$2.00 and \$3.00, for \$1.00

Men's Soft Hats, all remainders from lots sold for \$1.50 and \$2.00, for \$1.00

Men's Straw Hats, sold for \$1.50 and \$2, for \$1.00

Handsome new Fall Caps, uncommon patterns, very smart, for \$1.00

Boys' Wash Suits, Russian and vestee styles, regularly \$1.50, \$2.00 and \$2.50, for \$1.00

2 pairs Boys' Knicker Trousers, excellent Cheviots, regularly 59c \$1.18, for \$1.00

Two Boys' 50c Sport Shirts, one Boys' 25c Silk Tie, \$1.25, for \$1.00

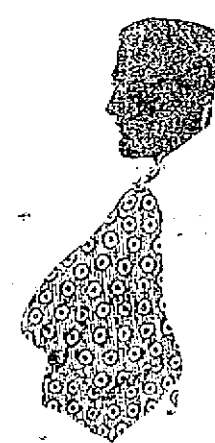

Five Boys' 25c Blouses, "Sport" or with collar, \$1.25, for \$1.00

Eight pairs Boys' long black Stockings, fast black, regularly 15c \$1.20, for \$1.00

Three Boys' Sleeping Suits, madras or domet flannel, regularly 42c \$1.26, for \$1.00

## BILL LOONEY'S LETTER

NEWS OF THE DAY FROM SIXTH REGIMENT CAMP AT MARTHA'S VINEYARD

The Sun is in receipt of another letter from Sergt. William H. Looney, manager of the Sixth Regiment band, now with the regiment at Edgartown, Martha's Vineyard. There's a tiny note enclosed, a picture of Billy Griffith and a shark. Sergt. Looney says the shark died of a broken heart, but does not give the details. The letter:

Sunday morning, mass was said on the grounds and it was one of the prettiest sights I ever saw. The priest was Fr. Carr, from the University of Washington, D. C. Fr. Carr is visiting in Fall River. Mayor Dolan's son and Private Dickerman of D. Co. acted as altar boys, and Principal Musciana Lebrun played organ solos. The boys turned out in big numbers.

In the afternoon we had a fine program of athletic events under the supervision of Capt. Jeyes. I acted as starter. The boys of L. Co. carried off most of the honors. There was a special race between Lieut. Seaman on horseback and Private Duggan and Robarge running. They beat the horse by fifty yards.

We had a dandy auto ride to Oak Bluffs Saturday night, after our concert, and Tuesday morning we are going to Gayhead to see the cliff with its different color of clay. They have dandy trips here. We have received part of our pay and the privates received more than the non-commissioned officers. The privates are giving us the laugh, but wait until we get our federal pay and then we will give them the laugh.

Enclosed find a picture of Billy Griffith and the shark. He says it died of a broken heart. We played at a field day in Edgartown Saturday afternoon and it was a great treat for the natives. It was some hike from the camp grounds. Jim Usher went down to the shore last night and for the quahogs to come in. He was going to snare them but they didn't come in. Bill Griffith and Corporal Hamman are expert swimmers. We are all going in bathing now and will write you a good letter later. Axel Yagerhorn plays the bugle call of the Swiss army. It sounds like a photograph with a cracked record. He says the bugle call of the Swiss navy is great, but he can't play it.

Yours in camp, Sergt. Bill.

## TAKE DUFFY'S ON YOUR VACATION

Change of water and diet need not be feared if you are prepared. You will feel more comfortable on your vacation, and it is really an element of safety to have ready at hand for emergencies, a bottle of

## Duffy's Pure Malt Whiskey

Taken in medicinal doses of a tablespoonful in water before meals and on retiring, it benefits digestion of food and assists in its assimilation, so that the body is given strength and vigor to resist the uncertainties of summer diet, impure water, and the dangers of sunstroke or heat prostration.

"Get Duffy's and Keep Well!" At most druggists, grocers and dealers, \$1.60. If they can't supply you, write us. Useful household booklet free. The Duffy Malt Whiskey Co., Rochester, N. Y.

Little Glace Bay, N. S., but most of them have lived in the suburbs of Boston for years until a year and a half ago when they began going into the trenches, one after the other to fight for England.

Morris lived in Chelsea and Peter Gillis once lived there with him. Gillis was once employed as a freight clerk by the E. & M. and worked in Boston and in the freight house in Haverhill. When Gillis worked in Haverhill, Morris was running a car from Haverhill to Canobie lake and lived in Salem, N. H. Gillis boarded with Morris at that place.

A year and a half ago a whole company of Canadian soldiers from Little Glace Bay was wiped out in the trenches and Peter Gillis went back home and raised a company of 75 volunteers from his remaining townsmen and went to the front with them to take the places of the men who had been killed.

## PETER GILLIS DEAD

FORMER SALEM, N. H., RESIDENT WAS WITH THE CANADIAN FORCES IN FRANCE

C. E. Morris of Chelsea, a former street car conductor on the Canobie lake park line, has been informed officially that his brother-in-law, Peter Gillis, a former resident of Salem, N. H., died in the trenches in July as a result of the Spanish influenza.

Another member of the family who was hit in the head by a piece of a broken shell is in an insane hospital in England, while 11 others of the family have died as Gillis did, fighting for England in the trenches. Gillis was only 32 years of age when he was killed.

This remarkable family came from

## Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain milled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else at all prices. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, frothy, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## ATTACKS PRES. GOMPERS

SENATOR SHERMAN CHARACTERIZES HEAD OF A. F. OF L. AS "A PUBLIC NUISANCE"

WASHINGTON, Aug. 15.—President Samuel Gompers of the American Federation of Labor was characterized as a "public nuisance" by Senator Sherman of Illinois in a digression yesterday from a senate speech on the ship-pling bill.

"There is no more tyrannical, outrageous injustice than that of leaders who live on the sweat of other people's brows," said Senator Sherman. "Mr. Gompers is a public nuisance."

Referring to the Indianapolis and

Los Angeles dynamite trials, Senator Sherman declared the federation president had "prostituted the cause of labor by using funds of laboring men for the defence of these criminals."

"Mr. Gompers never apologized to anybody," he continued, "but it was the most fortunate thing that ever happened to Mr. Gompers that he himself escaped indictment on these same charges."

"I've been owing this to Mr. Gompers for some time and I'm handing it to him now, and I'm responsible politically and personally."

## DOLLAR DAY HEADQUARTERS

## DOLLAR DAY SALES

LOCAL MERCHANTS TO BREAK UP THE MIDSUMMER MONOTONY TO-MORROW—GREAT BARGAINS

The local merchants have wisely decided to stimulate the midsummer business by a dollar sale. In doing so, of course, they will follow the usual policy of offering real bargains. At a time when goods of all kinds sell at such high prices, a substantial reduction on small wares, even for a day, will be appreciated. A glance at our advertising columns will show prospective purchasers that the merchants in this sale mean business. It is a business event that should attract purchasers from every quarter of the city and from all the surrounding towns.

## ST. CATHERINE'S CHURCH

Very successful indeed was the annual outing of the members of St. Catherine's church of Graniteville, which was held Saturday at Cameron park, Forge Village. The affair was largely attended and the organizer, Rev. Henry L. Scott, was highly complimented for the manner in which the event was conducted. A varied list of sports was carried out, a feature of which was a baseball game between the Red Sox of Forge Village and the Tigers of Graniteville, the score being 15 to 11 in favor of the former. In the evening dancing was held in Abbott's hall with Miner's orchestra in attendance. The officials of the outing were Rev. Henry L. Scott, general supervisor; A. R. Wall, general manager; Edward Riney, assistant general manager. The various

## DOLLAR DAY

Wednesday, August 16th We Will Celebrate Dollar Day With Greater Values Than Ever

Every garment in our establishment has been marked to less than cost of materials.

For \$1.00

Most of our Suits, Coats and Silk Dresses and Raincoats are new Fall samples which have been marked down to less than cost of production and in addition to that you will get One Dollar in Cash with each garment from \$10.00 up.

## A PATHETIC PICTURE

SOLDIER BOY GAZING OUT OVER SAND WASTES AT THE BORDER THINKS OF HOME GRUB

A poem received by the Lawrence Sun-American and published in that paper is from one of the militiamen at the front and it presents a very vivid picture of home-sickness.

The title of the poem is "I Wonder How the Table Looks at Home?"

Imagine if you can a brave tanned khaki clad figure, hunched over his campfire, gazing out over the sand strewn plains, wondering, longing, and thinking "how the table looks at home."

Visualize if you can a more pathetic sight than the stalwart lad who left Lawrence a few weeks ago, to go into the mighty desert to fight lizards and rattlers and things, now a broken down hungry frame just barely eluding the vultures and coyotes, and plaintively figuring on "how the table looks at home."

Would it not indeed bring tears to the eyes of Dr. Cook should he witness this heart breaking spectacle.

But be that as it may, in view of the fact that army officers have repeatedly stated that the bill of fare is excellent, and that soldiers have been forbidden to write home regarding their rations, the reader can now peruse the poem, and draw his or her own mental sketch of their favorite "rookie" hunched over the fire wondering "how the table looks at home."

I wonder how the table looks at home? I wonder if they miss me while I roam I wonder how it feels, just to have three Good square meals While I am out here starving all I can see the fried potatoes thick and thin, I can see the steaks and chicken coming in, I can hear my mother say, Boys what will you have today? I wonder how the table looks at home?

Written by a member of Eighth Massachusetts regiment.

## SOCIAL AND FRATERNAL

The regular meeting of Lowell lodge, I.O.O.F., was held last night in Odd Fellows hall. Considerable business was transacted during the course of the meeting and it was voted to hold a concert and dance in November. Under the head of the order there were songs by Brothers Goodson, Turnbull and Powers, and readings by Brothers MacCallum and Norris. During the social hour refreshments were also served. The dance committee will meet Aug. 23 at Odd Fellows hall at 8 o'clock.

Div. S. A.O.H.

The regular meeting of Division S. A.O.H., was held last night in Hibernian hall. There was a large attendance and Past President D. F. Heilly occupied the chair. Considerable business was transacted and encouraging reports were made by various committees. Mr. Heilly gave a very interesting report of the convention committee and announced that Mayor James M. Curley of Boston had been secured as one of the speakers at the banquet to be given the delegates.

## "UNQUALIFIED FAILURE"

ROCKEFELLER INDUSTRIAL PLAN SCORED BY COLORADO F. OF L. IN ANNUAL REPORT

COLORADO SPRINGS, Colo., Aug. 15.—A wide range of labor topics is dealt with in the annual report of John McLenahan, president of the Colorado State Federation of Labor, submitted to the convention of the federation here today.

The so-called "Rockefeller industrial plan," adopted by the Colorado Fuel & Iron Co., is declared to be an "unqualified failure."

The industrial commission and workmen's compensation laws of Colorado are severely criticised in some respects and praised in others. Conditions in the coal mining fields are reviewed and a glowing report is given of the growth of unionism in the state.

Generally, the report says, better feeling appears to prevail between employer and employee in the state and in the coal fields improvements noted are credited to the results of the strike of 1913-14.

## CRUDE OIL COMES DOWN

PITTSBURGH, Pa., Aug. 15.—Further reduction in the price of the principal grades of crude oil was announced today at the opening of the market, all grades being cut 5 cents a barrel except Neagland, which remained at 75c. The new prices are: Pennsylvania crude, \$2.30; Cabell, \$1.52; Cornish, Mercer Black and Newcastle, \$1.80; Somerset, \$1.65. This is the fourth cut within a month.

If you want help at home or in your business try The Sun "Want" column.

# THE RE-DISTRICTING FIGHT

Rules of Constitution Not Followed, Says Attwill—Suggests Special Session of Legislature

BOSTON, Aug. 15.—Attorney General Henry C. Attwill advised the governor and executive council today that, in his opinion, it would appear, the rules of apportionment as laid down by the constitution, had not been followed in the report of the apportionment commission for the redistricting of Suffolk county.

The attorney general suggested that a special session of the legislature might be necessary to correct the situation and extend the final date for the filing of nomination papers for the September primaries, beyond the date now

set, which is Aug. 16. He advised today, however, until the supreme court had passed on the question of the validity of the new apportionment. The matter was brought before the court yesterday when it issued an order restraining the secretary of State from preparing ballots for the primaries on Friday the courts will hear arguments on the question of making the restraining writ permanent. The court action was instituted by republicans who alleged that the redistricting was done unfairly to the advantage of the democratic party.

## NEW RECRUITS APPLY

MORE APPLICANTS FOR MILITIA SERVICE CALL ON RECRUITING OFFICERS AT ARMORY

Three more applicants for service in the militia at the Mexican border were received this morning by the recruiting officers stationed at the Lowell armory. They were:

Joseph Marcotte, 482 Suffolk street, aged 33 years. He desires to enlist in M Co., Ninth regiment, Inf., N. G. Mass.

August Geoffrey Dracut, aged 35 years. He also applied to enlist in M Co.

Charles Fortier, 73 Dalton street, who enlisted in M Co. Fortier was examined by Dr. R. W. Parker, passed

and will go to Fort Banks tomorrow morning.

According to an announcement made by Sergt. J. M. Heiser, Corp. J. B. Gill and Private G. W. Prager, the local recruiting officers, they have been given authority by the war department to enlist for Troop A, Mass. N. G., one cook, one horse shoer and one saddler. Musicians are needed in all the bands and those accepted will receive extra pay.

Sergt. Heiser and Corp. Gill motored on the latter's motorcycle to Ayer, Shilley, Pittsburg and Leominster yesterday, and made arrangements to examine recruits in those places. In order to assist in the work, the Merrimack Square theatre is running a slide to the effect that recruiting is going on here. The recruiting office at the state armory, Westford street, is open from 9 a. m. until 7:30 p. m., during which time there will be someone ready to answer all questions regarding enlistments for service at the border. All recruits who pass the medical officers' examination are forwarded to Fort Banks immediately, properly equipped and then sent for duty at the border.

## THE SHORTAGE OF PAPER

FELT ACUTELY IN FOREIGN COUNTRIES—ESPECIALLY IN ENGLAND—BOY SCOUTS SORTING PAPERS

ENGLISH BOYS SORTING OLD PAPER

Shortage of paper for printing purposes not only threatens the United States and has led the government investigation, but is felt acutely in foreign countries, especially in England. Every effort is being made to avoid waste as the picture helps to show. The lads are English boy scouts at Manchester sorting out old newspapers, magazines, posters, etc., for despatch to the mills for re-making.

## "MURDER MADE EASY"

Title Given Revolver by Westfield Judge, Who Also Calls it the Devil's Own Instrument

WESTFIELD, Aug. 15.—That a revolver is the devil's own instrument and its definition "murder made easy," was the statement of Associate Justice Robert C. Parker in district court yesterday morning. Morris Bilsky of Southwick pleaded guilty of carrying the weapon. His case was continued until Nov. 1 for sentence. Judge Parker said that if the devil had set up nights figuring some device to bring more discomfort to the human race he could not have devised anything worse than the revolver. Judge Parker is superintendent of the Methodist Sunday school here.

## CURLEY BANS CHILD LABOR

BOSTON, Aug. 15.—Mayor Curley yesterday notified the contracting firm having charge of the Roxbury and Southampton street dumps that he wished the employment of children as rag and paper pickers to be dispensed with.

The representative of the company with whom the mayor talked over the telephone stated that great difficulty was experienced in securing men for such work. The mayor replied that despite any scarcity of help he would expect the practice of employing children on the dumps to be stopped.

The complaint has been made by the sanitary and street cleaning teamsters' union that children under 11 years of age were working on the dumps. Attention was called to the danger of infantile paralysis, as well as other forms of disease, from the employment of children at the dumping places.

## GOLF CHAMPIONSHIP

CHICAGO, Aug. 15.—Related entries received today brought the field for the western open golf championship, which starts on Thursday in Milwaukee, up to 83. Tom McNamara, last year's champion, is not entered.

If you want help at home or in your business, try The Sun "Want" column.

# ITALIAN WARSHIP BLOWS UP—300 OF CREW DROWNED

The Italian Dreadnought Leonardo da Vina Caught Fire and Blew Up in Harbor of Taranto, Italy

PARIS, Aug. 15, 5.15 a. m.—The Italian dreadnought Leonardo da Vina caught fire and blew up in the harbor of Taranto, Italy, and 300 of her crew were drowned, says a Turin dispatch to the Petit Journal.

The date of the disaster is given only as a day in August. The fire, says the dispatch, was discovered in the dreadnought's kitchen and spread rapidly. The captain immediately ordered the magazines flooded and tried to beach the battleship, but one magazine exploded before this could be done. The vessel turned over on her side and a large number of the crew were thrown into the sea. It is believed that the battleship can be righted and refloated.

The Leonardo da Vina was a sister

ship of the Conte di Cavour and of the Giulio Cesare and was launched in October, 1911. Her displacement was 22,000 tons and she was 575-1-2 feet long, 91 1/2 feet beam and carried a total company of 951 men. Her main battery consisted of 13 12-inch guns and her secondary battery to stand off torpedo attack was composed of 18 4.7-in. guns. Her engines were of 24,000 horsepower designed to develop a speed of 22.5 knots.

## ITALIAN STEAMER SUNK

LONDON, Aug. 15.—Lloyds reports the sinking of the 2500-ton Italian steamship Teti in the Mediterranean. Part of the crew was landed at Genoa.

## BRITISH DESTROYER TORPEDOED

BERLIN, via London, Aug. 15.—A

German submarine torpedoed the British torpedo boat destroyer Lasso Sunday morning, according to an admiralty statement issued yesterday.

It is announced also that between Aug. 2 and 10, five British and French steamers and 10 British and French sailing craft were sent to the bottom by a German submarine.

The official statement says: "One of our submarines Sunday morning torpedoed in the British channel the British torpedo boat destroyer Lasso."

Another official announcement says: "One of our submarines torpedoed in the channel between the 2d and 10th of August seven British and three French sailing vessels and three British and two French steamers."

## STRONG AT THE OUTSET

HEADING FOREMOST FEATURE—BRITISH LOAN STRENGTHENS MARKET—MOTORS ACTIVE

NEW YORK, Aug. 15.—Wall street's firm belief in an amicable settlement of the railway labor controversy was expressed in the general strength of the market at today's opening. Reading was again the foremost feature, gaining an additional two points on numerous large transactions. Union Pacific, Canadian Pacific and New Haven were among the other active and strong rails. Munitions, equipments, coppers and miscellaneous specialties kept more moderate pace with this movement but Bethlehem Steel gained another 10 points. U. S. Steel hesitated slightly but came forward later. Sale of a single block of Anglo-French's aggregating \$350,000 featured the bond market.

The market broadened in strength in all quarters during the morning, being accelerated by statements purporting to give the main details of the new British loan. Other rails, industrials and unclassified specialties moved to higher levels. U. S. Steel attracted attention on its advance of practically a point to 59 1/4. Its top price of the year and within a fraction of its maximum for almost six years. Shares of independent steel companies also were strong and shipping stocks gained 1-1/2 to 2-1/2 points. International issues ruled the irregular bond market, dealings in Anglo-French bonds and French notes assuming extensive proportions.

Activity was well sustained during the mid-session when rails, rubbers and kindred specialties became more prominent at substantial advances. Steel also increased its gain, but rails, Canadian Pacific excepted, receded slightly.

Motor shares contributed largely to the later dealings, making favorable response to the initial quarterly dividends of 2-1/2 per cent. on Maxwell common and 6 per cent. on second preferred. The closing was strong.

OFF FOR THE BORDER

Klutz colored broadcloth is cut in this quaint shape, which is turned into a military effect by the double capes. The broken belt is stitched to match the rows zigzagging around the knees, much attesting being one of the hall marks of fall models.

# HERZOG HAS PUT LOTS OF PEP INTO THE GIANTS, SAYS TEAMMATE

NEW YORK, Aug. 15.—"Charley Herzog has certainly put the pep into the Giants," said a member of the team the other day in talking about the former manager of the Reds. "If Charley had been on the team at the beginning of the season there is no question but what the Giants would be in first place right now," continued the spokesman. "Herzog is easily the greatest third baseman in the National league. He is a corker, and McGraw is glad to have him,"

## MAYOR MAY BE REMOVED FOR SCHOOL PHYSICIAN MR. JOHN HAMMERSLEY

## CHIEF EXECUTIVE OF PONCH FORCED TEACHERS TO CONTRIBUTE TO CAMPAIGN

SAN JUAN, Porto Rico, Aug. 9. (Correspondence of the Associated Press).—Mayor Rafael Rivera Esbri of Ponce, the second largest city of the island, may be removed in view of his conviction on a charge of conspiracy to violate the civil service laws of the island in forcing political contributions from teachers in the public schools. He was sentenced to six months in jail and fined \$500 and costs. He has appealed.

At the trial, which has just been concluded, it was proved that the mayor had admitted the debt of \$25,000 of the unpaid salary of Ponce, was almost completely paid off through the system of levying assessments on the school teachers and other municipal employees.

Rivera's conviction is the most recent of a dozen or more of politicians and officials in various sections of the island who were found guilty of forcing political contributions from the island teachers. Several more remain to be tried.

## MAINE WARDEN HELD UP

BRUNSWICK, Me., Aug. 15.—Chief of Police Stetson was held up last night by a man and a woman who were traveling by automobile had held up Isaac Henry Snow, a well known fish warden and robbed him of \$50, which Mr. Snow later recovered.

Mr. Snow was standing on the corner of Haystack and Bath streets, waiting for an electric car when an automobile stopped in front of him and the man and woman got out and began asking questions regarding the road.

The man suddenly stepped behind Mr. Snow and pinned both his arms behind his back, while the woman went through his pockets and removed his wallet containing the money. Mr. Snow struggled with the man and after wrenching himself clear struck him a blow in the face which felled him to the ground. Before he could get to his feet Mr. Snow ran after the woman who had reached the automobile and succeeded in recouping his money. Mr. Snow did not stop to secure the number of the automobile, and a good description of the couple, being satisfied to escape with his money.

## RESCUED FROM DROWNING

HULL, Aug. 15.—Henry Doyle, aged about 45, a fish and lobster dealer whose place of business is 114 Atlantic avenue, Boston, had a very narrow escape from drowning off the western side of Peddocks Island at 2:15 yesterday afternoon. He was rescued by Joseph Corey, aged 14, son of Peter Corey, who lives in the Portuguese fishermen's colony on the island.

## NEW CAR STRIKE THREATENED

NEW YORK, Aug. 15.—Renewal of the strike on the surface car lines of the New York Railways company, which employs 4000 conductors and motormen and operates 1291 cars, was threatened last night unless the company reinstates more than 200 employees who were discharged, union leaders assert, because of their activities in the recent tie-up.

## SPECIAL EXAMINATION FOR POSITION IN LOWELL-VACANCIES IN BUREAU OF STATISTICS

Special to The Sun.  
STATE HOUSE, Boston, August 15.—Announcement was made by the civil service commissioners today of a special examination to be held August 31 for the position of school physician in the service of the city of Lowell. From the eligible list established by this examination an appointment will be made to fill a vacancy now existing, and others they may occur.

The examination will be open only to men and women who are registered physicians. It will include the following subjects: A sworn statement of training and experience; practice of medicine and hygiene. Successful applicants will also be subjected to a physical examination.

Only citizens of the United States who have been residents of Massachusetts for the past year, and of Lowell for the six months last past, will be permitted to take the examination. Application blanks may be obtained at the office of the commission in Boston, or from James H. Carmichael, the commission's representative in Lowell.

Bureau of Statistics  
Examinations are to be conducted by the Massachusetts civil service commission September 15, for positions as agent of the state bureau of statistics, at a salary of \$1,200 per year. The positions involve the collection and classification of data relative to labor organizations and manufacturing industries.

In its announcement of the examination, the commission says: "To be eligible for this position a man should have had practical experience in the collection and correlation of statistical data, and he should also be capable of preparing the results of investigations in the form of written reports."

"The examination will consist of a test in statistics, including the practical handling of statistics as outlined above; also arithmetic, handwriting, accuracy, spelling, and a sworn statement of training and experience."

"There are two lines of investigation. For one of these special aptitude is sought in securing and handling data pertaining to labor problems, for the other, special aptitude in securing and handling data pertaining to manufacturing industries. In each case the examination will be framed to test such aptitude. Each applicant may elect to take whichever of the two examinations he desires."

## WOMEN'S PARTY WITHDRAWS

National Women's Party Severs Relations with National American Woman Suffrage Association  
COLORADO SPRINGS, Colo., Aug. 15.—Announcement was made here today by Miss Anne Martin, chairman of the national women's party, which held a three day conference here last week that the Nevada women's civic league of which she is president, has severed its relations with the National American Woman Suffrage association. One reason given for the withdrawal was the desire to work exclusively for the Susan B. Anthony amendment.

Suffrage leaders declared that the state-by-state method pursued by the National association was regarded as futile as more than twenty state constitutions are impossible of amendment.

## BURST WINDOW GETTING JOBS

BOSTON, Aug. 15.—Twelve hundred jobless men smashed panes of glass yesterday afternoon in their eagerness to sign up as woodmen—positions that will keep them in the woods of New England and northern New York until next spring.

The men, all of whom had previously applied for positions, were told to report at 3 o'clock yesterday afternoon at the offices of the United States employment office, 13 Portland street. They descended upon the office in such crowds that the small office force soon found themselves swamped. Men were answered into the room and pushed those nearest the windows through four panes of glass. The glass crashed to the sidewalk, narrowly missing several pedestrians. Someone notified the police, but beyond the breaking of the window there was no trouble.

## CALL FOR MORE BLOOD

Supply Needed for Treatments in New York Is Short—3 1/2 Ounces Given Yesterday  
NEW YORK, Aug. 14.—After 34 1/2 ounces of blood had been taken yesterday from six persons who had recovered from infantile paralysis, to be used in the preparation of the human serum which is said to have afforded relief to the victims of the disease, the health authorities last night issued a call for more volunteers, stating that the supply of the serum is inadequate.

One of the sufferers to whom the human serum treatment is being administered is Mr. Leroy B. Vall, whose condition is said to have shown decided improvement.

William Ashman Major, president of the Independent Ironworkers' union, died from the disease yesterday at a hospital at Elizabeth, N. J. He had been in about a week and was 35 years old.

## MATRIMONIAL

James P. O'Loughlin and Miss Elizabeth Margaret O'Hare were married yesterday afternoon, the ceremony being performed at St. Peter's rectory at 5 o'clock by Rev. Dr. D. J. Keleher, pastor. The bride wore white tulle and carried a bouquet of roses. She was attended by Miss Ann O'Loughlin, sister of the bridegroom, and the best man was Frank O'Loughlin, brother of the bridegroom. After the ceremony the bride party repaired to the home of the bride's parents, Mr. and Mrs. Thomas O'Hare, 39 Prospect street, where a reception was held. Later in the evening the couple left on a honeymoon trip to New York and Atlantic City and the Sept. 1 they will be at home to their friends at 39 Prospect street.

## Carl-Johnson

Fred E. Carl and Miss Bertha Belle Johnson were married last night at the home of Mr. and Mrs. M. D. Johnson in Chelmsford, the ceremony being performed by Rev. Edward A. Robinson, pastor of the Central Congregational church. The bride was attended by her sister, Miss Nina A. Johnson, and the best man was a brother of the bridegroom, Arthur N. Carl. A reception was held in the evening and later the couple left on an extended honeymoon trip.

## MASS NOTICE

There will be a month's mind mass for the repose of the soul of our son, Francis Leo Monahan, at 8 o'clock Wednesday, Aug. 16, at St. Michael's church.

## FUNERAL NOTICE

There will be a month's mind mass for the repose of the soul of our son, Francis Leo Monahan, at 8 o'clock Wednesday, Aug. 16, at St. Michael's church.

## ONLY ONE EMPLOYEE OF THE LOCAL POSTOFFICE AFFECTED BY POSTMASTER GEN.'S ORDER

One employee of the Lowell post-office is affected by the order of Postmaster General Clegg, stating that men employed in the postoffices throughout the United States who are at the Mexican border with the Massachusetts National guard must be dropped from the roll of the postoffice department. The local man is John Hamersley, of 124 Concord street, who has been a carrier for several years. Mr. Hamersley gave up his work and joined Co. M, Ninth infantry, when the trouble with Mexico was expected.

Postmaster John F. Meehan of the local office, received the order yesterday and will undoubtedly notify Mr. Hamersley personally of the contents of the postmaster general's order, though as yet the name has not been dropped from the list.

The order, which directs that all national guardsmen in the postoffice department employ shall be dropped from the roll, specifically states, however, that the man affected shall be reinstated upon receiving honorable discharges from the army.

## DANGEROUS AILMENT

LAWRENCE, Aug. 15.—Two children are dead and a number of others are dangerously ill with a dysentery disease which is prevalent in South Boston. The disease is usually caused by a germ in milk, water or decayed fruit. The disease is very infectious and unless detected in its early stage it is, it is said, very dangerous.

## TENNIS TOURNAMENT

NEWPORT, R. I., Aug. 15.—Play in the second round of the Casino lawn tennis tournament was started today, with all of the favorites still in the running. The match between Craig Middle of Newport and N. W. Niles of Boston, was selected for the grand stand courts.

## UNITED MIXE WORKERS

INDIANAPOLIS, Ind., Aug. 15.—Nominations of candidates for offices of the United Mine Workers of America are being received daily at the international headquarters in this city. The nominations will close Aug. 29.

A number of local unions, it is understood, have elected John H. Walker, president of the Illinois Federation of Labor, former president of the Illinois miners, to oppose International President John P. White, who is also a candidate for re-election.

## MISSING GIRL FOUND

Alice Tobin, the 13-year-old daughter of Mrs. Grace Tobin, of 15 Liberty street, was disappeared from her home Saturday night with her sister's clothes packed in a grip, was found late yesterday at Revere beach. She had been at the home of a relative, she said. Two years ago the girl left home and at that time she was also found at Revere beach.

## DEATHS

PLUMMER—Westley B. Plummer died yesterday at his home in North Chelmsford, aged 75 years. He leaves his wife, Annette I. Plummer, a sister, Mrs. Willard Sherman in Maine, and a brother in Nevada. Deceased had been a resident of Tewksbury since 1872. He was a veteran of the Civil war and a member of Post 135, G.A.R., and the First Congregational church of Lowell.

CHANDLER—Mrs. Edith G. Chandler died yesterday in this city, aged 44 years. She leaves her husband, Earl W. Chandler; five sons, Paul I. Raymond, Percy W. John, J. and Theodore C. Chandler; and three daughters, Mrs. Walton of this city; her father, Albert E. Chase of Chelmsford Centre; a sister, Mrs. William Carll of Chelmsford, and a brother, H. J. Chase of Lowell. Deceased was a member of the Edith Prescott Wolcott auxiliary, Spanish War Veterans. The body was taken to the rooms of Undertakers Young & Blake.

DONOVAN—The body of Cornelius Donovan, son of Mary and the late Cornelius Donovan, arrived in Lowell yesterday from Fort Bayard, New Mexico, where he died on June 30 last, from natural causes. The burial was in St. Patrick's cemetery, in the care of Undertakers J. F. O'Donnell & Sons.

MINARD—The funeral services of Levi T. Minard were held at the home of William T. Minard, 161 Congress street, last night at 7 o'clock. The services were conducted by Rev. N. W. Matthews, pastor of the Gorham Street P. M. church. The bearers were Messrs. J. E. Barrett, Harold C. Minard, Hubert, James Loney and L. J. Berry. There was a delegation from the I. O. of M. 313, who acted as an escort to the Northern depot. The body was taken to St. Patrick's cemetery, in the care of Undertakers Young & Blake.

## FUNERALS

HAYDEN—Miss Sarah A. Hayden, a well known resident of Grantville for many years, died at her home, Aug. 14, after a long illness. Her nearest relatives were a sister, Mrs. Hattie R. Reed, with whom she lived, and Fred E. Reed, a nephew, who resides in Lowell. The funeral services were held at the home and were conducted by Rev. Alonzo S. Pite, pastor of the N. E. church. Misses Mary and Myrtle Blanchard sang, with deep feeling and expression, "Abide With Me," the Christian's Good Night, and "Somebody Loves Me." There were many floral tributes and among them were the following: Wreath of roses, gladioli and asters marked "Sister," from Mr. and Mrs. E. E. Elodgett and family; Mr. and Mrs. O. A. Nelson and Miss Nellie Conroy; A. H. Conroy and family; Mrs. M. E. Fletcher; Mr. and Mrs. J. B. Carmichael; Mr. and Mrs. Barnes; Mrs. Josephine Nutting; Mr. and Mrs. Charles H. Wright; Miss Ruth A. Wright; Mr. and Mrs. E. J. Prescott; Misses Mary Frank Collins and Berton Griffith; Mr. E. church; Mr. and Mrs. W. I. Beebe. Burial was in the family plot at St. Patrick's cemetery. The funeral was in charge of Undertakers David L. Greig & Son of Westford had charge of the funeral arrangements.

## FUNERAL NOTICE

GROUX—The funeral of Police Sergeant William Groux will take place tomorrow morning at 8 o'clock from the home of the deceased, 161 Congress street, at St. Jean Baptiste church at 9 o'clock. Friends invited. Burial in St. Joseph's cemetery. Funeral arrangements in charge of Undertakers Joseph Albert & Son.

## MASS NOTICE

There will be a month's mind mass for the repose of the soul of our son, Francis Leo Monahan, at 8 o'clock Wednesday, Aug. 16, at St. Michael's church.

## FUNERAL NOTICE

## CITY HALL NEWS

## Continued

The meeting was called to order shortly after 10 o'clock by Mayor O'Donnell with all members present. John J. O'Connor was given a hearing on his petition for permission to remove a building in Riverside street. There were no remonstrants and the petition was granted. Max Cohen was given a hearing on his petition for permission to maintain a building on the corner of 132 Powell street and the petition was referred. Other hearings were given on the following petitions: L. W. Alling, garage at 617 Westford street; Mrs. C. McLean, garage in the rear of 52 Cunningham street. The petitions were referred. The Lowell Electric Light corporation petitioned for permission to erect three poles in Farmland road between Lakeview avenue and Dalton street and for one pole location in Temple street between Hillside and Sheldon streets. Both petitions were referred. Edna E. Ramsay was appointed clerk of council.

The following petitions were read and the date of hearings set as Sept. 5 at 10 a. m.: Minnie DeReben, garage in Webster street; Alfred H. Barlow, garage in Eleventh street and Church Street Automobile corporation, garage corner of George and William streets.

## Golf Club's Petition

The petition of James J. Morton for a concrete walk in Chelmsford street was read and referred, as was that of the golf club for edgework on the Holyrood avenue. An order for the acceptance of Staples street from Westford street to the Mt. Pleasant Golf club on a petition to the club was presented and accepted. Commissioner Morse informed his colleagues that he recently conferred with Sup. Lee of the Bay State Street Railway company in relation to the paving of Westford street, for he said he intends to use the top laying of Westford street for the grading of the newly accepted street. Mr. Lees said he is not quite ready to lay his tracks in Westford street on account of the scarcity of ball.

The Lowell Motor Mart was granted a gasoline license at the corner of Tilden and Merrimack streets. Commissioner Donnelly was authorized to expend \$500 for school repairs. Commissioner Morse read a communication from the Hillside Granite company calling attention to a bill for paving blocks in 1912, which was never paid. The company asked for an opportunity to be heard by the municipal council and the city clerk was authorized to inform the officials of the company that the council will hear the argument. Mr. Morse said the bill might have been paid long ago if the city collector and the Hillside company had reached some agreement.

A communication was received from the New England Telephone Co. in reference to its petition for the relocation of poles in Woburn and Andover streets stating that if any action had been taken on this matter, the company was not aware of it. It was stated that favorable action had been taken on the petitions.

## Connell Takes Recess

At 10:30 o'clock a 15-minute recess was taken and when the council reconvened at 11:15 a petition from the Lowell Electric Light Corp. for the erection of two poles in Georgia avenue between Davenport and Pine streets was read and the date of a hearing set as Sept. 5. The health department was authorized to purchase through the purchasing agent's office two tons of stone for the city.

Commissioner Putnam criticized the Lowell Electric Light Corp. for the laying of a water pipe in back Central street without having had a location from the city engineer, saying the company had no right to do as it did. Commissioner Morse explained that the company had received permission from him in order to facilitate matters. He said after the street is repaved the company will not tear up the road, and furthermore, he said the laying of the pipe will not interfere with city mains.

Mr. Putnam said the company's pipe is very close to the city's main and if the water department attempts to make connections later, the pipe will have to be at least three feet deeper.

Mr. Morse: "You don't anticipate making any connections do you?"  
Mr. Putnam: "Well, probably in a few years, for as soon as the street is repaved I believe large buildings will be erected."

Mayor O'Donnell asked Commissioner Morse to place a flag sign at the corner of Moody and Pawtucket streets and the commissioner agreed.

## Transfer for Firemen

The matter of transferring the sum of \$3500 from a special automobile charge appropriation to the regular fire department appropriation to enable Commissioner Putnam to appoint four or five new firemen was again brought to the attention of the council by Mr. Putnam, who, after a brief explanation, moved that the transfer be made. Mr. Putnam should supply the council with the amount expended since the first of the year and the amount to be spent during the next four months.

Mr. Morse: "You mean how much money he has spent, how much stock he has on hand and how much will be needed for the remainder of the year?"  
Mr. Putnam: "It will be about \$2000 short for stocks for the remainder of the year for the expenses aggregate that of the past six months."

Mr. Morse: "My bills are always heavy during the first six months of the year, and the same condition should prevail in your department."

Mr. Dunne: "Four additional firemen will cost about \$1500 for the remainder of the year and if money is available in the department I would like to have it done that way, for I would like to avoid transferring \$3500 previously voted for a specific purpose."

Mr. Morse: "When I voted for the \$3500 appropriation I was under the impression that the chassis would be purchased right away. I favor the appointment of firemen, but cannot vote for a transfer, for if we do, next year we will have to vote for another truck."

Mr. Putnam: "Men are needed as much as apparatus and you know it, Mr. Morse."

## W. A. LEW

Steam dyeing and cleaning of ladies and gents' wearing apparel. 30 years in the business.  
49 JOHN STREET

the order was adopted. Adjournment was taken at 11:45 o'clock until Tuesday morning at 10 o'clock.  
Mayor Returned  
Mayor O'Donnell has returned from an automobile trip to the Hudson river and Narragansett Pier. His Honor, who was accompanied by his wife, returned with a beautiful tan and he reported the trip a most ideal one. He said when he crossed the New York and Connecticut line on his return trip he was stopped by a bunch of river, who inspected the auto to see if any children were being taken over the state line. During his trip the mayor paid particular attention to the highways and he informed Commissioner Morse that in many places they are doing away with macadam, wood-blocks and cement being the substitutes.

## Playgrounds

The superintendent of parks is in receipt of a cheque with the following explanatory letter from Mrs. Gladys Mellon Wheeler, a former local playground supervisor:

"Enclosed find a cheque for \$2. I wish this to be given to the supervisor of the playground, to be spent as she sees fit."  
Gladys Mellon Wheeler, 210 So. Third, Al. Vernon, N. Y.

The cheque was delivered today to Miss Anna Haggerty, who is in charge of the city street playground.

The owners of the Kasino in Thorndike street have placed their large hall at the disposal of the playground supervisors for folk dancing, the hall being available every afternoon during the playground season.

## TO EXHUME BRIDE'S BODY

BOSTON, Aug. 15.—The body of Mrs. Emma Bostwick O'Donnell, buried at Mt. Hope cemetery, will be exhumed for the purpose of having an autopsy performed upon her by Medical Examiner Magrath. Dist. Atty. Pelletier yesterday decided to permit the removal of the body from the grave for the purpose stated upon the return of the body to the city.

Mr. O'Donnell was the aged wife of Mr. Louis P. O'Donnell of Melrose, and died on a train at Utica, N. Y., on her homeward trip to California, the day after her marriage.

## BACK FROM CHICAGO

Mrs. James Egan of 809 Gorham st. has returned from Chicago with her daughter Helen and Irene, who they spent two months with relatives. They had a most enjoyable time during their stay, they were entertained by the "B.M.C." club last evening when Mrs. Egan was presented an elegant set glass water set. The evening was followed by refreshments. About 30 friends were present.

## HAS SON IN LOWELL

MANCHESTER, N. H., Aug. 15.—Dennis Griffin, a veteran of the Civil war, died Monday morning at his home, 65 Cedar street, at the age of 85 years. He had been a resident of Manchester more than 60 years and enlisted here in Co. L, First New Hampshire heavy artillery.

For many years, while advancing age necessitated his retirement from active work, he was foreman of a street gang of the People's Gas Light company.

He is survived by his wife, Elizabeth; two sons, Michael Griffin of this city, and Dennis Griffin of Lowell, Mass.; a son-in-law, Capt. Timothy Sullivan of this city; and a daughter, Miss Nellie Griffin.

## INDUSTRIAL AND STORE NEWS

The members of the Slasher Tenders' union held an interesting meeting last evening and discussed the matter of securing a readjustment of wages and conditions in all mills of the city. At the close of the discussion it was voted to hold a special meeting Saturday afternoon at 3 o'clock for further discussion. Other business was transacted and delegates were elected to the Trades and Labor council.

## Organizer Returned

Organizer Thomas F. McMahon of the United Textile World to get America returned to Lowell last night after being part in the settlement of the Assaelt mill strike at Maynard. He reported that the 2400 employees who were out on strike returned to work this morning after an agreement on the part of the mill officials to recognize the union and modify working conditions.

## New Banner

The members of Local 953, Woolen Spinners, have purchased a handsome banner, which will be used for the first time in the Labor day parade.

## Financial Statement

The following is a statement of the American Engraving Service Co. with which the Lamson Consolidated Store Service Co. of this city is connected:

## EAGLES' CAUSE

SAVANNAH, Ga., Aug. 15.—With thousands of delegates from all parts of the United States in attendance, the 15th annual convention of the Grand Aerie of the Fraternal Order of Eagles today was prepared to get down to work. The grand aerie is to receive reports on the manner in which chapters made in the constitution of the order last year have worked out.
